school system has in fact deepened existing inequalities We can do better argue acclaimed sociologists Katherine Newman and Hella Winston Taking a page from the successful experience of countries like Germany and Austria where youth unemployment is a mere 7% they call for a radical reevaluation of the idea of vocational training long discredited as an instrument of tracking The United States can prepare a new high performance labor force if we revamp our school system to value industry apprenticeship and rigorous technical education By doing so we will not only be able to meet the growing demand for skilled employees in dozens of sectors where employers decry the absence of well trained workers we will make the American Dream accessible to all     *October 2022 - Surplus Record Machinery & Equipment Directory* Surplus Record,2022-10-01 SURPLUS RECORD is the leading independent business directory of new and used capital equipment machine tools machinery and industrial equipment listing over 100 000 industrial assets including metalworking and fabricating machine tools chemical and process equipment cranes air compressors pumps motors circuit breakers generators transformers turbines and more Over 1 100 businesses list with the SURPLUS RECORD October 2022 issue Vol 99 No 10
