The Subject of Revolution Jennifer L. Lambe, 2024-08-27 From television to travel bans geopolitics to popular dance The Subject of Revolution explores how knowledge about the 1959 Cuban Revolution was produced and how the Revolution in turn shaped new worldviews Drawing on sources from over twenty archives as well as film music theater and material culture this book traces the consolidation of the Revolution over two decades in the interface between political and popular culture The subject of Revolution it proposes should be understood as the evolving synthesis of the imaginaries constructed by its many subjects including revolutionary leaders activists academics and ordinary people within and beyond the island's borders The book reopens some of the questions that have long animated debates about Cuba from the relationship between populace and leadership to the archive and its limits while foregrounding the construction of popular understandings It argues that the politicization of everyday life was an inescapable effect of the revolutionary process as well as the catalyst for new ways of knowing and being

Recognition Politics Lorenza B. Fontana, 2023-01-05 This pioneering work explores a new wave of widely overlooked conflicts that have emerged across the Andean region

coinciding with the implementation of internationally acclaimed indigenous rights Why are groups that have peacefully cohabited for decades suddenly engaging in hostile and at times violent behaviours What is the link between these conflicts and changes in collective self identification claim making and rent seeking dynamics And how in turn are these changes driven by broader institutional legal and policy reforms By shifting the focus to the post recognition this unique study sets the agenda for a new generation of research on the practical consequences of the employment of ethnic based rights To develop the core argument on the links between recognition reforms and recognition conflicts Lorenza Fontana draws on extensive empirical material and case studies from three Andean countries Bolivia Colombia and Peru which have been global forerunners in the implementation of recognition politics Guerras, paces y vidas entrelazadas Prieto Sanabria, Juan Diego, 2012-09-01 En los últimos años las víctimas del conflicto y los excombatientes desmovilizados se han convertido en actores centrales del conflicto armado en Colombia A veces se habla de proyectos productivos y hasta matrimonios entre unos y otros y generalmente se hace referencia a conceptos como la reconciliación o el perdón Otras veces se plantea una división radical entre víctimas y victimarios que solo la justicia transicional puede remediar Sin embargo es poco lo que se conoce acerca del contacto y las relaciones cotidianas que se producen entre víctimas excombatientes y los demás habitantes de las zonas donde viven Este libro presenta los hallazgos de una investigación llevada a cabo en 2010 en las localidades de Bosa y Kennedy en Bogotá la comuna 1 de Medellín y un conjunto de barrios de Valledupar mediante entrevistas con víctimas excombatientes y otros habitantes de estas zonas Aunque se trata de una situación problemática y frágil las relaciones cotidianas entre estas personas suelen ser pacíficas y se producen espontáneamente Dicho contacto está marcado principalmente por las intersecciones de sus vivencias pasadas en el conflicto y por las situaciones de precariedad económica que comparten actualmente La pertinencia de conceptos como el perdón y la relación entre esta coexistencia local y los procesos nacionales de justicia transicional parecen ser mucho menos claras Esta obra hace un aporte invaluable a nuestra comprensión de uno de los retos más importantes para la construcción de paz en Colombia hoy en día El reto consiste en cómo se desarrollan en lo local las relaciones entre comunidades atravesadas por las múltiples dinámicas de la guerra y dentro de estas Con base en un marco conceptual que pone a dialogar diferentes disciplinas una encuesta entrevistas juiciosas y una rigurosa observación en campo de comunidades que albergan víctimas y desmovilizados el autor nos propone reflexiones que riñen con los saberes establecidos y nos motivan a indagar más y más profundamente en las perspectivas para la reconciliación en el país *Drag Kings* B.
