**Factors Behind the Ukrainian Evangelical Missionary Surge from 1989 to 1999** John Edward White, 2020-03-16 Throughout its history the Soviet Union was one of the most closed places in the world to missionary work As perestroika came in the late 1980s and the Soviet Union fell in 1991 a spiritual vacuum formed as massive numbers of people became interested in Christianity An unprecedented freedom allowed evangelicals to engage in missionary work Much has been written about foreign evangelical missionary work during this period but virtually nothing has been written about nationals doing ministry This book examines the remarkable surge in Ukrainian evangelical missionary work from 1989 to 1999 Both Baptists and Pentecostals engaged in a wave of missions flowing from Ukraine to the end of the earth Siberia What were these pioneering missionaries like What motivated them What enabled them to do what had been forbidden for so long What legacy did they leave for us today What can we learn from their example for future missions This book also looks at how a surge in missions takes place analyzing the factors behind the Ukrainian evangelical missionary surge by looking at different models for change Here we consider what steps can we take to help bring about new missionary surges

Balanced Discipleship Justin Campbell, 2023-03-09 The data is in more and more people are leaving the church We've worked hard at creating better programs better music and better sermons but it's not enough This is in stark contrast to the global church that is growing exponentially What are they doing differently What can we learn In Matthew 28 Jesus does not ask us to go into the world and make great church services he tells us to go into the world and make disciples Campbell takes a deep dive into the Great Commission exploring Jesus' balanced model of discipleship and giving us practical tools to apply to our local church

**The Bethlehem Story** Andy McCullough, 2021-04-14 Jesus was born in Bethlehem but why Bethlehem Why should God purpose to become man somewhere so marginal so insignificant This book follows the unfolding story of Bethlehem through the Bible from the death of Rachel to the birth of Jesus uniquely combining four perspectives a the Bible as one developing story b the Bible as a Middle Eastern book c insights from contemporary Palestinians from Bethlehem and d what this means for mission Suffering Rachel refugee Rahab vulnerable Ruth overlooked David all have a connection with Bethlehem If Bethlehem shelters refugees then so must we If Bethlehem welcomes strangers so must we If Bethlehem weeps at injustice and takes a stand against empire so must we What we see in Bethlehem's story we apply to our own stories We enter into Bethlehem's story with as much cultural and geographical colour and flavour as we can muster in order to feel the crises taste the dust hear the lambs bleating on the hillside And there we find the Christ child son of David the Good Shepherd Lion of Judah Bread of Life Lamb of God fulfilling all the recurring themes taking his inevitable place as rightful king

Gardens in the Wasteland Bjorn Asserhed, 2025-08-04 Gardens in the Wasteland is an ethnographic study of Christian formation within three Swedish church plants working against a backdrop of advanced secularization The thesis analyses the formative practices employed by these

church plants with the intention of forming persons towards a lived Christian identity Employing a situated learning theory framework it traces the formative trajectories and negotiations that emerge from these shared practices and also examines the articulations of callings and intentions within these church plants The findings reveal that the establishment of a church plant often stems from a sense of place oriented calling that encompasses a vision of vibrant Christian life and community These church plants cultivate formative practices aimed at certain teloi that guide individuals on their journeys towards a lived Christian identity Through participation in these practices individuals align them selves with the church plant s vision of Christian life This identity formation process is not static but rather involves ongoing negotiations both on a personal and community level as individuals grapple with the meaning of Christian identity and faith amidst an increasingly secularized society

**The Mission of God and You** Lori McDaniel, 2023 You Have a Purpose God Has a Part for You to Play in Something Big You were created by God called to follow Christ and commissioned to make disciples When Jesus gave this commission it wasn t a last minute thought before he ascended into heaven It was a mandate for all his followers to participate in a movement of God already in motion What is God s will for my life Where does my life fit into God s purpose If the idea that you have a purpose and mission feels daunting keep in mind that you cannot mess up the story of what God is doing But you can miss out on being a part of it The Mission of God and You will expand your missional view of the Bible and your biblical view of the world You ll traverse the globe and grasp the urgency of our mission You ll hear the stories of a great cloud of witnesses both past and present and gain perspective on how God has worked and is working You ll be challenged to leverage every season of your life to advance the gospel to the ends of the earth Don t wait God is inviting you to participate in the most significant movement the world has ever known

