Locher,2004-07-30 Winner of the 2005 Shingo Prize for Excellence in Manufacturing Research Most lean initiatives conducted by manufacturers are focused mostly on shop floor activities mapping the value stream of raw material

to the shop floor customer Much of the untapped potential for productivity improvements lies however in non production areas where the value stream is administrative i e order to cash These office value streams directly support the daily production needs of an enterprise Beau Keyte and Drew Locher s new book *The Complete Lean Enterprise Value Stream Mapping for Administrative and Office Processes* offers a step by step approach to applying lean initiatives to the administrative and office environment It s a must read for leaders looking to improve their production support activities within their order to cash value stream The Complete Lean Enterprise is a valuable tool in applying value stream mapping VSM to non production areas identifying office wastes establishing performance metrics speeding up administrative workflow and improving office efficiency *Lean Higher Education* William K. Balzer,2017-11-15 In an environment of diminishing resources growing enrollment and increasing expectations of accountability *Lean Higher Education Increasing the Value and Performance of University Processes* provides the understanding and the tools required to return education to the consumers it was designed to serve the students It supplies a unifying framew **Empirical Studies of an Internet and Service Based Economy** Nabaz T. Khayyat,Goran M. Muhamad,2023-07-07 This book is a collection of eight studies covering several areas pertinent to the current technological and banking services situation in the Kurdistan region of Iraq The economy of the Kurdistan Region of Iraq KRI is mainly dependent on oil revenue The oil export revenue constitutes more than 90% of the government s fiscal revenue In addition to that the public sector plays an excessive role in the economy with public spending to GDP being over 70% while revenue from taxation constitutes less than 30% of total revenue As the economy is not diversified there is a large gap between demand and supply of locally produced tradeable goods leaving the KRI economy highly dependent on imports Another structural challenge of the KRI economy is its dependence on cash and a weekly financial system Although the region has witnessed extraordinary economic growth from 2008 to 2014 the growth rate decreased from 8 to 1 percent trade and investment dropped to 5 percent and the unemployment rate significantly increased to over 20% by the end of the year 2019 To maintain the progress of economic development it is necessary to upgrade the country s industrial structure in order to be able to generate more value added products which requires advancement in technological infrastructure to employ more sophisticated technologies There is not much written about Kurdistan and its economy and yet there is a comprehensive development plan and resources to be used for education research rehabilitation development and reconstruction As such this book would be of interest to researchers decision makers governmental and non governmental organizations undergraduate and graduate students and the general public with an interest in the Middle East and contemporary Kurdish issues It is a good up to date handbook for policymakers and NGOs involved in the rehabilitation reconstruction and development of Iraq *Service Systems Management and Engineering* Ching M.
