## **Moving Forward From Tragedy To Sunshine:**

Moving Forward Nancy McCarter, 2015-05-23 On July 30th 2012 my boyfriend and my daughter's father John passed away It was 2 weeks before our daughter turned 4 years old I spent the next year completely numb I woke up every morning took my daughter to school and went to work I rarely saw my daughter and knew that we needed a change We needed to live and not just to exist We sold all of our possessions and moved to Tamarindo Costa Rica almost a year to the date of John's passing Moving Forward is a memoir that I chose to write not only to help me with my healing process but also to provide hope to others who have lost a loved one You won't necessarily move on but you can move forward **The Days of Tragedy** Franklon Rashaude Voss, 2016-10-06 The Days of Tragedy is based on true story about Franklon Rashaude Voss surviving in the United States of America In the crisis that has been going on in past years from the beginning of 2008 Franklon had graduated from senior high school and was having problems with the government While he is having problems with the government he starts to be a leader at church while he goes to trade school He does well and graduates He lives his life being a strong young man in the United States of America *From Tragedies to Happiness* Lori M. Radosny, 2015-02-28 From Tragedies to Happiness My True Stories is a memoir of my life I have been through five tragedies that I describe in the book they are being molested as a child suffering from deep depression a suicide attempt deaths of my parents and brother Walt and bankruptcy I was thinking one day that I have been through a lot of tragedies in my life and I am still a happy person today I wrote the book to let people know that even though they go through one or more tragedies in their life they can move forward and lead a happy life as I have If another tragedy strikes take care of it the best way you know how and again move forward I discuss in detail each tragedy I also have included two line rhymes regarding the health care field I wrote about seventy of them in three days They just kept coming to me I also parody some songs that I have adapted to include the health care field I have as Chapter 1 the love story of myself and Dave Herzig We have been together for twenty five years after meeting in a summer Friday night bowling league in 1989 and we are more in love today than when we first fell in love with each other in 1989 I found a man who loves me when I thought nobody ever would I made Dave wait 167 days until our first romantic session He could have left but he waited for me He didn't know why I wanted to wait I needed to know that I could trust him first He didn't know about my molestation when I was nine years old I feel the book will help others and that is why I wrote it **Hearings** United States.
