The Joyful Mystery: Field Notes Toward a Green Thomism Christopher J. Thompson, 2017 The gift of this beautiful earth is not to be ignored or regretted instead this world is the central setting in which the Christian life is to be attentively lived and faithfully pursued Regard for creation and its creatures has been a perennial part of Christian spirituality for centuries In more recent decades it has been the special concern of Catholic social teaching Yet many Catholics today are unfamiliar with this aspect of Church thought And until the splendor of creation is recovered the path to a vibrant Catholic culture seems cut off The Joyful Mystery seeks to revive the Church's practice of integral ecology and encourages a deeper awareness of the presence of God the Creator and Lord of the universe In it author Christopher Thompson draws from the wisdom of St Thomas Aquinas and the Green Thomism he inspires in contemporary life Readers will come away moved by the presence of God manifest in his glorious cosmos and be drawn to integral ecology as a spiritual response **America on Trial,**

Expanded Edition Robert Reilly, 2022-02-01 The Founding of the American Republic is on trial Critics say it was a poison pill with a time release formula we are its victims Its principles are responsible for the country's moral and social disintegration because they were based on the Enlightenment falsehood of radical individual autonomy In this well researched book Robert Reilly declares not guilty To prove his case he traces the lineage of the ideas that made the United States and its ordered liberty possible These concepts were extraordinary when they first burst upon the ancient world the Judaic oneness of God who creates ex nihilo and imprints his image on man the Greek rational order of the world based upon the Reason behind it and the Christian arrival of that Reason Logos incarnate in Christ These may seem a long way from the American Founding but Reilly argues that they are in fact its bedrock Combined they mandated the exercise of both freedom and reason
