Prébin, 2013-05-06 Thoughtfully written drawing on her own life experience as well as her anthropological training Prébin provides us with a new window into the complex world of transnational adoption She weaves together kinship media and globalization as well as recent Korean history to offer us lessons about today's adoption practices Barbara Katz Rothman author of *Weaving A Family Untangling Race and Adoption* A great mobilization began in South Korea in the 1990s adult transnational adoptees began to return to their birth country and meet for the first time with their birth parents sometimes in televised encounters which garnered high ratings What makes the case of South Korea remarkable is the sheer scale of the activity that has taken place around the adult adoptees return and by extension the national significance that has been accorded to these family meetings Informed by the author's own experience as an adoptee and two years of ethnographic research in Seoul *Meeting Once More* sheds light on an understudied aspect of transnational adoption the impact of adoptees on their birth country and especially on their birth families The volume offers a complex and fascinating contribution to the study of new kinship models migration and the anthropology of media Elise Prébin was born in South Korea in 1978 was raised in France and is now living in New York City with her husband and daughter In 2006 she obtained her PhD at University of Paris X Nanterre in social anthropology was a postdoc and lecturer at Harvard University from 2007 to 2009 and served as Assistant Professor at Hanyang University South Korea from 2010 to 2011 She is now an independent scholar **Once More Unto the Speech, Dear Friends: The histories** William Shakespeare, 2006-09 Applause Books There has been a great change in the last twenty years to actor auditions which now require the demonstration of enormous flexibility The actor is often expected to show more range than ever before and often several shorter audition speeches are asked for instead of one or two longer ones To stay at the top of his or her game the Shakespearean actor needs more knowledge of what makes the play tick especially since the early plays demand a different style from the later ones Each genre comedy history tragedy has different requirements No current monologue book deals directly with the bulk of these concerns *Once More unto the Speech Dear Friends* now fills that gap This three volume set will help actors discover the extra details of humanity that the original folio texts automatically offer Of Shakespeare's 37 plays only *Pericles* is not included In the trilogy of books there are over 900 separate audition possibilities This represents about 600 more monologues than are available in any other series There are four parts to each speech A background giving context and approximate timing A modern text version The original folio version Commentary to explain the differences between the two texts including full discussion of the devices peculiar to that speech's genre the age and gender of the character and more **Once More Unto the Speech, Dear Friends: The tragedies** William Shakespeare, 2006-12 Applause Books There has been a great change in the last twenty years to actor auditions which now
