The Woman Behind the Nobel Peace Prize Anne Synnve Simensen,2018-05-05 Bertha von Suttner was a pioneer in the peace movement at the end of the 19th century while Alfred Nobel earned his fortune on the invention of dynamite This book tells the gripping story of their relationship and how she came to influence him in his decision to establish the Nobel Peace Prize the most prestigious prize in the world according to the Oxford Dictionary of Contemporary History Their correspondence of more than ninety letters written with intensity and elegance is the main source of this work

Young Bertha Kinsky as her maiden name is came from Austria to work as a secretary for Alfred Nobel in Paris in 1875 This

was the beginning of a friendship that would last for more than twenty years until Nobel's death in 1896. In *The Woman behind the Nobel Peace Prize* we follow the ups and downs of their professional and private lives and see how their stories and thinking interlink. Von Suttner full of vitality went from living the nonchalant life of a young aristocrat to become a dedicated peace activist and author a story of personal growth and female emancipation. Nobel an enigmatic character who combined technical passion with a literary interest increasingly looked for ways to support peaceful solutions as an alternative to war and von Suttner prodded him on through the stages of the writing of his last will. The reader is also taken on a journey through a Europe in an era of fundamental changes the decline of the aristocracy and the rise of the bourgeoisie the explosion of industrialization and the stark contrast of militarism and a peace movement full of optimism in La Belle Époque. But most of all this is a moving story that sheds new light on the origins of the Nobel Peace Prize in which the woman behind gets her rightful place. The author Anne Synnøve Simonsen developed her interest in the topic when she worked at the Nobel Peace Prize Centre in Oslo. First published by the Norwegian publishing company Cappelen Damm 2012 this is a revised and amplified edition for an English speaking audience. *The Nobel Peace Prize* Øivind Stenersen, Ivar Libæk, Asle Sveen, 2001

**The World's Most Prestigious Prize** Geir Lundestad, 2019-09-12. *The World's Most Prestigious Prize: The Inside Story of the Nobel Peace Prize* is a fascinating insider account of the Nobel peace prize. Drawing on unprecedented access to the Norwegian Nobel Institute's vast archive it offers a gripping account of the founding of the prize as well as its highs and lows triumphs and disasters over the last one hundred and twenty years. But more than that the book also draws on the author's unique insight during his twenty five years as Director of the Norwegian Nobel Institute and Secretary of the Norwegian Nobel Committee. It reveals the real story of all the laureates of that period some of them among the most controversial in the history of the prize Gorbachev Arafat Peres and Rabin Mandela and De Klerk Obama and Liu Xiaobo and exactly why they came to receive the prize. Despite all that has been written about the Nobel Peace Prize this is the first ever account written by a prominent insider in the Nobel system.
