Taming Childhood? Rob Creasy, Fiona Corby, 2019-02-12 This book explores the links between recent reports of increasing levels of unhappiness and mental health problems amongst children and young people and changes within childhood which restrict and reduce opportunities for children to develop and maintain resilience Although in academic terms children may be viewed as beings Creasy and Corby posit that there is much to suggest that for parents practitioners and policy makers children are primarily seen as becomings The book argues that viewing children as becomings together with the idea that childhood is fraught with danger contributes to practices and policies which can be seen as making childhood tame This taming of childhood leads to an impoverished childhood that does not provide the space that children need to grow and develop Furthermore Taming Childhood challenges the idea that young adults are snowflakes unable to cope with everyday pressures Students and scholars across a range of social science

disciplines will find this book of interest *A Guide to Early Years and Primary Teaching* Dominic Wyse, Sue Rogers, 2016-04-20 How do people become effective teachers This is the textbook students need to support them on this journey no matter their training route or whether primary or early years in focus Through a unique pairing of academic research and teaching expertise each chapter is collaboratively authored by an academic specialist and an experienced practitioner to provide a realistic and practical view of teaching children from years 3 11 The book combines all the major topics theories and research students need to know along with up to date policy and legislation Inventive and practical learning aids and carefully crafted online resources will help readers to Understand helpful learning aims at the beginning and summaries at the end of every chapter guide students through each topic Apply Spotlight on Practice features highlight real teaching examples Putting it into Practice features provide advice on how key concepts can be employed in real life whilst classroom activities on the website provide further ideas for teaching Reflect on key concepts as well as your own practice and values through the reflection points and author podcasts on the website outlining key issues to stimulate critical thinking Go further with informative annotated further reading at the end of every chapter links to relevant websites integrated throughout and carefully selected SAGE journal articles freely available on the website This is an essential textbook for use across all your primary and early years teaching courses whether students are training to be lower upper primary school teachers or early years practitioners including those on undergraduate or postgraduate teacher training courses and employment based routes *Handbook of Research on Teaching* Drew Gitomer, Courtney Bell, 2016-05-19 The Fifth Edition of the Handbook of Research on Teaching is an essential resource for students and scholars dedicated to the study of teaching and learning This volume offers a vast array of topics ranging from the history of teaching to technological and literacy issues In each authoritative chapter the authors summarize the state of the field while providing conceptual overviews of critical topics related to research on teaching Each of the volume's 23 chapters is a canonical piece that will serve as a reference tool for the field The Handbook provides readers with an unparalleled view of the current state of research on teaching across its multiple facets and related fields [The Business School Buzz Book](#) Vault Editors, 2006-02-07 In this new edition Vault publishes the entire surveys of current students and alumni at more than 100 top business schools Each 4 to 5 page entry is composed of insider comments from students and alumni as well as the school's responses to the comments [Global Learning and Sustainable Development](#) Helen Gadsby, Andrea Bullivant, 2011-04-08 Global learning and sustainable development encompass some of the key ideas and challenges facing the world today challenges such as climate change globalization and interdependence Schools increasingly recognize the role of education in addressing these issues with young people but exploring global issues across the curriculum requires a considerable amount of time and planning across subjects This book aims to reduce this workload by providing a clear overview of global learning its development in policy and what this means for teachers in practice It outlines the different ways in which global learning

can be delivered as a cross curricular theme with examples of current activities and practice in schools Features include an examination of key influences and debates in this area guidance on how to plan implement and evaluate change in the curriculum to incorporate global learning the role of Personal Learning and Thinking Skills as a way of exploring global learning and sustainable development ideas from the global context of practice in Europe and beyond activity ideas supported by case studies of innovative practice links to other educational agendas relevant topics and resources Providing clear guidance on the underpinning theory and policy and drawing upon current initiatives in schools this book will be of interest to all trainee and practising secondary teachers wanting to help young people engage critically with global issues

Handbook of Distance Education Michael Grahame Moore,2013-05-07 The third edition of this award winning Handbook continues the mission of its predecessors to provide a comprehensive compendium of research in all aspects of distance education arguably the most significant development in education over the past three decades While the book deals with education that uses technology the focus is on teaching and learning and how its management can be facilitated through technology Key features include Comprehensive coverage that includes all aspects of distance education including design instruction management policy and a section on different audiences Chapter authors frame their topic in terms of empirical research past and present and discuss the nature of current practice in terms of that research Future research needs are discussed in relation to both confirmed practice and recent changes in the field Section one provides a unique review of the theories that support distance education pedagogy Section six includes a unique review of distance education as a component of global culture This book will be of interest to anyone engaged in distance education at any level It is also appropriate for corporate and government trainers and for administrators and policy makers in all these environments

