Disfluency and Proficiency in Second Language Speech Production Simon Williams,2023-01-01 This book explores
 the concept of disfluency in speech production particularly as it occurs in the context of second language acquisition Drawing
 on examples from learner speech at three levels beginner intermediate and advanced the author argues that acquiring target
 language norms for performing disfluency is essential to an individual being recognized as fluent in a language by fellow
 speakers Starting with a survey of the psycholinguistic research in this area he then applies a sociolinguistic lens to examine
 how a learner s social and educational background impacts the types of disfluencies in their speech This book will be of
 interest to readers in fields such as applied linguistics and second language acquisition psychology and education **The
