**Claire Warden**

## **Online Learning Nature Embedding Outdoor Practice:**

**Learning with Nature** Claire Warden, 2015-09-26 Learning outside the classroom is a key part of early years and primary practice and is on the rise in settings across the world This book centres on outstanding outdoor practice and how children can learn and develop in natural environments Focussing on children aged from 2-11 this book contains A self evaluation toolkit for educators to reflect on what they are doing now and where to develop to be more effective Examples of practice from around the world and in various environments including urban settings An entire chapter on assessment and planning to help ensure and demonstrate quality of provision Looking at all the possibilities and approaches there are models for practice to suit every setting so that everyone can make outdoor learning part of the core teaching and learning objectives Claire Warden is an educational consultant with an international reputation for pioneering work in education and a focus on children's connection to the natural world

*The SAGE Handbook of Outdoor Play and Learning* Tim Waller, Eva Årlemalm-Hagsér, Ellen Beate Hansen Sandseter, Libby Lee-Hammond, Kristi Lekies, Shirley Wyver, 2017-06-19 There has been a growing academic interest in the role of outdoor spaces for play in a child's development This text represents a coordinated and comprehensive volume of international research on this subject edited by members of the well established European Early Childhood Education Research Association Outdoor Play and Learning SIG OPAL Chapters written by authors from Europe North and South America Australasia and Asia Pacific countries are organised into six sections Theoretical Frameworks and Conceptual Approaches for Understanding Outdoor Play Learning Critical Reflections on Policy and Regulation in Outdoor Play Learning Children's Engagement with Nature Sustainability and Children's Geographies Diverse Contexts and Inclusion in Children's Outdoor Play Environments Methodologies for Researching Outdoor Play and Learning Links Between Research and Practice

**Reimagining the Role of Teachers in Nature-based Learning** Rachel Larimore, Claire Warden, 2024-10-29 Learn how to integrate nature based pedagogy in this practical and inviting book Nature based teaching is getting more attention in early childhood education settings and can positively impact the development of young children's curiosity confidence and care You will learn to not only identify but also embody the many roles teachers play when implementing nature based strategies Chapters lay out the research and theory behind each role specific language or behaviors of what that role looks like in practice and reflexive questions to help educators reflect on their practice This is perfect for in service early childhood educators including infant toddler preschool and elementary providers interested in more intentional use of nature in their teaching

**Educating Children Outdoors** Amy Butler, 2024-03-15 No detailed description available for Educating Children Outdoors

**Children Learning Outside the Classroom** Sue Waite, 2017-02-13 The new edition of this bestselling textbook continues to help students and professionals understand the importance of getting children learning outside the traditional classroom and is packed full of creative information and ideas for teachers and practitioners to incorporate outdoor activities throughout the school curriculum Significantly revised and

updated the second edition now includes 7 brand new chapters on Methods of assessment and evaluation Global perspectives on outdoor learning Developing whole school approaches to indoor and outdoor teaching Technology and its role outside the classroom Special Education Needs and Disabilities SEND and learning outdoors Forest School The environmental sector and outdoor learning Whether you re training to become a teacher or already working in the classroom this book demonstrates how the outdoor environment is enriching learning opportunities for children and deepening their connections with the natural world NOW FEATURING Online resources that include free SAGE journal articles weblinks annotated further readings and video to help translate theory into real life practice Sue Waite will be discussing key ideas from Children Learning Outside the Classroom From Birth to Eleven in the SAGE Early Years Masterclass a free professional development experience hosted by Kathy Brodie To sign up or for more information *The Sociology of Early Childhood* Yarrow Andrew,Jennifer Fane,2018-09-03 The Sociology of Early Childhood brings a new perspective to the field of early childhood education offering insights into how children s diverse backgrounds shape their life chances This book will be invaluable for all early childhood educators and students who want to explore the complexities of contemporary society The book takes us through the lives of children from birth to eight years of age highlighting key issues for babies for toddlers and for older children as they grow and learn Exploring key aspects of inequality such as gender social class race disability Indigeneity and sexuality the sociological insights of this book help educators navigate their role as guides mediators and advocates for young children Whether it is understanding children s emotions working with families or understanding the challenges of climate change this book will help with practical and relevant knowledge Traditional approaches to early childhood focus on individual children often missing a critical awareness of social relationships There has also been a narrow understanding of children s abilities at a given age or stage which has ignored the significant impacts of power privilege and disadvantage Using sociological theory the authors unpack how these big issues affect all aspects of children s lives showing how children struggle to overcome the negative stereotypes which operate to diminish the life chances of many children This book gives all those who care about or for young children the tools and understanding to become powerful advocates for a better childhood and a better world **Proceedings of the International Joint Conference on Arts and Humanities 2023 (IJCAH**

