ruefully on the thorns in the path of duty For more than a year I had never been out of khaki except the months I spent in hospital They gave me my battalion before the Somme and I came out of that weary battle after the first big September fighting with a crack in my head and a D S O I had received a C B for the Erzerum business so what with these and my Matabele and South African medals and the Legion of Honour I had a chest like the High Priest s breastplate I rejoined in January and got a brigade on the eve of Arras There we had a star turn and took about as many prisoners as we put infantry over the top After that we were hauled out for a month and subsequently planted in a bad bit on the Scarpe with a hint that we would soon be used for a big push Then suddenly I was ordered home to report to the War Office and passed on by them to Bullivant and his merry men So here I was sitting in a railway carriage in a grey tweed suit with a neat new suitcase on the rack labelled C B The initials stood for Cornelius Brand for that was my name now And an old boy in the corner was asking me questions and wondering audibly why I wasn t fighting while a young blood of a second lieutenant with a wound stripe was eyeing me with scorn The old chap was one of the cross examining type and after he had borrowed my matches he set to work to find out all about me He was a tremendous fire eater and a bit of a pessimist about our slow progress in the west I told him I came from South Africa and was a mining engineer Mr. Standfast (WWI Centenary Series) John

Mr. Standfast (Richard Hannay) John Buchan, 2010-12 For those who like good clean spy type fun this is a SUPERLATIVE work Part three in the adventures of Richard Hannay which started with Buchan's well known Thirty nine Steps this is a first rate thriller set on the eve of World War I with plenty of atmosphere and hair breadth escapes plus an excellent dogfight climax in the skies over France Along with everything else it has some sound theological reflections the title being a character from Pilgrim's Progress about courage and fortitude Although not as tightly plotted as Greenmantle and The Thirty Nine Steps its predecessors in the series it's still a nail biting exciting adventure story sure to have you hooked for most of the first half and the whole second half In Part One Hannay spends some time with artistic types very familiar to those of us who enjoy lowbrow fare and then spends some time in radical political circles in Glasgow Although it can be slow there are lashings of satire to keep you chuckling Then the plot begins to move through the Scottish Highlands in a sequence akin to The Thirty Nine Steps but with far more characterization and philosophy than the earlier book During this time Hannay realizes that he's in love pretends to be drunk and impersonates a movie director No it's not one of those spy novels with miserable characters and a depressing plot in case you were wondering The second half however is peerless The stakes rise the scene shifts to the battlefields of Europe and the adventure is non stop Hannay must outwit a foe far more intelligent and ruthless than himself try to pick up the courage to propose to lovely clever young Mary Lamington and manage to survive a brutal war The climax is breathtaking and actually has you fearing for the outcome moreover it shows that Buchan was not in fact blissfully unaware of the horrors of trench warfare as many people reading his optimistic work today would think Highly recommended
