Mass Media and the Genocide of the Armenians Stefanie Kappler, Sylvia Kasparian, Richard Godin, Joceline Chabot, 2016-03-29 The role of the mass media in genocide is multifaceted with respect to the disclosure and flow of information This volume investigates questions of responsibility denial victimisation and marginalisation through an analysis of the media representations of the Armenian genocide in different national contexts Armenian and Jewish Experience between Expulsion and Destruction Sarah M. Ross, Regina Randhofer, 2021-11-22 Jews and Armenians are often perceived as peoples with similar tragic historical experiences Not only were both groups forced into statelessness and a life outside their homelands for centuries in the 20th century in the shadow of war they were threatened with collective annihilation Thus far academic approaches to these two classical diasporas have been quite different Moreover Armenian and Jewish questions posed during the 19th and 20th centuries have usually been treated separately The conference We Will Live After Babylon that took place in Hanover in February 2019 addressed this gap in research and was one of the first initiatives to deal directly with Jewish and Armenian historical experiences between expulsion exile and annihilation in a comparative framework The contributions in this volume take on multidisciplinary approaches relating to the conference's central themes diaspora minority issues and genocide *Media, Diaspora and Conflict* Janroj Yilmaz Keles, 2015-08-21 For migrant communities residing outside of their home countries various transnational media have played a key role in maintaining reviving and transforming ethnic and religious identities A vital element is how media outlets report and represent ethno national conflict in the home country Janroj Yilmaz Keles here examines how this plays out among Kurdish and Turkish communities in Europe He offers an analysis of how Turkish and Kurdish migrants in Europe react to the myriad mediated narratives A vital element is how media outlets report and represent the ethno national conflict between the Turkish state and the Kurdish PKK Janroj Yilmaz Keles here offers an examination of how Turkish and Kurdish migrants in Europe react to the myriad narratives that arise Taking as his starting point an analysis of the nature of nationalisms in the modern age Keles shows how language is often a central element in the struggle for hegemony within a state The media has become a site for the clash of representations in both Turkish and Kurdish languages especially for those based in the diaspora in Europe These virtual communities connected by television and the internet in turn influence and are influenced by the way the conflict between the Turkish state and subaltern Kurds is played out both in the media and on the ground By looking at first second and third generations of Turkish and Kurdish populations in Europe Keles highlights the dynamics of migration settlement and integration that often depend on the policies of each settlement country Since these settlement states often see the proliferation of such media as an impediment to integration *Media Diaspora and Conflict* offers timely analysis concerning the nature of diasporas and the construction of identity **Promoting Peace, Inciting Violence** Jolyon Mitchell, 2013-01-04 This book explores how media and religion combine to play a role in promoting peace and inciting

These results further disclosed that there were transgenerational transmissions e.g. transference and transgenerational e.g. across generations cultural trauma e.g. anger, distress, fear, and hopelessness due to the Armenian Genocide and the denial of the Armenian Genocide. Discussion: These results may serve to expand the literature in understanding not only the impacts the Armenian Genocide had on survivors but also the impact it had on all other Armenians e.g. non survivors and may further help to expand on the Armenian Genocide and the denial of the Armenian Genocide and its impact on transgenerational trauma within the Armenian community.

Affirmation of the United States Record on the Armenian Genocide Resolution United States. Congress. House. Committee on Foreign Affairs. Subcommittee on Asia, the Pacific, and the Global Environment, 2008. *Crimes Against Humanity and Civilization*, 2004. **The Politics of Naming the Armenian Genocide** Vartan Matiossian, 2022-12. This book explores the genealogy of the concept of Medz Yeghern Great Crime the Armenian term for the mass murder and ethnic cleansing of the Armenian ethno religious group in the Ottoman Empire between the years 1915-1923. Widely accepted by historians as one of the classical cases of genocide in the 20th century ascribing the right definition to the crime has been a source of contention and controversy in international politics. Vartan Matiossian here draws upon extensive research based on Armenian sources neglected in much of the current historiography as well as other European languages in order to trace the development of the concepts pertaining to mass killing and genocide of Armenians from the ancient to the modern periods. Beginning with an analysis of the term itself he shows how the politics of its use evolved as Armenians struggled for international recognition of the crime after 1945 in the face of Turkish protest. Taking a combined historical, philological, literary and political perspective the book is an insightful exploration of the politics of naming a catastrophic historical event and the competitive nature of national collective memories.

United States Official Documents on the Armenian Genocide Ara Sarafian, 1994. [Through the Eyes of the Post](#) Jessica L. Taylor, 2009. **Factfile on the Armenian Genocide** Campaign for Recognition of the Armenian Genocide, 2003. **Genocide of Armenians** Göran Gunner, 2013. **The Armenian Genocide** Paula Johanson, 2017-12-15. The systematic extermination of about 1.5 million Armenians by the Ottoman government during and after WWI inspired the formulation of a new term that would come to haunt the modern civilized world: genocide. It was a harbinger of other genocides that would deeply scar and stain the twentieth century. To this day Turkey denies the genocide instead claiming that the victims died of starvation or the violence of isolated gangs or the unintended effects of legitimate deportation. These ongoing denials and evasions have generated enormous debate, criticism and controversy within and without Turkey, all of which is laid out here for readers to sift through and evaluate and within which they may pursue and locate the truth.
