Web 2.0 for Business Bruce A. White,Andrew Pauxtis,2010 The popularity of blogs wikis and social networking demands a strong understanding of the hot Web 2 0 applications that are relevant today and this book provides the underlying concepts and business applications of these new tools Includes engaging and challenging projects so readers can learn to put concepts to action Features case studies throughout the chapters to provide a real world perspective on the material and special sections focus on how an application can be effectively utilized on the job

Technical Manual United States. War Department,1946

The Complete Guide to Wikis T. Brian Chatfield,2009 In this book you will learn everything you need to know to unlock the potential of the Wiki format The top secrets techniques and strategies used by Wiki operators every day are showcased here in a way that makes it possible for the ordinary person to pick up a Web site and start writing right away sharing or gathering knowledge for the entire world to read You will learn in this book exactly why the wiki concept has been so successful but also how wikis do things wrong and how they can be done correctly The fundamental basics of writing a wiki including how to format your posts what to write about the correct means of writing impartial entries and how to reference outside sources will be covered in full You will learn how to edit an existing wiki entry and how to start using your wiki for other purposes Learn the top 20 strategies for wiki marketing as well as the importance of volume in your wiki and why having a great deal of posts to index in search engines is nearly as important as the writing being high quality For anyone who has ever spent ten minutes on Wikipedia wondering how they could start building their very own information compendium this book is for you a complete guide to everything wiki Publisher description

Social Media Metrics Jim Sterne,2010-03-18 The only guide devoted exclusively to social media metrics Whether you are selling online through a direct sales force or via distribution channels what customers are saying about you online is now more important than your advertising Social media is no longer a curiosity on the horizon but a significant part of your marketing mix While other books explain why social media is critical and how to go about participating Social Media Metrics focuses on measuring the success of your social media marketing efforts Success metrics in business are based on business goals where fame does not

always equate to fortune Read this book to determine Why striving for more Twitter followers or Facebook friends than the competition is a failing strategy How to leverage the time and effort you invest in social media How to convince those who are afraid of new things that social media is a valuable business tool and not just a toy for the overly wired Knowing what works and what doesn't is terrific but only in a constant and unchanging world Social Media Metrics is loaded with specific examples of specific metrics you can use to guide your social media marketing efforts as new means of communication
