One Tree Hill 1 The Beginning:

The Battle of One Tree Hill Ray Kerkhove, Frank Uhr, 2019 In 1840 Brisbane was the furthest outpost of settled Australia On all sides it was embedded in a richly Indigenous world Over the next few years mostly from across New South Wales northern plains a large push of pastoralists poured into the Darling Downs Lockyer and much of southern Queensland establishing huge sheep stations The violence that erupted welded many of the tribal groups into an alliance that by 1842 was working to halt the advance The Battle of One Tree Hill tells the story of one of the most audacious stands against this migration It concerns actions engineered by a father and son Moppy and Multuggerah In 1843 this culminated in an ingenious ambush and one of the first solid defeats of white settlement in Queensland The battle at Mount Table Top 128 kilometres west of Brisbane astounded many at the time The response was most likely the largest action of the frontier wars the assembly of some 100 or more officers soldiers police and armed settlers much of the region's white settlement drawn from hundreds of square kilometres This force sought to drive out the warriors but despite their best efforts resistance not only persisted but managed a few more victories A fort had to be established to protect travellers and brutal skirmishes massacres raids and robberies trickled on for decades The Battle of One Tree Hill introduces us to many of the flamboyant characters curious reversals of fortune and neglected incidents that together helped establish early Queensland This narrative work combines decades of archival research analysis reconstruction and interviews conducted by historians Ray Kerkhove and Frank Uhr

Young Logan Campbell R.C.J. Stone, 2013-11-01 Sir John Logan Campbell is known as the Father of Auckland he is synonymous with that city As this first volume of his biography shows however he was not particularly enamoured of a pioneering life or of the settlement in which he led it His purpose in coming to New Zealand and remaining here was to make enough money to live the life of a leisured gentleman in Europe By the end of this book he seemed to have achieved his goal Campbell left probably a more comprehensive set of papers than any other early settler From them R C J Stone has told a story which not only reveals the complexities of the man himself but moves further to the patrician Scottish background to his fellow settlers in Auckland especially his energetic partner William Brown to the details of the business acumen by which they acquired their premier position among the merchants of Auckland and to the turmoil of colonial politics
