**Chicago by the Book** Caxton Club, 2018-11-20 Despite its rough and tumble image Chicago has long been

identified as a city where books take center stage In fact a volume by A J Liebling gave the Second City its nickname Upton Sinclair's *The Jungle* arose from the midwestern capital's most infamous industry The great Chicago Fire led to the founding of the Chicago Public Library The city has fostered writers such as Nelson Algren Saul Bellow and Gwendolyn Brooks Chicago's literary magazines *The Little Review* and *Poetry* introduced the world to Eliot Hemingway Joyce and Pound The city's robust commercial printing industry supported a flourishing culture of the book With this beautifully produced collection Chicago's rich literary tradition finally gets its due Chicago by the Book profiles 101 landmark publications about Chicago from the past 170 years that have helped define the city and its image Each title carefully selected by the Caxton Club a venerable Chicago bibliophilic organization is the focus of an illustrated essay by a leading scholar writer or bibliophile Arranged chronologically to show the history of both the city and its books the essays can be read in order from Mrs John H Kinzie's 1844 *Narrative of the Massacre of Chicago* to Sara Paretsky's 2015 crime novel *Brush Back* Or one can dip in and out savoring reflections on the arts sports crime race relations urban planning politics and even Mrs O Leary's legendary cow The selections do not shy from the underside of the city recognizing that its grit and graft have as much a place in the written imagination as soaring odes and boosterism As Neil Harris observes in his introduction Even when Chicagoans celebrate their hearth and home they do so while acknowledging deep seated flaws At the same time this collection heartily reminds us all of what makes Chicago as Norman Mailer called it the great American city With essays from among others Ira Berkow Thomas Dyja Ann Durkin Keating Alex Kotlowitz Toni Preckwinkle Frank Rich Don Share Carl Smith Regina Taylor Garry Wills and William Julius Wilson and featuring works by Saul Bellow Gwendolyn Brooks Sandra Cisneros Clarence Darrow Erik Larson David Mamet Studs Terkel Ida B Wells Barnett Frank Lloyd Wright and many more

Hagedorn, 2015-08-19 His account of relationships between street gangs of this period and Chicago s Outfit the legacy of Al Capone and others is especially important James F Short

author of *Poverty Ethnicity and Violent Crime In The Insane Chicago Way* John M Hagedorn's lively stories of extensive cross neighborhood gang organization tales of police gang corruption and discovery of covert gang connections to Chicago's Mafia challenge conventional wisdom and offer lessons for the control of violence today The book centers on the secret history of Spanish Growth Development SGD an organization of Latino gangs founded in 1989 and modeled on the Mafia's nationwide Commission It also tells a story within a story of the criminal exploits of the C Note the minor league team of the Chicago's Mafia called the Outfit which influenced the direction of SGD Hagedorn's tale is based on three years of interviews with an Outfit soldier as well as access to SGD's constitution and other secret documents which he supplements with interviews of key SGD leaders court records and newspaper accounts The result is a stunning heretofore unknown history of the grand ambitions of Chicago gang leaders that ultimately led to SGD's shocking collapse in a pool of blood on the steps of a gang organized peace conference *The Insane Chicago Way* is a compelling history of the lives and deaths of Chicago gang leaders At the same time it is a sociological tour de force that warns of the dangers of organized crime while arguing that today's relative disorganization of gangs presents opportunities for intervention and reductions in violence An intricate tale of violence mafia influence and police corruption Chicago Reader [Fear of a Hip-Hop Planet](#) D. Marvin Jones, 2013-04-01 Is Gangsta Rap just black noise Or does it play the same role for urban youth that CNN plays in mainstream America This provocative set of essays tells us how Gangsta Rap is a creative report about an urban crisis our new American dilemma and why we need to listen Increasingly police politicians and late night talk show hosts portray today's inner cities as violent crime ridden war zones The same moral panic that once focused on blacks in general has now been refocused on urban spaces and the black men who live there especially those wearing saggy pants and hoodies The media always spotlights the crime and violence but rarely gives airtime to the conditions that produced these problems The dominant narrative holds that the cause of the violence is the pathology of ghetto culture Hip hop music is at the center of this conversation When 16 year old Chicago youth Derrion Albert was brutally killed by gang members many blamed rap music Thus hip hop music has been demonized not merely as black noise but as a root cause of crime and violence *Fear of a Hip Hop Planet* America's New Dilemma explores and demystifies the politics in which the gulf between the inner city and suburbia have come to signify not only a socio economic dividing line but a new socio cultural divide as well [Postwar Urban America](#) John F. McDonald, 2014-12-17 This unique and inexpensive book provides a demographic and economic history of urban America over the last 65 years The growth and decline of most northern cities is contrasted with the steady growth of western and southern cities Various urban government policies are explored including federal state and local policies There is a chapter focusing on Detroit and its rapid decline toward bankruptcy and its recent strategies to slow recovery The final two chapters speculate on what's next for urban America and gives suggestions for stimulating growth [Corners in the City of God](#) Jonathan Tran, Myles Werntz, 2013-10-24 David Simon's *The Wire* lays out before us a city in which people struggle under the

