Stuff Your Face Or Face Your Stuff Dorothy Breininger, 2013-05-07 While organizing the lives of her many clients Emmy nominated organizing expert Dorothy Breininger learned to face her own stuff and lost seventy five pounds in the process In this one of a kind book she addresses weight loss from the much needed perspective of what lies underneath our clutter metaphorically physically and emotionally Whether you re a packrat or a calorie counter a neat freak or a binge eater Breininger reveals why to be successful on the scale you must first master the clutter within you and around you With the same no holds barred candor that resonates with TV viewers she offers prescient advice to help anyone face their stuff with an organized step by step approach to either toss it tame it or tailor it to fit their lives Filled with personal stories from clients her own success story and tips from fitness coaches and organizing experts this imminently practical book gives everyone the tools to declutter their way to their dream size Things I Did When I Was Hangry Annie Mahon, 2011-08-23 After years of struggling with eating disorders and anxiety around food and eating Annie Mahon figured that having a path any path would be helpful When she read The Miracle of Mindfulness by Thich Nhat Hanh she found a path that not only changed her and her family s relationship with food but also transformed nearly every aspect of her life In Things I Did When I Was Hangry Annie shares her path to mindful cooking and eating The tools Mahon offers fit together like a wheel rather than sequential steps Readers are invited to just jump in and take what works for them Each section has a short humorous story about Annie's own journey toward more conscious cooking and eating She shares practices for developing mindfulness that will support more ease around food and journal questions to help you look more deeply at the roots of your thinking about food cooking and eating Simple delicious vegan recipes complement each section demonstrating mindful alternatives for every meal and many eating challenges including eating at work and school eating at restaurants and on vacation and mindfully feeding friends and entertaining Mindful eating has been shown to improve body acceptance diminish negative self talk and support weight loss Mindful cooking is a mindfulness practice in itself creating more ease in our day to day lives Annie Mahon's recipes and suggestions are scaffolding anyone can use to build their own mindful kitchen and eating practices The Real World, and the Other Real World Marcia Lewton, 2004 The feature these fifteen diverse stories have in common is the humor that comes of pushing the reality of ordinary life just a few inches over the edge In the first story Duke Drunk in the Driveway a family funeral turns into a double funeral seen through the eyes of a little girl Gwennie who also tells the story in Webs Family shames and secrets are observed by a sharp eyed child whose parents each try to win her allegiance against the other The Knitting Nancy and Pastures White with Clover are both told by women at the other end of life one celebrating her 80th birthday by imagining inviting people from all her old address books to a party the other wheeling out of the nursing home to go searching for her Own True Love The real world looks familiar enough in Ephesus New Jersey Here a young wife cowed by the moral correctness of her husband gets help from the ancient Greek philosopher

Heraclitus as she takes her own stand In Gorgonzola Suns a painter is encouraged by her husband through a bad day at an art fair A letter carrier visists Alaska in The Frontier where his dream of eagles helps him break his attachment to a fickle woman A grieving father in Concordia awaits the arrival of his paranoid son trying desperately to stay in the present moment and not be overcome by memories of the past and worries of the future Reality begins to escape the envelope in When the Gift Fits when a young man finds himself the recipient of a mysterious gift that will teach him something he needs to know as he discovers its meaning The mother of an endless brood of children escapes her family in Amelioration to live in a mini warehouse The next two stories in this collection are written as though the world were perfectly ordinary but is it A young man in The Almost Perfect Flaw discovers that his attraction to the perfect woman who is frail and light enough to carry in his arms with her long dark hair swinging down over his elbow stricken down in youth by a death that did not leave marks Longing to be respectable he has to settle for a woman who is only almost perfect The heroine of Change at the Fortune Cookie Factory inherits the family business and enhances both divisions dough and fortunes far beyond what her parents had accomplished In the last two stories we move into a more altered realm The Other Real World begins when a woman gives birth to twins one of which is a bear cub Raising the twins carries her into a realm of possibility other than city government and shopping malls And the narrator of Melanchthon and the Process Server tries to save her numerous babies from disappearing from a house with sixty five people living in it I can believe that there are already sixty five only by counting them as they leave each morning to forage for their contributions to the daily soup It is not possible I compared the area of the house with the area of a person lying down multiplied by sixty five it is not possible But there they go out the door with their foraging implements knives hooks nets ropes a Bible a can of Dog Away by which we snatch choice bones and a ragged five dollar bil Sixty three sixty four sixty five These stories deal with life s tough issues but always the humor rescues them from heavy solemnity The Preacher's Commentary, Complete 35-Volume Set: Genesis - Revelation Leslie C.
