Hinduism Accepts Allah Sadhu Ratan Puri, 2016-06-26 This book does not put any religion in the negative but only convincingly puts forward an argument that in Hinduism also God is formless Many of you are not aware that idol worshipping in Hinduism was not there in the beginning when the religion began and it was added later by several sages for reasons I have given below Personally I believe the whole system of current worship in Hinduism would have been different if people had the capability to understand and the subject of Advaita Vedanta The knowledge of which is above all other Vedas In Hinduism knowledge of Vedas is not the highest knowledge but the highest knowledge is the knowledge of self as knowledge about self is the only way we can know about the Supreme Understanding that Hinduism got drifted away from the original worship of formless god to idol worship is very easy Just look at Saint Sai Baba of Shirdi who lived a simple life just a century ago and is today worshipped by millions of Hindus with lot of temples dedicated to him This is an example of how Hinduism got drifted away in thousands of years it existed from the original concept of formless one supreme God We will also have a detailed explanation of energy which in Hinduism was the other half of God also created by him and known as goddesses or Shakti The subject of energy has been explained in detail in the book because the author states if anything cannot be classified as energy then it is only the one and only one supreme God The two combined and give us all the illusion which is the world we see and believe There is a chapter which compares science as just another religion and searching for something within the illusion In Vishnu Purana we find Lord Vishnu is praised immensely and Lord Shiva is treated as secondary But if you look at Shiva Purana Lord Shiva is immensely praised and the same goes with Devi Bhagavata This was

done to create in the aspirant an intense unquestionable faith in his favorite deity Because in Hinduism we may worship the same God in any form that we believe If I have mentioned God as him then that should not be taken as a masculine character but used only because in Hinduism energy is considered in feminine form We all know that energy does not physically look like a female even though it is considered as feminine by religious principles *History of Non-dual Meditation Methods*

Javier Alvarado Planas,2014-08-29 The aim of this book is to study certain meditation methods followed not only by religious traditions or metaphysical movements that are still alive nowadays like Advaita Vedanta Kabbalah within the Jewish tradition Christianity or Islam particularly Sufism but also practiced by other currents or schools that even though already gone significantly influenced the West This is the case of Neoplatonism or Stoicism whose influence was felt by ancient and medieval Christianity or Greco Egyptian Hermetism which played an important role in the European cultural Renaissance from the 15th century on A special consideration has been given to Christian tradition introducing some of the most representative authors of recollection and their meditation methods Este libro tiene por finalidad el estudio de ciertos m todos de meditaci n seguidos no solo por tradiciones religiosas o movimientos metaf sicos que contin an vivos actualmente como el vedanta advaita la c bala en la tradici n jud a el cristianismo o el isl m particularmente el sufismo sino practicados tambi n por otras corrientes o escuelas que aunque ya desaparecidas influyeron significativamente en Occidente Es el caso del neoplatonismo o del estoicismo cuya influencia se dej sentir en el cristianismo antiguo y medieval o del hermetismo greco egipcio que tuvo un papel destacado en el Renacimiento cultural europeo a partir del siglo XV Especial consideraci n se ha dado a la tradici n cristiana mostrando algunos de los autores m s representativos del recogimiento y de su m todo de meditaci n