**Marks of a Movement** Winfield Bevens, 2019-09-10 Marks of a Movement calls us back to the disciple making mandate of the church through the timeless wisdom of John Wesley and the Methodist movement With a love for history and a passion for today s church Winfield helps us reimagine church multiplication in a way that focuses on making and multiplying disciples for the twenty first century Winfield Bevens reminds us of the vital multiplication lessons from the Wesleyan movement one of the greatest missional movements the world has ever known He highlights the necessity of discipleship as the starting point and the abiding strategic practice that is key to all lasting missional impact in and through movements The Methodist movement is an example of the power of multiplying movements that utilize the strategy of discipleship Within a generation one in thirty people who were living in Britain had become Methodists and the movement soon became a worldwide phenomenon We in the Western Church need a movement of historic proportions once again What would such a multiplication movement look like for us today We must look to the past to gain wisdom for the future And as we look at the pages of church history there is no better example of a multiplication movement in the West than the Methodist movement of the eighteenth and nineteenth centuries Marks of a Movement highlights the lessons and key insights that enable us to learn from the past and reapply this

timeless biblical wisdom for today      **The Forgotten Ways** Alan Hirsch, 2016-09-20 Alan Hirsch's paradigm shifting classic remains the definitive statement of the church as dynamic missional movement. The bestselling first edition ignited a conversation about how to harness the power of movements for the future growth of the church. In this major update, Hirsch shares significant insights gained along the way, provides fresh new examples of growing churches, and reflects on the last ten years of the missional movement. The new edition has been thoroughly updated and revised throughout and includes charts, diagrams, an expanded glossary of terms, new appendices, an index, a new foreword by Ed Stetzer, and a new afterword by Jeff Vanderstelt. Known for his innovative approach to mission, Hirsch is widely acknowledged as a thought leader and mission strategist for churches across the Western world. He considers *The Forgotten Ways* the guiding work to all of his other writings. The book explores the factors that come together to generate high impact, exponentially explosive, spiritually vibrant Jesus movements in any time and context. This extensive update to Hirsch's influential work offers a system of six vital keys to movements that will continue shape the future of the missional movement for years to come.      [House Churches in Post-Communist Europe](#) Randy Hacker, 2023-02-10 This is an exploration of house churches, especially in Poland. The book begins with a review of literature about the global house church movement and continues with an article on the early Christian transition from house churches to purpose-built buildings for churches. Next is an article regarding the concept of sacred space in relation to house churches. The first half concludes with a chapter on methodology of research for a qualitative interview approach to studying house churches. The thesis then presents a theological method for using the qualitative interviews to develop ecclesiology. Sixteen interviews from thirteen house churches are presented. The thesis continues the theological method by attempting to answer the question why it is going on and presents a thematic analysis from the qualitative interviews that includes input from sociological research done in Poland. The thesis concludes by using scriptural and academic sources in conversation with house church interviews from the interviews and global house church literature to present four primary conclusions in a practical prophetic ecclesiology.      **A New Look at Hospitality as a Key to Missions** Christopher J. Freet, 2014-11-06 Many Christians have grown up with a very limited concept of missions and missionaries. In this view, a missionary is a person who goes and preaches to lots of people, often in primitive lands, and explains the theology of the gospel. The natives are convinced and become Christians. Thus, the gospel commission is fulfilled. Actual missions have not been carried out in this way very much. Missionaries are generally very aware of the personal aspect of their activities and the importance of hospitality. But western churches have become much less attuned to hospitality. The days are past when visitors could assume they'd be invited home for lunch or become personally connected to people in a church they visit. But hospitality is a key concept and a key practice in the Bible, both in Old and New Testament times. This involved both God's relationship with his people, in which some entertained angels in their relationships with one another, and in the way they reached the world with the good news God had given to them. Chris Freet examines the biblical idea of

hospitality the role it played in biblical times and the example that provides for us He concludes that the western church needs to be re awakened to the mutual and reciprocal biblical definition of hospitality that it must undergo some contextualization in order for the biblical role of hospitality and the person of peace to work in it and 3 it must transition from short term encounters of hospitality in the West to long term relationships as the family of God This is a serious theological examination but it is also both a challenge and a practical guide to help us get started in giving hospitality the role in our churches that the biblical story envisions
