

Exporting Freedom

A faded, sepia-toned photograph of a statue, likely the Statue of Liberty, serves as the background for the book cover. The statue is shown from the waist up, holding a torch in her right hand. The image is slightly desaturated and has a vintage feel.

RELIGIOUS LIBERTY AND
AMERICAN POWER

ANNA SU

Online Exporting Freedom Religious Liberty American

RS Peters

Online Exporting Freedom Religious Liberty American:

Exporting Freedom Anna Su, 2016-01-04 Religious freedom is recognized as a basic human right guaranteed by nearly all national constitutions Anna Su charts the rise of religious freedom as an ideal firmly enshrined in international law and shows how America's promotion of the cause of individuals worldwide to freely practice their faith advanced its ascent as a global power

Exporting Freedom Anna Su, 2016-01-04 Religious freedom is widely recognized today as a basic human right guaranteed by nearly all national constitutions Exporting Freedom charts the rise of religious freedom as an ideal firmly enshrined in international law and shows how America's promotion of the cause of individuals worldwide to freely practice their faith advanced its ascent as a global power Anna Su traces America's exportation of religious freedom in various laws and policies enacted over the course of the twentieth century in diverse locations and under a variety of historical circumstances Influenced by growing religious tolerance at home and inspired by a belief in the United States obligation to protect the persecuted beyond its borders American officials drafted constitutions as part of military occupations in the Philippines after the Spanish American War in Japan following World War II and in Iraq after 2003 They also spearheaded efforts to reform the international legal order by pursuing Wilsonian principles in the League of Nations drafting the United Nations Charter and signing the Helsinki Accords during the Cold War The fruits of these labors are evident in the religious freedom provisions in international legal instruments regional human rights conventions and national constitutions In examining the evolution of religious freedom from an expression of the civilizing impulse to the democratization of states and finally through the promotion of human rights Su offers a new understanding of the significance of religion in international relations

The Religious Problem with Religious Freedom Robert Joustra, 2017-08-17 Rival understandings of the meaning and practice of the religious and the secular lead to rival public perspectives about religion and religious freedom in North America This book explores how debates over the American Office of Religious Freedom and its International Religious Freedom Act IRFA 1998 and very recent debates over the Canadian Office of Religious Freedom 2013 have pitted at least six basic but very different meanings of the religious and the secular against each other in often undisclosed and usually unproductive ways Properly naming this religious problem is a critical first step to acknowledging and conciliating their practically polar political prescriptions It must be considered how we are to think about religion in political offices both the Canadian and the American experience as an essentially contested term and one which demands better than postmodern paralysis what the author terms political theology This is especially critical since both of these cases are not just about how to deal with religion at home but how to engage with religion abroad where real peril and real practical policy must be undertaken to protect increasingly besieged religious minorities Finally a principled pluralist approach to the religious and the secular suggests a way to think outside the religious problem and productively enlist and engage the forces of religion resurging around the globe The book will be of great use to scholars and students in religion and foreign affairs

secularization political theology and political theory as well as professionals and policy makers working in issues relating to religion religious freedom and foreign affairs **States-in-Waiting** Lydia Walker,2024-05-16 Walker examines the limits of postwar global decolonization for particular nationalist movements in South Asia and Southern Africa Preaching in/and the Borderlands J. Dwayne Howell,Charles L. Aaron Jr.,2020-09-15 What is to be the church s response to the immigrant Most immigrants in American society are seeking a better life They are among the most vulnerable possessing little and at the mercy of those they work for in the communities where they live The essays in this book address issues for churches to consider as they seek to better understand how to respond to immigration The book examines biblical ethical theological and homiletical areas of the topic and includes contributions from experienced pastors theologians legal experts and activists With contributions from Sarah Ellen Eads Adkins Claudio Carvalhaes Jason W Crosby Miguel A De La Torre Rebecca Hensley Robert Hoch Melanie A Howard Maha Kolko Gerald C Liu Joy Moore Heidi Neumark Owen K Ross Lis Valle Michael Waters

