Earthing the Cosmic Christ of Ephesians--The Universe, Trinity, and Zhiyi's Threefold Truth, Volume 4 John P. Keenan, 2024-02-26 In a Tiantai theology conventional truth is conventionally arisen which means that such truth is never set once and for all but is to be cherished and rethought in new circumstances whether interreligious or scientific but always in critical consonance with its ancient embodiments Contexts shift frameworks but life in Christ is translatable across cultures Christian faith and theology discourage the assumption that the point of it can be clearly pinned down God's appearance to Elijah out of the whirlwind is an eternal reminder of the paltriness of all human perspectives Symbolic worlds of faith and wisdom are not themselves finished products Because it has a past and a future the cosmos itself is unfinished Christian creeds ought not be defended as last word ideological positions and bastions against relativity but instead recognized in their cultural contexts and affirmed as grammars of communal and personal assent [Earthing the Cosmic Christ of Ephesians--The Universe, Trinity, and Zhiyi's Threefold Truth, Volume 5](#) John P. Keenan, 2025-06-12 This series reads Ephesians within its post Paul trajectory but considers it also in light of a Mahayana Buddhist hermeneutic that is likely unfamiliar to most New Testament scholars New Testament specialists rarely stray into theological issues outside the Jewish Christian context although that context itself is more and more distant from readers today Academicians are prone to make universal affirmations and claims and yet it seems that few scholars of Christianity consider the theological universe that exists beyond the bounds of their own familiar guild And the rare attempts to look East beyond those bounds often result in caricatures of Buddhists and their teachings much as early New Testament scholars caricatured the Jews Even more commonly such distant foreign traditions and their theologies are simply ignored as though the history of the Christian presence in the eastern Mediterranean basin were coterminous with the entire world of meaning Certainly one is no more likely to make a name in New Testament scholarship by pondering Chinese Buddhism than to become famous in the field of Buddhology by engaging with a Greek New Testament text Nevertheless it is good fun John P Keenan [The Oberammergau Passion Play](#) Kevin J. The Gospel of Thomas Ross Andrews,2013-04-01 The Gospel According to Thomas commonly shortened to the Gospel of Thomas is a well preserved early Christian non canonical sayings gospel which many scholars believe provides insight into the Oral gospel traditions It was discovered near Nag Hammadi Egypt in December 1945 in one of a group of books known as the Nag Hammadi library The Gospel of Thomas was found among a collection of fifty two writings that included in addition to an excerpt from Plato's Republic gospels claiming to have been written by Jesus's disciple Philip Scholars have speculated that the works were buried in response to a letter from Bishop Athanasius who for the first time declared a strict canon of Christian scripture 1 The Coptic language text the second of seven contained in what modern day scholars have designated as Codex II is composed of 114 sayings attributed to Jesus 2 Almost half of these sayings resemble those found in the Canonical Gospels while it is speculated that the other sayings were added from Gnostic tradition 3 Its place of origin may have been Syria where Thomasine traditions were strong 4 The introduction states These are the hidden words that the living Jesus spoke and Didymos Judas Thomas wrote them down 5 Didymus Greek and Thomas Aramaic both mean twin Some critical scholars suspect that this reference to the Apostle Thomas is false and that therefore the true author is unknown 6 It is possible that the document originated within a school of early Christians possibly proto Gnostics 7 Some critics further claim that even the description of Thomas as a gnostic gospel is based upon little other than the fact that it was found along with gnostic texts at Nag Hammadi 8 The name of Thomas was also attached to the Book of Thomas the Contender which was also in Nag Hammadi Codex II and the Acts of Thomas It is important to note however that while the Gospel of Thomas does not directly point to Jesus divinity it also does not directly contradict it and therefore neither supports nor contradicts gnostic beliefs When asked his identity in the Gospel of Thomas Jesus usually deflects ambiguously asking the disciples why they do not see what is right in front of them This is similar to passages in the canonical gospels like John 12:16 and Luke 18

