

"Racial reconciliation" has become a catch phrase within our culture, with everyone offering his or her own view of how this should be achieved. But what does the *Bible* have to say about this issue? *One Blood* offers the biblical view of "racial reconciliation" and answers the question "Where did the 'races' come from anyway?"

Chapter 1 — Cain's Wife

Read the introduction and Genesis 1–5. Without reading the first chapter of *One Blood*, can you answer the question, "Where did Cain get his wife?"

Now read chapter 1.

1. List the biblical passages from which we derive the idea that Adam and Eve were the first two people.
2. Why is it important to understand that Adam was the first man?
3. Who was Cain's wife?
4. When was the law against brother-sister intermarriage implemented — and why?
5. Why is it important to be able to provide an answer to the question, "Who was Cain's wife?"

Chapter 2 — Natural Selection and Speciation

1. How does "speciation" actually work against the concept of evolution (in the "molecules-to-man" sense)?
2. How do mutations work?
3. When are mutations "beneficial"?
4. Explain how "natural selection" is consistent with the biblical concept of animals reproducing "after their kind."
5. What needs to happen within the genetic code in order for evolution to occur?

Chapter 3 / Chapter 4 — Genetics and the Human Family/One Race

1. How does Darwinism provide support for racism?
2. Explain, in your own words, how the characteristics of various people groups have come about.
3. Perform the exercise suggested on page 65 regarding the genetic make-up of the parents of "Britain's most amazing twins."
4. Discuss the effects that wrong ideas about the origin of people groups have had on the spread of the gospel.
5. Research and compile creation and flood stories from other cultures. Compare and contrast these stories with the true history found in Genesis.
6. Why is Jesus called the "last Adam"?
7. Explain the creation/gospel message.
8. What are some problems with accepting secular dating methods in relation to the "race" issue?

Chapter 5 — "Interracial Marriage"

Read Genesis 9–11 and chapter 5 from *One Blood*.

1. What was God's purpose in scattering the people who were building the Tower of Babel?
2. What was the mechanism God used to disperse the people?
3. What is the biblical basis and purpose for marriage?
4. What are the biblical requirements for a Christian's potential marriage partner?
5. List some biblical examples of so-called "interracial marriages" and explain the significance of them.
6. Explain true "interracial marriage."

One Blood John Perkins, 2018-04-03 Dr Perkins final manifesto on race faith and reconciliation We are living in historic times Not since the civil rights movement of the 60s has our country been this vigorously engaged in the reconciliation conversation There is a great opportunity right now for culture to change but it cannot be done without the church The church is the heart and moral compass of a nation To turn a country away from God you must sideline the church To turn a nation to God the church must turn first Racism won't end in America until the church is reconciled first Then and only then can it spiritually and morally lead the way In this his crowning work Dr Perkins speaks honestly to the church about reconciliation discipleship and justice and what it really takes to live out biblical reconciliation

Critical Care Study Guide Gerard J. Criner, Rodger E. Barnette, Gilbert E. D'Alonzo, 2010-06-27 Critical care

medicine is a dynamic and exciting arena where complex pathophysiologic states require extensive knowledge and up to date clinical information. An extensive knowledge of basic pathophysiology as well as awareness of the appropriate diagnostic tests and treatments that are used to optimize care in the critically ill is essential. Since our first edition 7 years ago new information crucial to the care and understanding of the critically ill patient has rapidly accumulated. Because this knowledge base crosses many different disciplines a comprehensive multidisciplinary approach presenting the information is essential similar to the multidisciplinary approach that is used to care for the critically ill patient. We have strived to provide this content in an easily digestible format that uses a variety of teaching tools to facilitate understanding of the presented concepts and to enhance information retention. To meet the demand to provide comprehensive and diverse education in order to understand the pathogenesis and optimum care of a variety of critical illnesses we have substantially revised the prior topics in the first edition with updated information. We have also markedly expanded the number of topics covered to include acute lung injury and the acute respiratory distress syndrome an expanded discussion of the physiology and operation of mechanical ventilation obstetrical care in the ICU neurosurgical emergencies acute coronary syndromes cardiac arrhythmias role of whole body rehabilitation in the ICU ethical conduct of human research in the ICU and nursing care of the ICU patient.