**2023)** Ali Mustofa,Ima Widiyanah,Binar K. Prahani,Imami A. T. Rahayu,Moh. Mudzakkir,Cicilia D. M. Putri,2023-12-18 This is an open access book Welcome to the International Joint Conference on Arts and Humanities 2023 held by State University of Surabaya This joint conference features four international conferences the International Conference on Education Innovation ICEI 2023 the International Conference on Cultural Studies and Applied Linguistics ICCSAL 2023 the International Conference on Research and Academic Community Services ICRACOS 2023 and the International Conference of SocialScience and Law ICSSL 2023 It encourages dissemination of ideas in arts and humanity and provides a forum for intellectuals from all over the world to discuss and present their research findings on the research area This conference was

held in Surabaya East Java Indonesia on August 26th 2023 September 10th 2023      **Green Teaching** Claire

Warden,2022-04-29 Just being outside doesn't always guarantee a connection to the natural world. An awareness of the environment needs to be embedded within the curriculum and with climate change and sustainability being such important and urgent issues, this book is a timely and much needed resource for early years and primary educators. Introducing nature pedagogy, an approach that seeks to respect and support the rights of children and the planet together. Nature pedagogy encourages all educators to embrace eco logical choices and to use nature as the location resource and context for learning. The author draws on international research and case studies to offer a way forward to embed green teaching and a nature based pedagogy in practice and transform teaching with young children      *Early Literacy For Under-Fives* Karen

Boardman,2024-01-05 Embracing a multi modal approach to early literacy, this textbook supports students as aspiring early years professionals with their understanding of early reading for under fives and the critical links to language literacy and learning. This book looks at early literacy in all its forms including mark making, sharing stories, making music and covers the breadth of literacy learning opportunities that take place outdoors and in museums, art galleries and more. With chapters on phonics, the deficit model, digital literacies and storytelling, this book is packed with everything you need to support you on your degree and help you to develop into a literacy advocate for under fives. This key text features individual chapter overviews that enable you to review and rethink activities that bring theory into practice and engaging case studies to provoke deeper thought. With reflection points and review and rethinking pedagogy sections, this interactive book emphasises the importance of engaging young children with early literacy activities      *Mathematics in Early Childhood* Oliver

Thiel,Elena Severina,Bob Perry,2020-11-05 Structured around Bishop's six fundamental mathematical activities, this book brings together examples of mathematics education from a range of countries to help readers broaden their view on maths and its interrelationship to other aspects of life. Considering different educational traditions and diverse contexts and illustrating theory through the use of real life vignettes throughout, this book encourages readers to review, reflect on and critique their own practice when conducting activities on explaining, counting, measuring, locating, designing and playing. Aimed at early childhood educators and practitioners looking to improve the mathematics learning experience for all their students, this practical and accessible guide provides the knowledge and tools to help every child      **Challenges in Early**

**Years and Primary Education** Estelle Tarry,2022-06-30 **Challenges in Early Years and Primary Education** focuses on the teaching and learning of children in early years and primary school settings and creates awareness and a deeper understanding of current and critical education issues such as wellbeing, global education, online teaching and teaching and learning in a multicultural society. This book encourages the development of the underpinning knowledge and understanding of teaching and learning, recognising good mental health and the solid principles of working with children, families and other professionals. Through discussions on a range of interrelated factors that contribute to children's development and learning

and progressive participation expert contributors explore ways to respond to and ameliorate the effects of the pandemic and other possible challenges that education professionals and children might face in the future Challenges in Early Years and Primary Education is ideal reading for educational practitioners including teachers and anyone working in aligned educational settings as well as students in the field of early years and primary education

**High-Quality Outdoor Learning** Rolf Jucker, Jakob von Au, 2022-08-31 This open access book reviews evidence and case studies on the effects of outdoor learning on teachers and learners It shows how real world learning outside the classroom contributes to unlocking the full potential of learners demonstrating its benefits for academic learning social competencies personal and emotional development psychological well being and physical activity and health In addition the book highlights how outdoor learning nurtures environmental awareness and helps learners to tackle current sustainability challenges Its focus on high quality learning makes it a unique contribution to the implementation of SDG 4 Aimed at lecturers at teacher training universities teachers professional educators coaches and multipliers who train staff of educational NGOs as well as decision makers on all levels of education systems this book is of interest to all those who seek a more in depth understanding of the future of education