The Constitutional Bind Aziz Rana,2024-04-16 Americans today are increasingly uneasy about the democratic weaknesses of their Federal Constitution But for most of living memory that very Constitution has been idealized as near perfect How could it be that this flawed system came to enjoy such intense veneration In a striking reinterpretation of the American constitutional past Aziz Rana connects the spread of a distinctive twentieth century American relationship to its founding document to another development rarely treated alongside it the rise of the U S to global dominance In the process he highlights the role of constitutional veneration in shaping the terms of American power abroad with ultimately transformative effects at home for narratives of nation and ideas of reform In the process Rana also explores the remarkably diverse array of movement activists in Black Indigenous feminist labor and immigrant politics that struggled to imagine a very different constitutional horizon one grounded in equal and effective freedom for all and able to overcome the basic limitations of the consolidating legal political system These voices of opposition including to the Constitution itself have overwhelmingly been excised from constitutional memory And yet they offer essential insights for making sense of our present difficulties in which Americans find themselves bereft of the constitutional sureties that have long shaped collective life ABA Journal ,1998-06 The ABA Journal serves the legal profession Qualified recipients are lawyers and judges law students law librarians and associate members of the American Bar Association **ABA Journal** ,1998-06 The ABA Journal serves the legal profession Qualified recipients are lawyers and judges law students law librarians and associate members of the American Bar Association *Sujeto de derecho entre estado, género y cultura* Bartolome Clavero,2023-12-01 Sujeto de derecho entre estado g nero y cultura se mueve por la historia y por el presente para detectar analizar y diagnosticar los principales problemas que en el desenvolvimiento de la cultura de matriz europea afronta la construcci n jur dica del ser humano individual como presunto protagonista del ordenamiento Fue una labor bien ardua a menudo hoy olvidada La concepci n constitucional del individuo como sujeto hizo acto de comparecencia en un mundo de estados sociales y familiares

que marcaba una jerarquía de personas cuyos efectos excluyentes y discriminatorios no desaparecieron por ensalmo. Ha sido una concepción que se ha demostrado hasta hoy incapaz de afrontar y esclarecer las condiciones de orden colectivo en las que el propio individuo se desenvuelve y particularmente las correspondientes a culturas de matriz diversa a la de raíz europea. Tras el análisis de historia, este libro reúne trabajos que se ocupan de los derechos más sensibles para la identificación actual del sujeto humano sin exclusiones ni discriminaciones. Ya estamos en unos tiempos que progresivamente se alejan del ensueño constitucional del individuo o la persona como sujeto de derecho que porque así se reduplique no acaba de superar una larga historia excluyente y discriminatoria para con seres humanos y sus antropologías culturales. Dichos trabajos tratan de la igualdad entre opciones sexuales sin dicotomía obligada entre hombre y mujer de la dialéctica constitucional de la propiedad y el trabajo en términos no paritarios por los valores tan diversos que la una y el otro representan y en fin de la verdadera piedra de toque que supone para la propia concepción del sujeto la diversidad humana de culturas.

The Cosmopolitan First Amendment Timothy Zick, 2014. We live in an interconnected world in which expressive and religious cultures increasingly commingle and collide. In a globalized and digitized era we need to better understand the relationship between the First Amendment to the United States Constitution and international borders. This book focuses on the exercise and protection of cross border and beyond border expressive and religious liberties and on the First Amendment's relationship to the world beyond US shores. It reveals a cosmopolitan First Amendment that protects cross border conversation, facilitates the global spread of democratic principles, recognizes expressive and religious liberties regardless of location, is influential across the world and encourages respectful engagement with the liberty regimes of other nations. The *Cosmopolitan First Amendment* is the product of historical, social, political, technological and legal developments. It examines the First Amendment's relationship to foreign travel, immigration, cross border communication and association, religious activities that traverse international borders, conflicts among foreign and US speech and religious liberty models and the conduct of international affairs and diplomacy.

The Kingdom of God Has No Borders Melani McAlister, 2018. In *The Kingdom of God Has No Borders*, Melani McAlister offers a sweeping narrative of the last fifty years of evangelical history outside of the United States, weaving a fascinating tale that upends much of what we know or think we know about American evangelicals.

Between Faith and Power Walter R. Rattliff, 2020-10-12. What happens when Christians reconsider political engagement? Among leading Christian thinkers, political engagement is either unavoidably necessary or theologically impossible. Is this a false dilemma? *Between Faith and Power* examines how Christian groups are grappling with the demands of a pluralistic public square while remaining faithful to their tradition. Using the lenses of social science research and theological analysis, the book examines the successes and failures of these groups as they engage the public square. What emerges are models of Dynamic Engagement that Christian leaders are using to consistently pursue religious liberty across faiths while contributing to the common good.

Bait and Switch Julie Mertus, 2013-06-17. Although our era is marked by