Recipient of the 2013 IAP Distance Education Book Award Handbook on Teachers' Work Nina Bascia,Rhiannon M. Maton,2025-09-30 The Handbook on Teachers Work brings together research and evidence based authoritative writings from across the globe that explicitly theorizes and studies teachers work Drawing on research from twelve countries across 6 continents the chapters are grouped into themes that represent key issues related to work from global perspectives including The Political and Policy Contexts of Teachers Work Teaching as an Occupation Diverse Teacher Identities and Roles Teaching as Collective and Relational Work and Teaching and Activism The volume explores the idea of teaching as an occupation with a history and trajectory that are shaped by political economies historical progressions organizational structures social relations among educators students and others teachers career and labor patterns their professional norms and raced gendered classed and culturally linked expectations of teachers and about public schooling This essential handbook will be of interest to teacher educators policymakers and students and researchers in the fields of teachers work curriculum theory educational policy and politics foundations of education multicultural education and teacher education **LGBT People**

and the UK Cultural Sector John Vincent,2016-05-06 This book examines the complex and conflicting relationships

between LGBT people and our cultural and heritage organisations including libraries museums and archives In this unique book established author John Vincent draws together current good practice and also highlights issues which urgently still need to be addressed To set the work of libraries museums and archives in context Vincent traces the development of LGBT rights in the UK He goes on to examine some of the reasons for hostility and hatred against this minority group and critically explores provision that has been made by cultural and heritage organisations He offers examples of good practice not only from the UK but from across the world and draws up an essential charter for future development This compelling practical book should be read by managers and staff in libraries museums and archives around the world looking for guidance on this important issue

25 Top Consulting Firms WetFeet (Firm),WetFeet,2008 Summary and Note-Taking with Key Marian Barry,2010-02-11 This popular book endorsed by Cambridge provides summary and note taking practice for the revised syllabus of the Cambridge IGCSE examination in English as a Second Language The exercises are also helpful for studies across the curriculum and as preparation for the demands of academic writing The Revised Edition includes linked summary exercises based on the preceding note taking activities and a Writing Tasks section containing topic related writing tasks

E-Service: New Directions in Theory and Practice Roland T. Rust,P.K. Kannan,2016-09-16 The advent of the era of e Service the provision of services over electronic networks like the internet is one of the dominant business themes of the new millennium It reflects the fundamental shift in the economy from goods to services and the explosive expansion of information technology This book provides a collection of different perspectives on e Service and a unified framework to understand it even as the business community grapples with the concept It features contributions from key researchers and practitioners from both the private and public sectors as well leading scholars from the fields of marketing information systems and computer science They focus on three key areas the customer technology interface e Service business opportunities and strategies and public sector e Service opportunities The insights they offer will be equally useful to students scholars and practitioners

Understanding Sustainability in Early Childhood Education Diane Boyd,Nicky Hirst,John Siraj-Blatchford,2017-08-23 This unique book explores research related to education for sustainability within early childhood education in the United Kingdom Divided into the four home nations it examines what education for sustainability looks like in practice discusses the different application and positions of each region and considers the contribution of early childhood education to support the Sustainable Development Goals Each chapter considers the relevant early years framework and includes associated case studies which highlight connections between statutory guidance policy and positive early years pedagogical practice The authors use an education for sustainability lens to explore the critical issues and explicit and implicit links embedded in each of the curricula frameworks Each chapter acknowledges the context of outdoor learning with discussion related to different interpretations of ecological sustainability This exploration should help readers to consider the idea of sustainability within early childhood education The book considers early childhood education as a

distinct and valuable phase beyond the readiness for school discourse and recognises the importance of having skilful and knowledgeable adults to work with young children from birth It offers a unique resource for students practitioners leaders and researchers engaged in the study of education for sustainability in early childhood and the importance of the early years for the development of life long pro environmental attitudes

Mastery Mathematics for Primary Teachers Robert Newell,2023-04-26 This book examines how mathematical mastery influenced by East Asian teaching approaches can be developed in UK schools to enhance teaching and to deepen children s mathematical knowledge It gives guidance on using physical resources to demonstrate key concepts extended examples on how to teach different curriculum topics and how to plan for small step progression It argues that effective mastery teaching requires careful and knowledgeable support for primary teachers who may not yet be maths specialists New to this second edition New chapter on variation theory and practice Updated case studies exploring how mastery teaching has evolved Updated review of current mastery resources available to UK teachers Robert Newell is a lecturer at the UCL Institute of Education London

E-schooling Roger Austin,John Anderson,2008-03-25 This book looks at how an entire school system is starting to transform learning through ICT and asks what it takes to change learning through technology in what we call e schooling considering the costs and benefits of such an e education

Action Learning in Schools Peter Aubusson,Robyn Ewing,Garry Hoban,2012-08-21 Teaching is becoming increasingly complex in the 21st Century creating a need for more sophisticated frameworks to support teachers professional learning Action learning is one such framework and has been used for workplace learning in business settings for many years It is now becoming increasingly popular in school and university settings but it is often misunderstood This book clarifies what action learning is linking key concepts to illustrate that it is not merely a process but a dynamic interaction between professional learning communities leadership and change The book brings together more than a decade of the authors research in school based action learning Rich and diverse the research draws on more than 100 case studies of action learning by teams of teachers in schools The authors provide practical advice on how to initiate and sustain action learning explain the interaction between action learning teacher development professional learning community building leadership and change and illustrate how action learning can link to classroom practice so closely that it becomes part of what teachers do rather than an added impost Addressing the highs and lows the successes and failures and their underlying causes Action Learning in Schools provides insights into theories of cooperation innovation leadership and community formation to inform individual projects and large scale school improvement initiatives It will be of interest to teacher educators pre service and experienced teachers alike as well as school and education system managers and policymakers keen to enhance teacher professional learning and educational outcomes for students