**Early Childhood Education and Care for Sustainability** Valerie Huggins, David Evans, 2017-11-10 This innovative and timely book explores issues and concerns surrounding Education for Sustainable Development in early childhood providing a range of perspectives on how we can live and promote more healthy just and sustainable lives It examines the professional responsibility of Early Years practitioners to embed sustainability into their everyday practice and to ensure that young children are acquiring the knowledge and skills they need to become effective agents of change committed problem solvers and system thinkers Bringing together international examples of best practice drawing on cutting edge research and providing an array of practical examples chapters focus on issues such as the historical context of Early Education for Sustainability complexities and challenges involved in implementing sustainable approaches encouraging children to contribute to an enabling society adopting environmentally sustainable approaches in Early Years settings the future of sustainability in Early Years education This book offers essential support to Early Years educators practitioners and students who are key players in shaping the fundamental attitudes and beliefs of our planet s future citizens enabling them to assume their responsibilities now and in the future in regard to environmental social and economic sustainability

*Supporting Children's Creativity through Music, Dance, Drama and Art* Fleur Griffiths, 2017-09-14 An essential part of children s development in the early years involves creative engagement through language gestures body movements drawing music and creating shared meanings in playful contexts Supporting Children s Creativity through Music Dance Drama and Art brings together contributions from a range of early years practitioners and professionals sharing their creative conversations and helping readers to implement the themes of the Early Years Foundation Stage framework in a creative way Including a new chapter to explore the relationships between music and movement this second edition has been fully updated

and covers How to incorporate music making and storytelling in the classroom How to use stories of practice to inspire reflection and change How to extend challenge and sustain children s interests How to make use of the Talking Table and Helicopter approaches How to become an effective play partner How to improve practice with interactive strategies and music for well being How to use observation to inspire planning and learning projects Appealing to all with an interest in early years practice this new edition demonstrates how parents carers and practitioners can put excitement and inspiration back into the learning process guiding them to encourage and support the creative capacities of young children

Embedding Current Trends and Innovative Pedagogies in Education in Oral Health: Advancing Educational Practices and Research Melanie Nasseripour, Ana Angelova Volponi, Jonathan San Diego, Angelo Leone, Bo Danielsen, 2025-03-03 In recent years oral health educational research has gained momentum and recognition with attention drawn toward its effectiveness Pedagogy and research in pedagogy is no longer limited to pure educationalist but has reached all branches of higher education and in particular health and oral health faculties Teaching and research in teaching is recognized in academic career pathways with curriculum development design informed by research Professionalism ethics management and leadership communication social behavior sciences psychology and clinical humanities are taking up more and more shares of new oral health curricula to answer the demands of current dental care practice and oral health team members The COVID 19 pandemic accelerated adoption of technology to maintain oral health education while lockdown hindered face to face teaching and patient care This in turn required analysis and research in social and digital media artificial intelligence haptics and computer assisted learning virtual and augmented reality as applied to dental education Considering this new landscape in oral health education assessment and assessment strategies have had to evolve and meet new challenges Assessment for learning as learning and of learning have been designed to ensure graduation of safe beginners The emphasis is on professional identity formation and acquiring lifelong learning skills revolving around feedback reflection and reflective practice The impact on student and staff welfare and wellbeing has been evident and has required research into management and prevention Oral health education has been changed forever and with it the profile of our graduates but also the academics and clinical academics who teach them It is therefore essential to explore this exciting and growing field in a dedicated Research Topic We are calling for original research papers which will look to shine light on current trends as well as innovations developing in the field of education research as applied to oral health professions *Child Centred Planning in the Early Years Foundation Stage* Jo McEvoy, Samantha McMahon, 2019-05-27 Planning for learning in the EYFS is not a simple task Planning can be daunting time consuming and ineffective It is easy to fall into the trap of planning for activities and topics rather than planning for learning Be better more confident and effective at planning for learning in the EYFS with this book Explore the wider context of children s learning Make professional informed decisions to support all children Use statutory and non statutory guidance appropriately Be responsive to children s individual needs Capitalize on learning

