The lack of a good and comprehensive introductory book was the main reason why I started to write the book in the first place I have made use of the best available scholarly literature Christian as well as secular The book contains a lot of my own research but it is also in very good agreement with the archaeological articles written by A J M Osgood can be read at creation com and the books of David Down Unwrapping the Pharaohs and Unveiling the Kings of Israel for example FFFK follows the absolute chronology of Floyd Nolen Jones The Chronology of the Old Testament As a Bible faithful narrative introduction to the history and archaeology of the ancient Near East From Flood to Fallen Kingdoms is far better than the existing apologetic works that come towards the genre of FFFK Evidence for the Bible by Clive Anderson and Brian Edwards Ancient Post Flood History by Ken Johnson The World s Story 1 The Ancients by Angela O Dell for example From Flood to Fallen Kingdoms will strengthen the faith of numerous believing readers who take the Holy Scriptures seriously They will also be surprised to see how well the first five post flood centuries from Ararat to Abraham which until now have been in great darkness can be elucidated through proper interpretation of biblical and archaeological evidence

**The Great Leveler** Walter Scheidel, 2025-05-20 How only violence and catastrophes have consistently reduced inequality throughout world history Are mass violence and catastrophes the only forces that can seriously decrease economic inequality To judge by thousands of years of history the answer is yes Tracing the global history of inequality from the Stone Age to today Walter Scheidel shows that inequality never dies peacefully Inequality declines when carnage and disaster strike and increases when peace and stability return The Great Leveler is the first book to chart the crucial role of violent shocks in reducing inequality over the full sweep of human history around the world Ever since humans began to farm herd livestock and pass on their assets to future generations economic inequality has been a defining feature of civilization Over thousands of years only violent events have significantly lessened inequality The Four Horsemen of leveling mass mobilization warfare transformative revolutions state collapse and catastrophic plagues have repeatedly destroyed the fortunes of the rich Scheidel identifies and examines these processes from the crises of the earliest civilizations to the cataclysmic world wars and communist revolutions of the twentieth century Today the violence that reduced inequality in the past seems to have diminished and that is a good thing But it casts serious doubt on the prospects for a more equal future An essential contribution to the debate about inequality The Great Leveler provides important new insights about why inequality is so persistent and why it is unlikely to decline anytime soon
