I've tried playing it cool
But when I'm looking at you
I can't ever be brave
Cause you make my heart race
Shut me out of the sky
You're my kryptonite
You keep making me weak
Yeah, frozen and can't breathe

Something's gotta give now
Cause I'm dying just to make you see
That I need you here with me now
Cause you've got that one thing

So get out, get out, get out of my head
And fall into my arms instead
I don't, I don't, don't know what it is
But I need that one thing
And you've got that one thing

Now I'm climbing the walls
But you don't notice at all
That I'm going out of my mind
All day and all night
Something's gotta give now
Cause I'm dying just to know your name
And I need you here with me now
Cause you've got that one thing

So get out, get out, get out of my head
And fall into my arms instead
I don't, I don't, don't know what it is
But I need that one thing
Get out, get out, get out of my mind
And come on, come into my life
I don't, I don't, don't know what it is
But I need that one thing
And you've got that one thing

Bob Dylan Outside the Law Robert Reginio,2025-09-26 This book argues that the songs on Bob Dylan s John Wesley Harding are deeply concerned with the

fractures in collective memory and politics contemporary with its composition and recording The songs are thorough investigations of the ethics of memory in America Critics and curators frame this song series as a return to Dylan's folk roots and as a retreat from the political Specifically critics argue that Dylan on this album retreats from the explicitly political into the realm of timeless universal moral concerns as if these discourses can be so separated The present book seeks to remedy these oversights and illuminate the reception of Dylan's songwriting art The summer of 1967 was understood by white middle class young people as The Summer of Love For African Americans 1967 was understood as The Long Hot Summer of racial tension and rioting Dylan's aversion to The Summer of Love is well documented and John Wesley Harding is understood by critics as yet another step by Dylan away from his audience's desires This book examines what the album's provocation entails it asserts that the album is a reckoning with the tensions in American memory and history that subtend the explosive Long Hot Summer The book deploys a method informed by poststructuralism especially the work of Jacques Derrida to dismantle the notion of original and authentic forms and histories to which one can return and explain how this ironic dismantling expresses a deeply felt ethical response to American memory and its discontents In so doing the book asks how art can respond to our chaotic and strife-ridden century *A Survey of Maithili Literature* Radhakrishna
