Moving Millions How Coyote Capitalism Fuels Global Immigration:

Moving Millions Jeffrey Kaye, 2010-04-01 On the same day that reporter Jeffrey Kaye visited the Tondo hospital in northwest Manila members of an employees association wearing hospital uniforms rallied in the outside courtyard demanding pay raises The nurses at the hospital took home about 261 a month while in the United States nurses earn on average more than fifteen times that rate of pay No wonder so many of them leave the Philippines Between 2000 and 2007 nearly 78 000 qualified nurses left the Philippines to work abroad but there s more to it than the pull of better wages each year the Philippine president hands out Bagong Bayani modern day heroes awards to the country s outstanding and exemplary migrant workers Migrant labor accounts for the Philippines second largest source of export revenue after electronics and they ship out nurses like another country might export textiles In 2008 the Philippines was one of the top ranking destination countries for remittances alongside India 45 billion China 34 5 billion and Mexico 26 2 billion Nurses in the Philippines farmers in Senegal Dominican factory workers in rural Pennsylvania even Indian software engineers working in California all are pieces of a larger system Kaye calls coyote capitalism Coyote capitalism is the idea practiced by many businesses and governments that people like other natural resources are supplies to be shifted around to meet demand Workers are pushed out pulled in and put on the line without consideration of the consequences for economies communities or individuals With a fresh take on a controversial topic *Moving Millions* Knocks down myth after myth about why immigrants come to America and what role they play in the economy Challenges the view that immigrants themselves motivate immigration rather than the policies of businesses and governments in both rich and poor nations Finds surprising connections between globalization economic growth and the convoluted immigration debates taking place in America and other industrialized countries Jeffrey Kaye is a freelance journalist and special correspondent for the PBS NewsHour for whom he has reported since 1984 covering immigration housing health care urban politics and other issues What does it all add up to America s approach to importing workers looks from the outside like a patchwork of unnecessary laws and regulations but the machinery of immigration is actually part of a larger global system that satisfies the needs of businesses and governments often at the expense of workers in every nation Drawing on Jeffrey Kaye s travels to places including Mexico the U K the United Arab Emirates the Philippines Poland and Senegal this book a healthy alternative to the obsession with migrants legal status exposes the dark side of globalization and the complicity of businesses and governments to benefit from the migration of millions of workers

The Migration Industry and the Commercialization of International Migration Thomas Gammeltoft-Hansen, Ninna Nyberg Sørensen, 2013 Migration has become business big business Over the last few decades a host of new business opportunities have emerged that capitalize both on the migrants desires to migrate and the struggle by governments to manage migration From the rapid growth of specialized transportation and labour immigration companies to multinational companies managing detention centres or establishing border security to the

organized criminal networks profiting from human smuggling and trafficking we are currently witnessing a growing commercialization of international migration This volume claims that today it is almost impossible to speak of migration without also speaking of the migration industry Yet acknowledging the role the migration industry plays prompts a number of questions that have so far received only limited attention among scholars and policy makers The book offers new concepts and theory for the study of international migration by bringing together cross disciplinary theoretical explorations and original case studies It also provides a global coverage of the phenomena under study covering migrant destinations in Europe the United States and Asia and migrant sending regions in Africa Asia and Latin America American Immigration James Ciment, John Radzilowski, 2015-03-17 Thoroughly revised and expanded this is the definitive reference on American immigration from both historic and contemporary perspectives It traces the scope and sweep of U S immigration from the earliest settlements to the present providing a comprehensive multidisciplinary approach to all aspects of this critically important subject Every major immigrant group and every era in U S history are fully documented and examined through detailed analysis of social legal political economic and demographic factors Hot topic issues and controversies from Amnesty to the U S Mexican Border are covered in depth Archival and contemporary photographs and illustrations further illuminate the information provided And dozens of charts and tables provide valuable statistics and comparative data both historic and current A special feature of this edition is the inclusion of more than 80 full text primary documents from 1787 to 2013 laws and treaties referenda Supreme Court cases historical articles and letters *Routledge Handbook of Human Resource Management in Asia* Fang Lee Cooke, Sunghoon Kim, 2017-09-11 Human Resource Management HRM is fundamentally shaped by institutional and cultural factors such as the different political environments and social philosophies of particular countries and regions By examining the various organizational aspects of business life and systems of people management in Asia the study of HRM across the continent can therefore give us a greater understanding of Asian societies as well as the contemporary world of work more generally This handbook provides an up to date and intellectually engaging overview of HRM in the Asian context Distinctive in its comprehensive coverage of traditional as well as emerging topics of HRM it analyzes important themes such as the regulatory framework for work and employment religiosity family business and gender Using a comparative approach it also effectively highlights the unique features of each country s attitudes towards HRM Covering a range of themes and case studies sections include Institutional and cultural contexts Labour regulation and industrial relations Thematic and functional HRM HRM in selected Asian countries such as China Japan Vietnam India and Singapore Written in a highly accessible style this book will be useful to students and scholars of Human Resource Management Asian Business Economics and Sociology Chapter 15 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license *Marxism and Migration* Genevieve Ritchie, Sara Carpenter, Shahrzad Mojab, 2022-08-18 This book

