San Francisco Bay Region Chapter,1989 *Attempt to Uproot Sunni-Arab Influence* Nabil Khalifé,2017-01-24 In the aftermath of popular uprisings that unleashed the quest for freedom Arab governments scrambled to limit sectarian divisions though much of these efforts came to naught Regrettably weak governments fell into carefully laid traps aimed to divide and rule Protracted wars further destroyed Arab wealth and cohesiveness and Sunni communities saw their power bases marginalised On cue and predicted by some commentators extremist movements like the so called Islamic State emerged targeting Sunnis with extreme violence In 2014 Nabil Khalife an established Lebanese thinker published a widely praised thesis that identified the root causes of renewed sectarian tensions at a time when confrontations polarised awakened Arab societies Based on an extensive discussion of the 1979 Iranian Revolution that toppled the Shah Khalife

advanced the notion that the revolution was not Islamic but an Iranian Shiah rebellion that ended the Pahlavi military monarchy and that the post 2011 Sunni Shiah struggle was planned by leading Western powers including Russia to preserve Israel and impose the latter's acceptance in the Middle East as a natural element. In this translation of *Istihdaf Ahl al Sunna Targeting Sunnis* Joseph A Kechichian analyses the fundamental questions raised by the author to better place the current sectarian collision in a geo strategic global perspective. Based on the book's avowals of how the world's three monotheistic religions perceive each other and Political Sunnism Kechichian assesses Henry Kissinger's famous appellation of the Middle World that houses significant and indispensable oil resources and why that allegedly makes it Political Sunnism dangerous. In a comprehensive introduction to the translation he describes various initiatives that led global powers to check the undeniable force of Political Sunnism.
