Multicultural Ministry Finding Your Church's Unique Rhythm:

Multicultural Ministry David A. Anderson, 2004 A practical guide to multicultural ministry in a changing America with motivating stories and examples from the author's personal experiences in successful multicultural ministry. It also offers practical how-to ideas from a wide circle of churches.

Multicultural Ministry David A. Anderson, 2009-08-30 David Anderson writes about multicultural leadership not from the perspective of an ivory tower intellectual but as a hands-on practitioner who loves and believes in the body of Christ. If you believe there is no solution to the race problem, I urge you to reconsider and to learn from someone who is on the frontlines of making multicultural ministry a reality in the church today. Bill Hybels, founding and senior pastor Willow Creek Community Church. Multiculturalism isn't a trend; it's a reality. Evidence of this country's rich racial mix is all around us in our schools, our stores, our neighborhoods, our recreational facilities everywhere except our churches. Heaven may include every culture, tongue, and tribe, but in the United States, Sunday morning remains one of the last bastions of ethnic separatism. It's time to stop merely talking about multicultural worship and start living it. In this groundbreaking book, David Anderson invites us all—African American, Asian, Caucasian, and Latino—to learn how to dance the dance of multicultural ministry. We've all got different moves, but that's the beauty of diversity: the various gifts we bring, the wisdom of our heritages, the different creative ways we express the same Lord. Think it can't be done. Think again. As Anderson demonstrates, it is being done successfully by more and more churches. Wherever your church is now on the multicultural continuum, you can join the ranks of those moving toward a diverse and thriving ministry. Combining frontline insights with inspiring stories, Anderson takes you and your church into the strategy-level realities of what it takes to make multicultural ministry work in your setting. Do you hear the beat of the Spirit? God is calling your church to the dance of unity in diversity. Don't hold back. Grab this book, get out on the dance floor, and let *Multicultural Ministry* show you the steps. Includes a Racial Reconciliation survey and six-session Racial Reconciliation curriculum.

Multicultural Ministry Handbook David A. Anderson, Margarita R. Cabellon, 2010-07-02 David Anderson and Margarita Cabellon bring together an experienced team of practitioners to share best practices for multicultural ministry. Drawing on the pioneering expertise of Bridgeway Community Church and BridgeLeader Network, the contributors present a holistic and multifaceted portrait of what a dynamic, grace-filled, and diverse ministry can look like in your church.

What's Right with the Church Elmer L. Towns, 2009-09-15 The early believers of Jesus Christ knew that they were not just members of an organization nor were they just an extension of Old Testament Judaism They knew that they were followers of the living Lord Jesus Christ They were members of a thing called the church Through the centuries the church has been the most powerful transforming force in history Yet in America many observe it as anemic and powerless Author Elmer Towns contends that there is good news there are many things that are still right with the church What Is Right With the Church affirms the positive things that are present in the church today and what will carry it forward as a transforming force This book is not a defense of the traditional church nor does it run to embrace all new forms of worship Rather this book examines the biblical nature of church allowing the best to come forth It is not a book about old churches new churches or home churches It is a book about what is right about every true church no matter the expression history or culture A growing number of people are not aware of the enduring strengths of the church The author contends that if believers in Christ are to effectively move forward with healthy communities and a vibrant faith in this new century they must be established on foundational biblical truths and core values And when this happens the church thrives as a transforming force

Finding Our Voice Matthew D. Kim, Daniel L. Wong, 2020-06-17 No one preaches in a cultural vacuum The message of what God has done in Christ is good news to all but to have the greatest impact on its hearers or even to be understood at all it must be culturally contextualized Finding Our Voice speaks clearly to an issue that has largely been ignored preaching to Asian North American ANA contexts In addition to reworking hermeneutics theology and homiletics for these overlooked contexts Kim and Wong include examples of culturally specific sermons and instructive questions for contextualizing one's own sermons Finding Our Voice is essential reading for all who preach and teach in ANA contexts But by examining this kind of contextualization in action all who preach in their own unique contexts will benefit from this approach

This book investigates 1 Corinthians 1-4 from a rhetorical and social perspective and explores that a divisive culture of rhetorical and paternal elitism lies behind the schisms and problems identified in the letter This culture appears to have been shaped to some extent by the legacy of Cicero Paul s references to boasting and imitation indicate both his subversive use and his critique of this Greco Roman wisdom In the final chapter this analysis of wisdom traditions and their social consequences among first century Corinthians leads to a critical reflection on similar dynamics among Korean Christians in twenty first century Korean Confucian culture In particular Korean Protestants are encouraged to take a more positive stance towards Confucian wisdom traditions as exemplified by T oegye s legacy and some insights are suggested into the ethics of imperial worship ancestral veneration and ethnic exclusivity

Crossing the Divide OWEN HYLTON, 2020-05-21

When we become new creations in Christ Jesus our primary identity is in Christ observes Owen Hylton Born into a black West Indian family but living primarily in a white British world he never felt entirely accepted in either place Realizing that my identity was first and foremost in Christ was incredibly releasing he admits Crossing the divide and embracing diversity is at the very heart of God s plan and purpose for his church But in order to do this we need to be aware of some of the reasons why people have stayed apart our histories and prejudices our lack of awareness and appreciation of one another Owen defines sin as the greatest problem of humankind separating us from God and setting us at odds with one another The cross is ultimately a place of forgiveness and reconciliation As new creations in Christ Jesus forgiven and restored we can confidently and joyfully celebrate our oneness whatever our colour status gender or nationality

People of the Dream Michael O.

Emerson, 2010-12-16 It is sometimes said that the most segregated time of the week in the United States is Sunday morning. Even as workplaces and public institutions such as the military have become racially integrated, racial separation in Christian religious congregations is the norm. And yet some congregations remain stubbornly racially mixed. *People of the Dream* is the most complete study of this phenomenon ever undertaken. Author Michael Emerson explores such questions as how do racially mixed congregations come together? How are they sustained? Who attends them? How did they get there and what are their experiences? Engagingly written, the book enters the worlds of these congregations through national surveys and in-depth studies of those attending racially mixed churches. Data for the book was collected over seven years by the author and his research team. It includes more than 2,500 telephone interviews, hundreds of written surveys, and extensive visits to mixed-race congregations throughout the United States. *People of the Dream* argues that multiracial congregations are bridge organizations that gather and facilitate cross-racial friendships, disproportionately housing people who have substantially more racially diverse social networks than do other Americans. The book concludes that multiracial congregations and the people in them may be harbingers of racial change to come in the United States.
