

"Imam Feisal is an inspirational and erudite exponent for the Muslim world. This tale of his journey is a clarion call for a progressive and pluralistic Islam as a bedrock of tolerance and understanding. Believers and adherents of all faiths must stand in solidarity with this global spiritual leader whose cry for religious freedom and human dignity must be heard." —Rabbi Marc Schneier (president) and Russell Simmons (chairman), The Foundation for Ethnic Understanding

*Moving the Mountain* Imam Feisal Abdul Rauf, 2013-03-05 The Muslim leader best known for his contributions to the establishment of an interfaith community center near Manhattan's Ground Zero offers insight into his progressive beliefs and advocacy of tolerance and equal rights **Muslim Identity Formation in Religiously Diverse Societies** Derya Iner, Salih Yucel, 2015-10-28 This book centres on the key concept of diversity and relates it to the identity formation of Muslims Muslim identity differs specifically within certain theological social political and regional circumstances and discourses Considering the diversity of societies and the numerous factors contributing to the shaping of Muslim identity this book brings together examples from different parts of the world including Western societies and each chapter focuses on separate determinants of individual communal political institutional civic and national Muslim identities offering a blueprint for identity studies A particular strength of the book is its detailed investigation of the complexity of identity formation and the heterogeneity of the Muslim experience In addition to including a variety of themes and cases from different parts of the world diverse methodologies including quantitative and qualitative research methods further enrich the book The contributors' academic backgrounds and organic relationships with their communities enable them to develop their arguments with insight Furthermore by giving voice to academics from different nationalities this book reflects neither a predominantly Western nor a distinctly Eastern approach but instead gives a balanced view from critical academia globally **On Earth or in Poems**

Eric Calderwood, 2023-05-16 The idea of al Andalus medieval Muslim Iberia has many uses inspiring artists and activists who imagine a place and time of peaceful coexistence among Europeans North Africans and Middle Easterners Christians Jews and Muslims Eric Calderwood explores the consolidation of this reputation and its impact on artistic and political aspiration

**Making Moderate Islam** Rosemary R. Corbett, 2016-11-23 Drawing on a decade of research into the community that proposed the so called Ground Zero Mosque this book refutes the idea that current demands for Muslim moderation have primarily arisen in response to the events of 9/11 or to the violence often depicted in the media as unique to Muslims Instead it looks at a century of pressures on religious minorities to conform to dominant American frameworks for race gender and political economy These include the encouraging of community groups to provide social services to the dispossessed in compensation for the government's lack of welfare provisions in an aggressively capitalist environment Calls for Muslim moderation in particular are also colored by racist and orientalist stereotypes about the inherent pacifism of Sufis with respect to other groups The first investigation of the assumptions behind moderate Islam in our country Making Moderate Islam is also the first to look closely at the history lives and ambitions of the those involved in Manhattan's contested project for an Islamic community center **Dār al-Islām Revisited**

Sarah Albrecht, 2018-04-24 Where is dār al-Islām and who defines its boundaries in the 21st century In *Dār al-Islām Revisited* Territoriality in Contemporary Islamic Legal Discourse on Muslims in the West Sarah Albrecht explores the variety of ways in which contemporary Sunni Muslim scholars intellectuals

and activists reinterpret the Islamic legal tradition of dividing the world into *d r al isl m* the territory of Islam *d r al arb* the territory of war and other geo religious categories Starting with an overview of the rich history of debate about this tradition this book traces how and why territorial boundaries have remained a matter of controversy until today It shows that they play a crucial role in current discussions of religious authority identity and the interpretation of the shari a in the West

**Religious History** Gary Scott Smith, 2020-12-07 A mix of thematic essays reference entries and primary source documents covering the role of religion in American history and life from the colonial era to the present Often controversial religion has been an important force in shaping American culture Religious convictions strongly influenced colonial and state governments as well as the United States as a new republic Religious teachings values and practices deeply affected political structures and policies economic ideology and practice educational institutions and instruction social norms and customs marriage and family life By analyzing religion s interaction with American culture and prominent religious leaders and ideologies this reference helps readers to better understand many fascinating often controversial religious leaders ideas events and topics The work is organized in three volumes devoted to particular periods Volume one includes a chronology highlighting key events related to religion in American history and an introduction that overviews religion in America during the period covered by the volume and roughly 10 essays that explore significant themes These essays are followed by approximately 120 alphabetically arranged reference entries providing objective fundamental information about topics related to religion in America Each volume presents nearly 50 primary source documents each introduced by a contextualizing headnote A selected general bibliography closes volume three Speaking Qur'an Timur R.

