Is Your Doctor Killing You Slowly? Dr. Mai Ha,2012-10-03 This book is dedicated to those who seek the truth about total wellbeing and believe they are being slowly killed by their primary care physicians who continue to prescribe copious amounts of drugs for each and every malady We are having a medical crisis Do not wait until the morgue can not process the bodies fast enough to have doubt in the medical system My goal is to inform the general public about the dangers of our fake health care system Most people do not know that the medications their trusted doctor is prescribing them are killing them slowly Our health care model is designed to confuse patients and minimize physician responsibility This book will help you understand how your body works and how YOU can manage your own complete health care not just specific medical conditions such as hypertension high cholesterol diabetes cancer heartburn depression insomnia allergies etc Instead of empowering patients to know more about their illnesses doctors have instilled fear in them and prescribed unnecessary drugs tests and surgeries to justify large medical bills and make the drug companies obscenely wealthy Doctors get paid well at our expense body and wallet Most of my patients have benefited greatly from my extensive education deep rooted culture diverse background and

utmost honesty in teaching them about medicine the way it should be taught basic and true and it was through their inspiration that I wrote this book In truth I feel I had no choice No doctor would dare expose the awful truth regarding our broken medical system for fear their financial status will be compromised My ultimate intention is to help every person maintain an independent mind and body until they breathe their last breath with dignity **The New Hormone Solution** Erika Schwartz,2017-05-09 The author shares her program to help women and men of all ages prevent and eliminate the symptoms of hormone imbalance in an integrated and caring approach **The American Homoeopathist** ,1890 **What Your Doctor Doesn't Know About Nutritional Medicine May Be Killing You** Ray D. Conservatives Are Always Right Phil Roach, 2010-06 For the last one hundred years the mainstream media has been allowed to define our politicians who's conservative who's liberal who's radical right wing In their world of course there's no such category as radical left wing Until now there's been no defined base line All these descriptions have been relative as well as inaccurate The purpose of this book is to define in concrete examples exactly what conservatism means Once we understand what conservatism is then we can judge for ourselves just how each politician fits into the spectrum It will give each reader the tools to decide for himself just how his own representatives represent his own values and allow him to cast his vote accordingly Why Conservatives Are Always Right examines this nation's founding principles and explains how those principles allowed this new nation to become the envy of the world It also explains how straying from those common sense principles has led to the turmoil conflict and economic disasters that have become part of our everyday lives This book should become a Bible for all conservatives Phil Roach spent his working life in the printing business starting growing and selling three such businesses He thus became an admirer of Benjamin Franklin and took great interest in the founding principles of this country In this vein he has had two hundred Letters to the Editor published explaining conservatism Upon retirement in 2008 Roach finally had time to write a book putting together the positions he has developed over a lifetime Publisher's Web site <http://www.strategicpublishinggroup.com/title/WhyConservativesAreAlwaysRight.html> **Licensed to Kill** Barbara
