evidence and in a brilliant way that the coming of the eternal life is as certain as the existence of this world and that there is no possibility of not realization of the resurrection after death

**BOOK PRESENTATION**

In order to feel the existence of eternal life in a different way that has never been possible before In order to understand enjoy and read with spiritual pleasure the Tenth Word of Risale i Nur which proves the existence of Hereafter with certainty at such a high level that you have never reached before What would you do if you know of a certainty that eternal life exists How would your perspective on life change if you know that you will live forever Then what would change in your life if you know that your happiness in this eternal life will depend on your behaviors in this temporary life at such a certainty as you are sure of the coming of night after day and of spring after winter or as you know two plus two equals four Would not you get excited if we told you that you can get such invaluable information just by reading this book that you are holding in your hand Tenth World that you are about to read is such an excellent book of a lifetime promising you this and much more In other words it is such a lively book that it can be read repeatedly without getting bored and the passion to read it never subsides Even Avicenna Ibn i Sina who is considered as one of the greatest geniuses admitted his helplessness incompetence in understanding the resurrection by once stating that The Intellect cannot find a way to it And now we are curiously stepping into the Treatise of Resurrection which explains declares the truths of the issue of resurrection which even this noted scholar cannot catch up with his genius to everybody even to the kids and which gives us the key opening the gate of the second one of the two biggest amulets of the cosmos In this book which is an explanatory work based on 10th Word of Risale i Nur Collection the resurrection after the Doomsday is proved so certainly that the Author of Risale i Nur tells the following on this subject If you want to be as certain about the occurrence of the resurrection of the dead as you are about the arrival of next spring study the Tenth and Twenty Ninth Words carefully which are about this and you will see If you do not then believe that it will occur as you believe the coming of spring come and stick your finger in my eye Once you finish reading this book you will witness that it is proved with logical evidence and in a brilliant way that the coming of the eternal life is as certain as the existence of this world and there is no possibility of not the realization of the resurrection after death This work is a part of our basic source book called A Journey of Discovery for an Extraordinary Treasure Risale i Nur The Treatise of Light Explanatory Notes upon which our Journeys of Discovery Risale i Nur Training Program is constructed and it is the proof of the Existence of Resurrection and the Eternal Life which is the Fifth Truth of the Six Truths dealt with in the second main part of that book which is called Proving the Existence of the Treasure of Faith with Evidence We have to state and admit about this Book that is Explanatory Text for Tenth Word the following sincerely although we did not have any idea about what to write before explanatory notes came into the being every time without any exception we were astonished by the resultant texts and realized that we had never understood these issues that clear before While controlling the texts we had great joy and pleasure and we were reading them as if they were written by someone else The writings were helping us in an unexpected way in overcoming our

greatest distresses giving us a strong state of faith Because what we were writing was talking about eternal truths of faith and Quran and they were having such qualities which were having much more different than a work presented with the individual proficiency and capability of a person Therefore the beauty and the excellence of these truths must have been reflected in our word as well For sure we were pursuing an immensely difficult and tedious effort sometimes it was taking 3 5 hours to complete 1 2 pages of explanatory notes We were spending an equal amount of time for footnotes and the glossary of concepts But the feeling of joy happiness and spiritual satisfaction were exceedingly worth this effort At this stage we realized and felt the reason behind Bedi zzaman s saying I am also a student of Risale i Nur I am your classmate in learning the Teachings of Quran I am also in need of Risale i Nur And we understood that he was not trying to be humble while saying this As a requirement of being human we wanted to share what we had found and felt with those who had the same needs and who were in the same search This is what we mean when we say that we are not like a teacher who makes you sit before her and starts teaching you Maybe rather we are like a guest who himself is entreated a dining table as he is as hungry and needy as everybody and he is sincerely inviting you to this dining table Or maybe we are like a curious kid who has found the key to a magnificent and inexhaustible treasure and who wants to inform others of its existence and share it with them We have made a great effort in order to prepare this work which we share with great enthusiasm But we admit that this work has been the result of Allah s special treatment which is way beyond our personal capabilities and power We believe wholeheartedly that every believer and everyone who has set his heart on Risale i Nur and in fact everybody will read this book enthusiastically and with a compassion which is stronger than the need for water of a person who has been dehydrated for a while The epilogue of our book which is entitled Your Journey Just Begins Now is also included in this work as it contains emotional striking and impressive points coming sincerely from the deepest parts of our hearts about the reading of Risale i Nur and attendance to the Risale i Nur Lectures WHY A VISUAL INTERACTIVE BOOK Reading and watching the written truths in a verbal and visual format with additional explanations not provided in our book enables you to better understand and feel them In this way you are following the most fruitful method in understanding the knowledge of faith which cannot be understood just with intellect but rather are felt truths and in opening the door for new perspectives for them We keenly believe that with this method of reinforcement Allah willing highest level of benefit will be realized in terms of understanding Risale i Nur and the universe The size of the Word document that you can download from the link at the top is 94 mb while Pdf document s size is 54 mb When you open Pdf document on your computer with Adobe Reader you can read it better by choosing two pages option and zooming in Since full screen mode of the Microsoft Word changes the places of the visuals you should read it in page format by zooming in We would rather prefer if you would download it in Pdf format and read it with Adobe Acrobat due to both its small size and readability it in this way It is possible to click links and open the word and Pdf files and videos within this interactive book in your computers and cell phones In your cell phone use Wps

Office for Word and Adobe Acrobat Reader for Pdf files Wps Office is a useful program which opens the footnotes when clicked upon but it can't open the links in this way For this reason we suggest that you use Adobe Acrobat Reader in order to benefit from the interactive features of the book