Yuskaev, 2017-10-18 An exploration of how Muslims in the United States have interpreted the Qur an in ways that make it speak to their American realities In Speaking Qur'an An American Scripture Timur R Yuskaev examines how Muslim Americans have been participating in their country s cultural social religious and political life Essential to this process he shows is how the Qur an has become an evermore deeply American text that speaks to central issues in the lives of American

Muslims through the spoken word interpretations of Muslim preachers scholars and activists Yuskaev illustrates this process with four major case studies that highlight dialogues between American Muslim public intellectuals and their audiences First through an examination of the work of Fazlur Rahman he addresses the question of how the premodern Qur'an is translated across time into modern American settings Next the author contemplates the application of contemporary concepts of gender to renditions of the Qur'an alongside Amina Wadud's American Muslim discourses on justice Then he demonstrates how the Qur'an becomes a text of redemption in W D Mohammed's oral interpretation of the Qur'an as speaking directly to the African American experience Finally he shows how before and after 9/11 Hamza Yusuf invoked the Qur'an as a guide to the political life of American Muslims Set within the rapidly transforming contexts of the last half century and central to the volume are the issues of cultural translation and embodiment of sacred texts that Yuskaev explores by focusing on the Qur'an as a spoken scripture The process of the Qur'an becoming an American sacred text he argues is ongoing It comes to life when the Qur'an is spoken and embodied by its American faithful

**The Racial Muslim** Sahar F. Aziz, 2021-11-30 This book demonstrates how race and religion intersect to create The Racial Muslim Comparing discrimination against immigrant Muslims with that of Jews Catholics Mormons and African American Muslims during the twentieth century the author explores the gap between America's aspiration for and fulfillment of religious freedom

*Thomas Jefferson's Qur'an* Denise Spellberg, 2014-07-01 In this original and illuminating book Denise A Spellberg reveals a little known but crucial dimension of the story of American religious freedom a drama in which Islam played a surprising role In 1765 eleven years before composing the Declaration of Independence Thomas Jefferson bought a Qur'an This marked only the beginning of his lifelong interest in Islam and he would go on to acquire numerous books on Middle Eastern languages history and travel taking extensive notes on Islam as it relates to English common law Jefferson sought to understand Islam notwithstanding his personal disdain for the faith a sentiment prevalent among his Protestant contemporaries in England and America But unlike most of them by 1776 Jefferson could imagine Muslims as future citizens of his new country Based on groundbreaking research Spellberg compellingly recounts how a handful of the Founders Jefferson foremost among them drew upon Enlightenment ideas about the toleration of Muslims then deemed the ultimate outsiders in Western society to fashion out of what had been a purely speculative debate a practical foundation for governance in America In this way Muslims who were not even known to exist in the colonies became the imaginary outer limit for an unprecedented uniquely American religious pluralism that would also encompass the actual despised minorities of Jews and Catholics The rancorous public dispute concerning the inclusion of Muslims for which principle Jefferson's political foes would vilify him to the end of his life thus became decisive in the Founders' ultimate judgment not to establish a Protestant nation as they might well have done As popular suspicions about Islam persist and the numbers of American Muslim citizenry grow into the millions Spellberg's revelatory understanding of this radical notion of the Founders is more urgent than ever Thomas Jefferson's Qur'an is a

timely look at the ideals that existed at our country's creation and their fundamental implications for our present and future

The Sacred History Mark Booth, 2017-05-16 Epic story of human interaction with angels and other forms of higher intelligence starting from Creation all the way through to the operations of the supernatural in the modern world What emerges is an alternative history of great men and women guided by angels or demons and the connection between modern day mystics and their ancient counterparts This spellbinding historical narrative brings together great figures such as Krishna Moses Buddha Elijah Mary and Jesus and Mohammed and stories from African Native American and Celtic traditions Woven into this is an amazing array of mystical connections including the surprising roots not only of astrology and alternative medicine but also of important literary and artistic movements aspects of mainstream science and religion and a wide range of cultural references that takes in modern cinema music and literature Amazon com

*Sufis and Salafis in the Contemporary Age* Lloyd Ridgeon, 2015-04-23 Sufis and Salafis in the Contemporary Age explores the dynamics at play between what are usually understood as two very different forms of Islam namely Sufism and Salafism Sufism is commonly understood as the peaceful and mystical dimension of Islam whereas Salafism is perceived as strictly pietistic and moralist and for some it conjures up images of violent manifestations of Islam Of course these generalisations require more nuanced investigation and this book provides a number of case studies from around the Islamic world to unpack the intricate relationship between the two The diversity of the case studies that focus on Islamic groups in India Iraq Egypt Morocco Turkey and South East Europe reflect the multiplicity of relationships that exist between the Salafis and Sufis The specific case studies are framed by an introduction that provides essential historical background and definitions of the terms and also by general studies of the Sufi Salafi relationship which enable the reader to focus on the large picture This will be the first book to investigate the relationship between Sufism and Salafism in such a wide fashion and includes chapters on traditional Sufis as well as from those who consider that Sufism and Salafism are not necessarily contradictory

*Education and Muslim Identity During a Time of Tension* Melanie Brooks, 2018-09-03 Education and Muslim Identity During a Time of Tension explores life inside an Islamic Center and school in present day America Melanie Brooks work draws on in depth discussions with community and school leaders teachers parents and students to present thoughtful and contemporary perspectives on many issues central to American Muslim identities Particularly poignant are the children's voices as they discuss their developing identities and how they navigate the choice of being American Muslim or both The book covers topics ranging from establishing the community and the considerations involved the management of diversity within the community and approaches to modern opinions on and experiences of gender and extremism in the western world Based on focus groups interviews and observations collected over a two year period this book serves as a fascinating and informative insight into the culture and experiences of modern American Muslims This is essential reading for students and researchers interested in education religion politics sociology and most particularly in contemporary Islamic studies