approaches migration from Marxist feminist anti imperialist and anti colonial perspectives The present conditions of transnational migration best described as a kind of social expulsion include migrant caravans and detained unaccompanied children in the United States thousands of migrant deaths at sea the razing of self organized refugee camps in Greece and the massive dispersal of populations within and between countries Placing patriarchal capitalism imperialism racialization and fundamentalisms at the center of the analysis Marxism and Migration helps build a more coherent and historically informed discussion of the conditions of migration resettlement and resistance Drawing upon a range of academic disciplines and diverse geopolitical regions the book rethinks migrations from the vantage point of class struggle and seeks to ignite a more robust discussion of critical consciousness racialization militarization and solidarity

Handbook on Human Security, Borders and Migration Natalia Ribas-Mateos, 2021-02-26 Drawing on the concept of the politics of compassion this Handbook interrogates the political geopolitical social and anthropological processes which produce and govern borders and give rise to contemporary border violence

Humane Migration Christine G.T. Ho, James Loucky, 2012 Comprehensive and passionate exploration of the debates surrounding the politics economics and ethics of international migration Offers suggestions for humane and rational immigration policies The popular discourse on immigration in North America and Western Europe is usually framed in terms of violations to national law fueled by fear and propped up by the myths of nationhood The rhetoric maintains that immigrants as individuals threaten jobs the local economy and the cultural identity of a country But these views fail to consider the ironic reality that the developed world which tries so emphatically to keep poor people out itself produces the systemic economic conditions that foster migration Humane Migration provides a fresh look at the debate on international migration in general and immigration to the United States Europe and Canada in particular It explains clearly why groups migrate and the obstacles they face during their journeys and after arriving at their destinations Arguing that migration is a human right the authors call for better policies that recognize these rights and the many benefits that migrants provide to their new communities This book is an essential text for policy makers students and activists who seek justice for the world's vulnerable populations

The Oxford Handbook of Asian Business Systems Michael A. Witt, Gordon Redding, 2014-01-30 Much of the existing literature within the varieties of capitalism VOC and comparative business systems fields of research is heavily focused on Europe Japan and the Anglo Saxon nations As a result the field has yet to produce a detailed empirical picture of the institutional structures of most Asian nations and to explore to what extent existing theory applies to the Asian context The Oxford Handbook of Asian Business Systems aims to address this imbalance by exploring the shape and consequences of institutional variations across the political economies of different societies within Asia Drawing on the deep knowledge of 32 leading experts this book presents an empirical comparative institutional analysis of 13 major Asian business systems between India and Japan To aid comparison each country chapter follows the same consistent outline Complementing the country chapters are eleven contributions examining major themes across the region

in comparative perspective and linking the empirical picture to existing theory on these themes A further three chapters provide perspectives on the influence of history and institutional change The concluding chapters spell out the implications of all these chapters for scholars in the field and for business practitioners in Asia The Handbook is a major reference work for scholars researching the causes of success and failure in international business in Asia

Migration in Southeast Asia Sriprapha Petcharamesree, Mark P. Capaldi, 2023-03-21 This open access IMISCOE Regional Reader explores the issues faced by migrant groups in Southeast Asia and the challenges of getting of their human rights recognized It analyses the different responses or lack thereof of the Association of Southeast Asian Nations ASEAN to these highly complex situations which are shaped by contemporary debates around borders and concepts of states migrants rights as well as access to citizenship and how these concepts and paradigms are intertwined with issues such as agency and resilience of migrants Crucial attention is given to the region s lesser known populations and issues such as the Vietnamese in Thailand people of Indonesian descent PIDs in Southern Philippines independent child migrants across the region and the vulnerabilities of migrant workers facing the COVID 19 pandemic With its unique regional focus this book provides a valuable resource to those studying human rights and migration issues policy makers and researchers and students

