**In Search of Japan's Hidden Christians** John Dougill, 2016-09-15 In Search of Japan's Hidden Christians is a remarkable story of suppression, secrecy and survival in the face of human cruelty and God's apparent silence. Part history, part travelogue, it explores and seeks to explain a clash of civilizations of East and West that resonates to this day. For seven generations, Japan's Hidden Christians preserved a faith that was forbidden on pain of death. Just as remarkably, descendants of the Hidden Christians continue to practise their beliefs today, refusing to rejoin the Catholic Church. Why? And what is it about Japanese culture that makes it so resistant to Western Christianity? [Spring Castle](#) Michiko Ishimure, 2025-11-25 An eloquent translation of Ishimure's most powerful novel, Spring Castle takes readers on a fascinating journey back to the 17th century, skillfully weaving together narratives that uncannily resonate with many of the challenges facing us today. Karen L. Thornber, Professor of East Asian Languages and Civilizations, Harvard University

**Reimagining Faith and Management** Edwina Pio, Robert Kilpatrick, Timothy Pratt, 2021-03-23 Much contemporary research ignores or is dismissive of the growth of global religiosity, even though 90% of the global population sees the world through a commitment to some kind of faith. Reimagining Faith and Management addresses this issue and extends the research on the impact of faith in the various aspects of management, such as negotiation, leadership, entrepreneurship, governance, innovation, ethics, finance, and careers. Faith impacts how individuals and organisations envision, manage and respond to their various stakeholders, communities, the natural environment and the world around them. This book presents various facets of how faith, values and/or ideological outlook which informs, influences and adds mystery that inspires and impels individuals and organisations. The twenty-one chapters are based on academic research and offer practical managerial recommendations. The book is divided into three sections: Faithful futures impacting individuals, Faithful futures impacting organisations, and Faithful futures impacting society. Each chapter presents a theoretical base and includes practical implications. The book is therefore ideal reading for educators, researchers and students of business management, career studies, faith-based organisations, corporate governance and business ethics, as well as religious studies, including applied theology.

**A Philosophical Exploration of the Humanities and Social Sciences** Giorgio Baruchello, Ársæll Már Arnarsson, 2022-11-07 Humor has been praised by philosophers and poets as a balm to soothe the sorrows that outrageous fortune's slings and arrows cause inevitably, if not incessantly, to each and every one of us. In mundane life, having a sense of humor is seen not only as a positive trait of character but as a social prerequisite without which a person's career and mating prospects are severely diminished, if not annihilated. However, humor is much more than this, and so much else. In particular, humor can accompany cruelty, inform it, sustain it, and exemplify it. Therefore, in this book, we provide a comprehensive, reasoned exploration of the vast literature on the concepts of humor and cruelty, as these have been tackled in Western philosophy, humanities, and social sciences, especially psychology. Also, the apparent cacophony of extant interpretations of these two concepts is explained, as the

inevitable and even useful result of the polysemy inherent to all common sense concepts in line with the understanding of concepts developed by M Polanyi in the 20th century Thus a thorough nuanced grasp of their complex mutual relationship is established and many platitudes affecting today s received views and scholarship are cast aside Like Aristotle and Dewey Arnarsson and Baruchello do not define their terms at the outset but instead they relentlessly pursue the meanings of two ordinary words that everyone vaguely understads to arrive at a critical insight into the concepts these words represent which are both disparate and interrelated Richard Marc Rubin President George Santayana Society *Nuevos diálogos* María Elvira Ríos,Gonzalo Maire,Pablo Álvarez,Isabel Cabaña,Matilde Gálvez,2019-07-03 Nuevos di logos Asia y frica desde la mirada latinoamericana es un libro que resalta sus cualidades en un propio t tulo haciendo de s mismo una invitaci n doble al lector hace coincidir en el espacio de la difusi n del saber una aproximaci n actualizada y multidisciplinar sobre los estudios que en los mbitos local y continental se est n gestando acerca de frica y Asia al tiempo que representa un matiz ilustrativo de los intereses y los problemas que conducen a la comunidad acad mica latinoamericana a explorar ambas constelaciones geogr ficas y culturales *The Beginning of Heaven and Earth* Christal Whelan,1996-09-01 In 1865 a French priest was visited by a small group of Japanese at his newly built church in Nagasaki They were descendants of Japan s first Christians the survivors of brutal religious persecution under the Tokugawa government The Kakure Kirishitan or hidden Christians had practiced their religion in secret for several hundred years Sometime after their visit the priest received a copy of the Kakure bible the Tenchi Hajimari no Koto Beginning of Heaven and Earth an intriguing amalgam of Bible stories Japanese fables and Roman Catholic doctrine Whelan offers a complete translation of this unique work accompanied by an illuminating commentary that provides the first theory of origin and evolution of the Tenchi Today the few Kakure Kirishitan communities still in existence view the Tenchi as strange and flawed expressing a distorted form of Christianity It is however the only text produced by the Kakure Kirishitan that depicts their highly syncretistic tradition and provides a colorful window through which to examine the dynamics of religious acculturation *Japan's Hidden Christians* Stephen R. **Hidden Christians in Japan** Kirk Sandvig,2020 Hidden Christians in Japan Breaking the Silence examines the contemporary issues facing hidden Christian communities in Japan looking at how these issues have resulted in the discontinuation of hidden Christian practices and how these communities adapt to their changing communities For those who have disbanded or are deciding to disband this book examines the ways these groups deal with keeping both the traditions and rituals of the hidden Christians alive and how it affects their communal identity as a whole The way these communities choose to either leave their practices behind as a forgotten legacy of their ancestors or publicly preserve their artifacts and traditions through various means can have a dramatic impact on how the world is able to finally understand their views but more importantly how hidden Christian communities cope with the loss for these familial traditions *Japan's Hidden Christians* Ann Harrington,1993 **Japan's hidden Christians : 1549 - 1999. 2. Suharu Ogawa, 2010 My research analyzes the complexity of a hybrid style used in the paintings of the Hidden Christians of the Ikitsuki Island during Japan's anti Christian era ca 1640 1873 Approximately one hundred years after the Jesuit's introduction of Christianity to Japan in 1549 the Japanese government issued numerous bans on Christianity followed by a series of persecutions and deportations Some devotees resisted the government decrees and chose to disguise themselves as non Christians to survive Known today as Hidden Christians these people continued to practice their faith while altering their religious expressions Often thought of as a symbol of defeat and compliance to the government the paintings of Hidden Christians of the Ikitsuki Island diverged from the conventional Christian images created by the missionary studios established in Japan and incorporated some of the local visual elements and symbolisms This thesis applies the postcolonial theory of mimicry to shed light on the elements of resistance and subversion found in the Hidden Christian icons In addition it examines the Jesuits missionary approaches and the use of their Spiritual Exercises in Japan to demonstrate the Ikitsuki Hidden Christians ability to appropriate their faith through their unique visual expression within the context of their reality *Committment and Denial* Andrew E.
