The Oxford Handbook of Multicultural Identity

Veronica Benet-Martinez,Ying-Yi Hong,2015-08-01 Multiculturalism is a prevalent worldwide societal phenomenon Aspects of our modern life such as migration economic globalization multicultural policies and cross border travel and communication have made intercultural contacts inevitable High numbers of multicultural individuals 23 43% of the population by some estimates can be found in many nations where migration has been strong e g Australia U S Western Europe Singapore or where there is a history of colonization e g Hong Kong Many multicultural individuals are also ethnic and cultural minorities who are descendants of immigrants majority individuals with extensive multicultural experiences or people with culturally mixed families all people for whom identification and or involvement with multiple cultures is the norm Despite the prevalence of multicultural identity and experiences until the publication of this volume there has not yet been a comprehensive review of scholarly research on the psychological underpinning of multiculturalism The Oxford Handbook of Multicultural Identity fills this void It reviews cutting edge empirical and theoretical work on the psychology of multicultural identities and experiences As a whole the volume addresses some important basic issues such as measurement of multicultural identity links between multilingualism and multiculturalism the social psychology of multiculturalism and globalization as well as applied issues such as multiculturalism in counseling education policy marketing and organizational science to mention a few This handbook will be useful for students researchers and teachers in cultural social personality developmental acculturation and ethnic psychology It can also be used as a source book in advanced undergraduate and graduate courses on identity and multiculturalism and a reference for applied psychologists and researchers in the domains of education management and marketing

Precarious International Multicultural Education:Hegemony, Dissent and Rising Alternatives Handel Kashope Wright,Michael Singh,Richard Race,2012-09-22 Multiculturalism and

multicultural education are at a paradoxical moment There is work that continues as if the multicultural hegemony was still intact and on the other hand work articulated as if multiculturalism was decidedly passe The essays in this collection will be of considerable interest to academics policy makers and students of both multiculturalism and multicultural education principally because they touch on both perspectives but concentrate for the most part on the thorny problematic of the workings of multicultural education in its present precarious moment Given the renewed urgent attacks in various western countries the cottage industry of death of multiculturalism texts and the rise of the interculturalism transnationalism diaspora alternatives is multiculturalism dying Are the ends of multiculturalism the management or celebration of diversity representation and recognition for all in society creation of just and equitable communities at the global national and local school classroom levels better theorized and realized through the ascendant alternatives Representing the precarious moment in Canada Ireland Australia the United States and the United Kingdom the essays in this collection address these questions and both depict and trouble hegemonic multicultural education and contrast it with its supposed successor regimes
