A ghostwriter is a writer who publishes under someone else's name with the consent of both parties. It's legal and writers are available to provide the service. The straightest route to ebook profits is in the nonfiction ebook market. Fiction is making a story, journalism is finding one. That's the big difference. When I am writing a book I am usually dealing with events or ideas that have already arranged themselves in memory. With nonfiction you need to find your prospective before time has arranged it. The trick is to write about something as if you've been thinking about it for 10 years. Larry Bussey resides in Las Vegas, Nevada. He's an expert on Internet Marketing and Ghostwriting. He has successfully pinned numerous books as a ghostwriter. Larry Bussey makes it his business to be aware of the latest developments in his field as a Pro Internet Marketer, Blogger, Social Media Marketer, Business Expert, Social Marketing Trainer and Consultant. Larry Bussey prides himself as being a thought leader in social media who likes to inspire others to use new media to create positive change in their lives. Readers of his ebooks write from all over the globe to ask for marketing advice and to share their own success stories. Publish Yourself J.M. Snyder, 2011-11-20 If you've ever wanted to retain more of your royalties or try publishing e-books but didn't know where to start this book is for you. Recently e-books have exploded onto the publishing scene making it easier than ever for writers to break into the market. But many people who read e-books aren't familiar with how to create them. What formats should you offer? Where do you sell them? What do you use for a cover? And most important

how do you go from a Word document to an EPUB MOBI or PDF file Best selling multi published author J M Snyder has written this no nonsense hands on guide She takes the mystery out of e publishing while making the process of creating an e book simple cheap and easy Using Microsoft Word or an equivalent word processing program along with inexpensive or free software readily available online you will learn how to create the nine most common e book formats You will be walked through cover art design interior book layout and e book creation as well as given many of the tips J M has learned along the way Also included is a brief guide to online bookstores where you can sell your finished e book Let J M Snyder help you discover how easy it is to publish yourself

Barrier-Free Design James Holmes-Seidle, 2012-08-21 This book for architects interior designers building managers students conference organisers looks at first principles to provide the user with the tools to make their own decisions rather than a cookbook approach It is intended that designs and product information can be taken straight from the manual and inserted into ongoing projects For the first time the book considers the needs of people with visual hearing and mental disabilities who make up the majority of disabled people in the population alongside those of people with physical mobility disabilities Practical low cost solutions to retro fitting existing buildings are discussed as well as the methods used to assess the suitability of an existing building and assembling a project to improve access for disabled people Specific products and designs are illustrated and discussed with full working technical drawings and full specification details These will reduce considerably the research time needed to produce a cost effective solution that will improve access for disabled people A perspective of the standards and legislation dealing with access issues in the UK is compared with those in other countries and the standards mentioned are compared with the realities of practical implementation carried out in 4 years of design in this area