34 The text itself however continuously reflects Gnostic teachings by continuously referring to Jesus's sayings as secret and mysterious which were common gnostic catchphrases *The Gospel of Thomas* Uwe-Karsten Plisch, 2008 The Gospel of Thomas a collection of words of Jesus is one of the most significant extrabiblical texts of the early Christian era This edition presents the texts in the classical languages and provides an English translation and a readily readable commentary It includes An introduction to the Gospel of Thomas The complete Coptic text The text of the Greek fragments and a Greek retranslation of all logia with parallel texts from the canonical gospels An English translation An extensive commentary Illustrations of the Coptic manuscript An appendix with an index and bibliography The introduction and commentary do not assume knowledge of the classical languages making the Gospel of Thomas accessible to a broad audience Dr Uwe Karsten Plisch is a renowned specialist in extrabiblical texts of the early Christian era 2nd 3rd centuries He participates in the German translation of the texts from Nag Hammadi **The Gospel of Thomas** Thomas Lambdin, 2018-08-26 The Gospel According to Thomas is an early Christian non canonical sayings gospel that many scholars believe provides insight into the oral gospel traditions It was discovered near Nag Hammadi Egypt in December 1945 among a group of books known as the Nag Hammadi library Scholars speculate that the works were buried in response to a letter from Bishop Athanasius declaring a strict canon of Christian scripture The Coptic language text the second of seven contained in what modern day scholars have designated as Codex II is composed of 114 sayings attributed to Jesus Almost half of these sayings resemble those found in the Canonical Gospels while it is speculated that the other sayings were added from Gnostic tradition Its place of origin may have been Syria where Thomasine traditions were strong The introduction states These are the hidden words that the living Jesus spoke and Didymos Judas Thomas wrote them down Didymus Greek and Thomas Aramaic both mean twin Some critical scholars suspect that this reference to the Apostle Thomas is false and that therefore the true author is unknown

The Gospel of Thomas and the Acts of Thomas (Chinese Edition) Catherine Lam, 2016-02-08 The Gospel of Thomas and The Acts of Thomas are two classic Christian texts First discovered in Egypt in 1945 The Gospel of Thomas is a record of Jesus original words according to his disciple Thomas Their various translations are now compiled and presented in Chinese for the first time A series of comments are also supplied to help readers better understand the similarities between Jesus teachings and various Oriental and Western philosophies The apocryphal book The Acts of Thomas closely connected to The Gospel of Thomas was used by the Christians at the beginning of the 3rd century The first mentioned document revealed the missionary work of the apostle at Edessa where the earthly remains of Thomas were brought from Madras in 163 The apocrypha wrote about Jesus life after leaving Palestine The Acts of Thomas Acta Thomae was written in the beginning of the second century by Leucius who was also the author of other apocryphal Acts This work was based on the letters from Thomas himself and was on the information received from an embassy from South India that reached Rome after passing through Edessa and Jerusalem The whole text was collected in 368 by Epiphanius the Bishop of Salamina though it was referred to

and quoted much earlier The Acts of Thomas was accepted and read together with The Gospel of Thomas in all churches until the decree of Pope Gelasius 495 when it was declared as heretical the real cause being the fact that it establishes the presence of Jesus long after His resurrection Nevertheless it is read and accepted even today by the Assyrian Church Most recently it was published in 1823 by Thilla and in 1851 by Tischendorf The English translation from Syriac was translated by Dr W Wright in 1871 Like John Thomas was a favourite disciple of the Saviour His full name was Didymos Judas Thomas which means Judas the Twin John 20 24 Didymos is the Greek equivalent of the Aramaic Thomas In the Arabic literature he is referred to as Ba dad or Ba bad meaning also twin The word twin in the Coptic texts was often replaced by companion The Acts of Thomas shows the special relation between Christ and this disciple Jesus Himself used to say I am the brother of Judas AT 11 The Syriac version AT 39 called Thomas Twin of the Messiah and Apostle of the Most High and sharer in the hidden word of the Life giver and receiver of the secret mysteries of the Son of God while other version ended by who shares in the knowledge of the hidden word of Christ recipient of His secret pronouncements Hippoclytus Bishop of Portus who was one of the earliest Christians historians wrote Thomas preached to the Parthians Medes Persians Bactrians Indians Hyrcaneans and was thrust with a spear at Calamania the city of India and was buried there Calamania was the ancient name of the Malabar Coast in India Traditionally Thomas has been regraded as the apostle in Mesopotamia and India and the house of St Thomas is in the city of Malapore

