The Comeback Daniel de Visé, 2020-05-14 Greg LeMond was Lance Armstrong before Lance Armstrong the story of a true hero This is a must read if you believe in miracles John Feinstein New York Times bestselling author In July 1986 Greg LeMond stunned the sporting world by becoming the first American to win the Tour de France the world's pre eminent bicycle race defeating French cycling legend Bernard Hinault Nine months later LeMond lay in a hospital bed his life in peril after a hunting accident his career as a bicycle racer seemingly over And yet barely two years after this crisis LeMond mounted a comeback almost without parallel in professional sports In summer 1989 he again won the Tour arguably the world's most grueling athletic contest by the almost impossibly narrow margin of 8 seconds over another French legend Laurent Fignon It remains the closest Tour de France in history A blend of chaos kindness and cruelty typifies the scenes that journalist de Vis brings to life in this sympathetic verging on reverential retelling of LeMond's trailblazing career first American to enter the tour first to win it As an author in quest of his protagonist's motivation de Vis subjects it to extreme torque The Washington Post A great book Well written and thoroughly researched Engrossing and hard to put down If you're a Greg LeMond fan The Comeback is a must read because it's a detailed accounting of his career and more importantly his life and person off the bike It's also an important reminder that American cycling did not begin and end with Lance Armstrong PEZ

The Monuments Peter Cossins, 2014-03-13 Peter Cossins is an engaging writer whose conversational style makes this an effortless yet interesting read The cosy tone delivers a great deal with a good balance of history and anecdotes If you wish to explore cycling beyond the Grand Tours this is the book Carlton Kirby An awe inspiring history of the five most legendary classic races in world cycling The Tour de France may provide the most obvious fame and glory but it is cycling's one day tests that the professional riders really prize Toughest longest and dirtiest of all are the so called Monuments the five legendary races that are the sport's equivalent of golf's majors or the grand slams in tennis Milan Sanremo the Tour of Flanders Paris Roubaix Liège Bastogne Liège and the Tour of Lombardy date back more than a century and each of them is an anomaly in modern day sport the cycling equivalent of the Monaco Grand Prix Time has changed them to a degree but they remain as brutally testing as they ever have been They provide the sport's outstanding one day performers the likes of Philippe Gilbert Fabian Cancellara Mark Cavendish Tom Boonen Peter Sagan and Thor Hushovd with a chance to measure themselves against each other and their predecessors in the most challenging tests in world cycling From the bone shattering bowler hat cobbles of the Paris Roubaix rumoured to be Bradley Wiggins next challenge to the insanely steep hellingen in the Tour of Flanders each race is as unique as the riders who push themselves through extreme exhaustion to win them and enter their epic history Over the course of a century only Rik Van Looy Eddy Merckx and Roger De Vlaeminck have won all five races Yet victory in a single edition of a Monument guarantees a rider lasting fame For some that one victory has even more cachet than success in a grand tour Each of the Monuments has a fascinating history featuring tales of the finest and largest characters in the sport In *The Monuments* Peter Cossins tells the tumultuous history of these extraordinary races and the riders they have immortalised
