Muhammad Yunus Saint Sinner James:

Muhammad Yunus James Melik, 2015-11-26 A university professor in Chittagong turned conventional banking on its head and helped lift millions out of poverty. His work predominantly with rural women and the creation of a bank to serve their needs resulted in Professor Muhammad Yunus and Grameen Bank being jointly awarded the Nobel Peace Prize in 2006. His model of microcredit lending to poor people who have no collateral has been replicated worldwide, not always with success and not without its critics. His supporters look upon him as a saviour and believe his approach is the most viable way of eradicating global poverty, while his opponents accuse him of taking credit for other people's ideas and maintain he traps people in a cycle of debt from which they may never escape. His achievements have also been rewarded with the Presidential Medal of Freedom in 2009 and the Congressional Gold Medal in 2013. Yet instead of acknowledging his work and embracing him as the nation's favourite son, the Bangladeshi government unceremoniously removed him from the bank he founded and publicly disparaged his accomplishments. He also criticises capitalism and challenges companies to change the way they operate. He has embarked on a crusade talking to world leaders and addressing huge crowds to put across his belief that social business is the solution for eliminating unemployment across the globe. Who is this charismatic yet controversial figure, the banker with the status of a rock star? Is he a saint or a sinner or possibly something between the two? This book reflects upon the life and work of Muhammad Yunus and places it alongside the anti-poverty measures established by his peers and within the political and social agenda of his native country.

"Islam" Means Peace

Amitabh Pal, 2011-03-03 This decisive account of the role of nonviolence in Islam and Muslim societies both historically and in current times chronicles an often obscured but longstanding pacifist tradition. *Islam Means Peace: Understanding the Muslim Principle of Nonviolence Today* provides a rebuttal to general misperceptions about the religion by documenting its rich tradition of nonviolence. To that end, the book examines the sources of Islam: the Qur'an, the main religious text of Islam, and the Hadith, the deeds and sayings of the Prophet Muhammad. It contests the prevalent notion that Islam is built on violence in part by illuminating the role of the tolerant mystical tradition of Sufism in Islam while at the same time examining the misunderstood place of jihad in the religion. The book is not, however, a historical or theological treatise. Rather, it focuses on the tradition of nonviolence in modern Muslim societies. By spotlighting recent peaceful protest movements in Muslim communities, the book underscores the truly global and multicultural nature of the Islamic tradition of nonviolence. The findings here will be invaluable for Muslims and non-Muslims alike, revealing an alternative tradition both can embrace.
