American Film Noir Genres, Characters, and Settings Harold Hellwig,2023-03-20 *American Film Noir Genres Characters and Settings* argues that film noir style evolved out of American literature prior to the 1930s and continues to evolve long after the classic films that defined its presence in cinema While many critics suggest that the film noir tradition ceased after the mid 1950s labeling similar films produced later as neo noir Harold Hellwig contends that film noir itself has continued to evolve beyond cinema to include television series such as *CSI* *Have Gun Will Travel* and *Frasier* among others Hellwig posits that rather than being a single genre in and of itself film noir comprises several genres including detective procedurals science fiction the Western and even comedy This book examines different elements of American film noir including the characters and settings it is often defined by and its contexts within different adaptations in both film and television Scholars of film studies American literature and media studies will find this book of particular interest The Truth Shall Make You Free Samuel W.
