continued drinking So I stopped got the transplant and became a friend of Bill W Stopping was the best thing I ever did second to marrying Maj My substance abuse started like most people s in high school through peer pressure It progressed while I was on the stage and in the Air Force where alcohol was the drug of choice The problem continued as I worked in motion pictures where the day ended with drinks When I nally made it big in television I was drinking a case of champagne a day I tell myself that I did this because of my insecurities about being at the top but it also tasted good Looking back and having read some of the things in this book I realize that I have the addictive personality and the genetic predisposition to be a substance abuser All that was necessary was a situation in which I was near drugs and had peer pressure to get me going