opportunities as they arise Be an advocate for child centred planning      **Children's Creative Inquiry in STEM** Karen Janette Murcia, Coral Campbell, Mathilda Marie Joubert, Sinead Wilson, 2022-04-05 This edited volume brings together international research that explores children's creativity in STEM inquiry It takes the position that creativity is relevant in all aspects of life and is essential for adaptable and innovative thinking The research informed content of the book highlights both challenges and opportunities for growing children's creativity The book focuses on fostering children's creativity and natural curiosity in the world around them through STEM inquiry Through STEM inquiry children are learning through a cross disciplinary approach where they apply concepts from multiple fields as they are thinking creatively problem solving and constructing solutions Educators play a critical role in encouraging children's creativity by modelling creativity providing creative projects for children and importantly establishing rich culturally connected environments where children have the resources conditions and opportunities for acting and thinking creatively The book provides a lens for looking at children's creativity in a range of different cultural settings It offers insight and guidance to future research and will build educators capacity for developing children's creative practices      Flourishing in the Early Years Zenna Kingdon, Jan Gourd, Michael Gasper, 2016-12-08 If young children are to flourish and become happy confident and motivated learners they need to develop in an environment that gives them the opportunities and freedom to play and learn along with the support of parents and practitioners who are flourishing themselves This invaluable text looks at the conditions that enable all those engaged in the early years sector to flourish covering themes such as the outdoor environment the curriculum parent partnership equality and ethical practice Divided into three sections each part covers Concepts A consideration of how flourishing is framed by political historical and policy frameworks Practices Exploring the issues that early years practitioners are faced with when engaging with parents and multi agent professionals within their setting Futures Examining some of the long term issues that may need to be revisited on a regular basis to enable continual and flourishing development to occur With key points and reflective tasks this book will be valuable reading to all students and practitioners working in the early childhood education and care sector who want to ensure that the children in their care are given the best possible start in life      *Risk and Outdoor Play* Tonia Gray, Marion Sturges, Jaydene Barnes, 2025-09-02 This book is the first of two volumes that provide an international snapshot of the contemporary state of outdoor risky play Utilising a range of voices it brings together perspectives from the United States of America Australia England New Zealand Singapore Slovenia Ireland Finland Turkey Italy Canada and South Africa to explore issues such as the enablers and opportunities afforded by risky outdoor play With diminished opportunities for children to engage in free play in the great outdoors and connect with nature there has never been a more important time to examine this topic in greater detail By unifying voices from across the globe this book seeks to empower each child's right to learn and develop naturally in risky outdoor play      The National Curriculum Outdoors: KS1 Deborah Lambert, Michelle Roberts, Sue Waite, 2020-06-25 Part of the National Curriculum Outdoors series aimed at

improving outside the classroom learning for children from Year 1 to Year 6 Teaching outside the classroom improves pupils engagement with learning as well as their health and wellbeing but how can teachers link curriculum objectives effectively with enjoyable and motivating outdoor learning in Key Stage 1 The National Curriculum Outdoors KS1 presents a series of photocopiable lesson plans that address each primary curriculum subject whilst enriching pupils with the benefits of learning in the natural environment Outdoor learning experts Sue Waite Michelle Roberts and Deborah Lambert provide inspiration for primary teachers to use outdoor contexts as part of their everyday teaching and showcase how headteachers can embed curriculum teaching outside throughout the school whilst protecting teaching time and maintaining high quality teaching and performance standards All of the Key Stage 1 curriculum lessons have been tried and tested successfully in schools and can be adapted and developed for school grounds and local natural environments What s more each scheme of work in this all encompassing handbook includes primary curriculum objectives intended learning outcomes warm up and main activities plenary guidance natural connections ICT and PSHE links and word banks Please note that the PDF eBook version of this book cannot be printed or saved in any other format It is intended for use on interactive whiteboards and projectors only

## Decoding **Online Learning Nature Embedding Outdoor Practice**: Revealing the Captivating Potential of Verbal Expression

In a time characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its ability to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring. Within the pages of "**Online Learning Nature Embedding Outdoor Practice**," a mesmerizing literary creation penned by a celebrated wordsmith, readers embark on an enlightening odyssey, unraveling the intricate significance of language and its enduring affect our lives. In this appraisal, we shall explore the book's central themes, evaluate its distinctive writing style, and gauge its pervasive influence on the hearts and minds of its readership.