The fifth Gospel Stephen J. Patterson, James McConkey Robinson, Hans-Gebhard Bethge, 1998-11-01 The best text and the best translation of the Gospel of Thomas are presented in this user friendly form In addition two essays have been included for those who may be unfamiliar with this new Gospel or with the events that led to its discovery and publ

A Common Written Greek Source for Mark and Thomas John Horman, 2011-02-25 This book uncovers an early collection of sayings called N that are ascribed to Jesus and are similar to those found in the Gospel of Thomas and in Q a document believed to be a common source with Mark for Matthew and Luke In the process the book sheds light on the literary methods of Mark and Thomas A literary comparison of the texts of the sayings of Jesus that appear in both Mark and Thomas shows that each adapted an earlier collection for his own purpose Neither Mark nor Thomas consistently gives the original or earliest form of the shared sayings hence Horman states each used and adapted an earlier source Close verbal parallels between the versions in Mark and Thomas show that the source was written in Greek Horman s conclusion is that this common source is N This proposal is new and has implications for life of Jesus research Previous research on sayings attributed to Jesus has treated Thomas in one of two ways either as an independent stream of Jesus sayings written without knowledge of the New Testament Gospels and or as a later piece of pseudo Scripture that uses the New Testament as source This book rejects both views

The Gospel According to Thomas Antoine Guillaumont, 1959 This document is a collection of Logia a harvesting of about 114 Sayings of Jesus together with a prologue which stresses the esoteric character of the sayings and attributes their recording and preservation to the apostle

Didymus Jude Thomas Many of the sentences are identical with the Logia of the Synoptic Gospels or are closely related to them Nevertheless there are differences of detail which merit discussion and can often be elucidated as due to a particular source or tradition The other sayings on the contrary are extra canonical Among these are certain agrapha which are already known or can now be recognised in ancient or mediaeval literature from patristic gnostic Manichean or even Catharist sources In particular the sayings written in Greek which are found in more or less mutilated form in three papyri from Oxyrhynchus appear with certain variations but assembled and arranged in similar manner in three different parts of The Gospel according to Thomas It is probable that extracts from apocryphal gospels such as the Gospel according to the Hebrews and the Gospel according to the Egyptians are also preserved in it Besides this the collection comprises many Logia which are quite new and have never before been seen

The Fifth Gospel (New Edition) Stephen J. Patterson, James M. Robinson, Hans-Gebhard Bethge, 2011-10-27 *Thomas and Tatian* Nicholas Perrin, 2002 This book proposes that the Gospel of Thomas depends on the second century Syriac Diatessaron rules out Thomas as a meaningful source for Historical Jesus research and suggests links between Thomas and other literature of the ancient near east Paperback edition is available from the Society of Biblical Literature www.sbl-site.org *The Gospel of Thomas* Richard Valantasis, 1997 For the first time this volume offers a commentary of the Gospel of Thomas which has previously been accessible only to theologians and scholars