International Social Work David Cox, Manohar Pawar, 2012-12-04 International Social Work Issues Strategies and Programs Second Edition draws together the practice wisdom emerging within the broad scope of international social work practice and its role in contributing to the international community s efforts in combating the major global social problems of poverty conflict and postconflict reconstruction the development of countries and disadvantaged populations migration and displacement and the needs of specific populations such as child soldiers and AIDS orphans Utilizing an integrated perspectives approach incorporating global human rights ecological and social development perspectives the International Social Work 2e is designed to prepare social workers human services professionals development practitioners who desire to play significant roles in responding to modern global challenges that are critical to the well being of people communities nations and ultimately of us all

Indigenous Peoples and Colonialism Colin Samson, Carlos Gigoux, 2016-12-16 Indigenous peoples have gained increasing international visibility in their fight against longstanding colonial occupation by nation states Although living in different locations around the world and practising highly varied ways of life indigenous peoples nonetheless are affected by similar patterns of colonial dispossession and violence In defending their collective rights to self determination culture lands and resources their resistance and creativity offer a pause for critical reflection on the importance of maintaining indigenous distinctiveness against the homogenizing forces of states and corporations This timely book highlights significant colonial patterns of domination and their effects as well as responses and resistance to colonialism It brings indigenous peoples issues and voices to the forefront of sociological discussions of modernity In particular the book examines issues of identity dispossession environment rights and revitalization in relation to historical and ongoing colonialism showing that the experiences of

indigenous peoples in wealthy and poor countries are often parallel and related With a strong comparative scope and interdisciplinary perspective the book is an essential introductory reading for students interested in race and ethnicity human rights development and indigenous peoples issues in an interconnected world **Race, Ethnicity, Gender, and Class** Joseph F. Healey, 2011-11-04 Joseph F Healey's *Race Ethnicity Gender and Class* Sixth Edition builds upon the bestselling status of the prior editions praised for the author's writing style and the various effective pedagogical features that ensure students engage with core concepts in a meaningful way With many updates and revisions this edition once again uses sociological theory to tell the story of race and other socially constructed inequalities in the United States with consistency and clarity Chapter ending current debates based on the writings of prominent scholars spark classroom discussion on important issues and first person accounts Narrative Portraits are threaded throughout the text to bring life to a variety of topics *Diversity and Society* Joseph F. Healey, 2013-02-27 The only brief text to present a unified sociological frame of reference to help students analyze minority dominant relations The fourth edition of Joseph F Healey's *Diversity and Society* updated to include the latest information from the 2010 census continues to provide a solid foundation for understanding minority dominant relations Derived in part from bestselling *Race Ethnicity Gender and Class* this accessible 10 chapter text teaches concepts and theories through current engaging topics such as immigration and slavery in the world today The concepts are reinforced through case studies and enhanced through gender and comparative perspectives Particular emphasis is given to the history of race and ethnicity in the United States more coverage than any other brief text

Assembled, 2012: Select Sermons and Lectures from the General Assembly of the Unitarian Universalist Association , *What If All the Kids are White?* Louise Derman-Sparks, Patricia G. Ramsey, 2011-05-04 In this updated edition two distinguished early childhood educators tackle the crucial topic of what White children need and gain from anti bias and multicultural education The authors propose seven learning themes to help young White children resist messages of racism and build identity and skills for thriving in a country and world filled with diverse ways of being This compelling text includes teaching strategies for early childhood settings activities for families and staff reflection questions a record of 20th and 21st century White anti racism activists and organizational and website resources Book jacket **Selected Topics in Migration Studies** Frank D. Bean, Susan K Brown, 2023-03-01 This book provides a collection of key papers about migration focusing on multiple aspects of international and internal migration in various times and places Because migration has been such an important part of global peopling the book contains synopses of major geographic movements from ancient and early history as well as the present It includes material from anthropology archaeology criminology demography economics ethnic studies geography health sciences history law public policy political science psychology and sociology By providing a treatment of migration that is multifaceted comparative and multi disciplinary it offers not only a basis for conceptualizing broad features of migration and their changes but also one for discerning the formal and informal policy auspices that have

influenced migration The book thus constitutes a significant resource for students teachers practitioners scholars and researchers interested in or working on aspects of migration in any field It should be particularly useful for people seeking information and knowledge about migration from fields other than their own