The Infancy Gospel of Thomas (Annotated) James Orr, 2016-10-01 This Gospel gives the account of the sayings and doings but specially of the miracles of Jesus in His boyhood up to His twelfth year The reference to one of the stories in Irenaeus above p vi shows that the work originated in Gnostic circles and was in use in substance in the second half of the second century It is cited by Origen Hom i in Luc and after him frequently by Fathers of the Church We do not however possess the Gospel in its original form but only in much later Catholic recasts two of them Greek one Latin and one Syriac Of the first and longer Greek version that adopted in this volume several MSS exist the second Greek version is much abbreviated the Latin on the other hand is considerably enlarged The two latter versions were discovered by Tischendorf as also a third closely related version which he took to be a continuation of Pseudo Matthew The Syriac version of Dr Wright is again short and omits extensive portions The character of the stories which make up the Gospel has already been described The spirit which pervades them is well expressed in the remonstrance to Joseph of the parents whose child Jesus had killed Since thou hast such a child it is impossible for thee to live with us in the village or else teach Him to bless and not to curse for He is killing our children chap iv and in the saying in chap viii And no one after that dared to make Him angry lest He should curse him and he should be maimed Only three or four miracles of mercy occur chaps vii viii xiv xv In addition to the stories of miracles in the other versions the Latin version has one of Jesus making a dried fish to breathe and swim

Four Other Gospels

John Dominic Crossan, 2008-03-01 The four canonical gospels are long set in established sequence as Matthew Mark Luke and John This book is about four other gospels the Gospel of Thomas the Secret Gospel of Mark the Gospel of Peter and Egerton Papyrus 2 These four other gospels have generally been regarded as mere digests or collages of the canonical gospels whereas in fact as Professor Crossan persuasively shows the four others hold within their mutilated fragments independent or earlier traditions than those tradition has canonized Four Other Gospels proposes a spectrum of relations between the canonical gospels and these others This spectrum ranges from the Gospel of Thomas which is a parallel and independent tradition to Egerton Papyrus 2 on which both John and Mark are dependent to the Secret Gospel of Mark on which Mark directly and John indirectly are dependent and on to the Gospel of Peter which contains an original Passion Resurrection source used by all four of the canonical gospels but which submitted to their eventual ascendancy by attempting a harmonization between it and them and placed the new complex under the authority and authorship of Simon Peter Four Other Gospels does not propose a new or alternative canon The canon is a fact both of history and of theology But the thesis of this book is that anyone who takes the four other gospels seriously and thoughtfully will never again be able to read the four canonical gospels in quite the same way A new light has been shed

The Gospel Of Thomas Thomas the Apostle, Tommaso (san), 2024 The Gospel of Thomas also known as the Coptic Gospel of Thomas is an extra canonical sayings gospel It was discovered near Nag Hammadi Egypt in December 1945 among a group of books known as the Nag Hammadi library Scholars speculate that the works were buried in response to a letter from Bishop Athanasius declaring a strict canon of Christian scripture Scholars have proposed dates of composition as early as AD 60 and as late as AD 250 Thomas the Apostle also called Didymus twin was one of the Twelve Apostles of Jesus according to the New Testament Thomas is commonly known as Doubting Thomas because he doubted Jesus resurrection when first told of it as related in the Gospel of John alone later he confessed his faith My Lord and my God on seeing Jesus crucifixion wounds According to traditional accounts of the Saint Thomas Christians of modern day Kerala in India Thomas is believed to have travelled outside the Roman Empire to preach the Gospel travelling as far as the Malabar Coast which is in modern day Kerala State India According to their tradition Thomas reached Muziris modern day North Paravur and Kodungalloor in Kerala State India in AD 52 In 1258 some of the relics were brought to Ortona in Abruzzo Italy where they have been held in the Church of Saint Thomas the Apostle He is often regarded as the patron saint of India among its Christian adherents and the name Thomas remains quite popular among the Saint Thomas Christians of India

Thomas, the Other Gospel Nicholas Perrin, 2007-06-14 Since its discovery in the mid 1940s the Gospel of Thomas has aroused the interest of scholars and general readers alike Thomas the Other Gospel provides a clear comprehensive nontechnical guide through the scholarly maze of issues surrounding the Coptic text Nicholas Perrin argues that the Gospel derives not from the era of Jesus or even the apostles but from the late second century CE Further contrary to what many scholars believe he maintains that the Gospel

was originally written in Syriac rather than in Greek and he concludes that the real value of the Gospel of Thomas lies not in what it might be thought to say about the real Jesus but in what it tells us about early Christianity