weight of poverty political corruption economic despair educational collapse and the drug trade This volume explores the various theological ethical and philosophical challenges presented by *The Wire* As each season of *The Wire* unfolds the moral complexities of life in the city deepen as the failures of one system have unforeseen effects in other corners of the city Fleshing out the ongoing tension between the earthly city and the City of God *Corners in the City of God* is a theological companion to David Simon's masterpiece inviting the reader to wrestle with the implications of belonging fully to the cities of the world in all of their splendor and tragedy

**Flak-Catchers** Lindsey Lupo, 2010-12-02 *Flak Catchers* explores the ways in which riot commissions the institutional bodies appointed by an executive in the aftermath of a race riot to determine a riot timeline investigate causes and offer prescriptions for change have dealt with racial violence in the United States over the last century In studying five riots and their commissions Chicago 1919 Harlem 1935 Los Angeles 1965 USA 1967 and Los Angeles 1992 this book shows that riot commissions only serve to give the appearance of strong and responsive government action during uncertain times They primarily benefit the instituting body by focusing on a restoration of law and order while undermining any larger civil rights message However this book also challenges the prevalent idea that riot commissions are all the same by revealing how riot commissions have changed over the last century shifting in their prominence content and focus After the 1968 Kerner Commission which studied the 1967 summer riots it has become increasingly common for the riot commission to fail to answer fundamental questions posed by the crisis

**Daddy Grace** Marie W Dallam, 2007-11-01 This edgy and resourceful analysis of the early twentieth century preacher expands our understanding of a critical period in the black church experience Shayne Lee author of *T D Jakes America's New Preacher* In 1919 Charles Manuel Sweet Daddy Grace founded the United House of Prayer for All People long regarded as one of the most extreme Pentecostal sects in the country The flamboyant Grace wore purple suits with glitzy jewelry purchased high profile real estate and conducted baptisms in city streets with a fire hose He was also reputed to accept massive donations from his poverty stricken followers and use the money to live lavishly Though Grace appeared to be the glue that held this church together it has continued to thrive long after his death in 1960 After a period of restructuring and streamlining the House of Prayer remains active with a national membership in the tens of thousands In *Daddy Grace* Marie W Dallam offers both a religious history of the House of Prayer and an intellectual history of its colorful and enigmatic leader Dallam examines the religious nature of the House of Prayer the dimensions of Grace's leadership strategies and the connections between his often ostentatious acts and the intentional infrastructure of the church itself Furthermore woven through the text are analyses of the race class and gender issues manifest in the House of Prayer structure under Grace's aegis

**Race, Ethnicity and Social Theory** John Solomos, 2022-07-01 *Race Ethnicity and Social Theory* provides a critical analysis of the main areas of scholarly research and debate about racial and ethnic relations over the past few decades The book covers substantive areas of scholarly debate in this fast changing field including race and social relations identities and the construction of the racial other feminism and

race the relationship between race and nationalism antisemitism the evolution of new forms of racism race and political representation and more generally the changing debates about race and ethnicity in our global environment The book argues that there is a need for more dialogue across national and conceptual boundaries about how to develop the theoretical tools needed to understand both the historical roots of contemporary forms of racialised social and political relations and the contemporary forms through which race is made and re made A key argument that runs through the book is the need to develop conceptual frameworks that can help us to make sense of the changing forms of racial and ethnic relations in contemporary societies This means developing more dialogue across national research cultures as well as empirical research that seeks to engage with the key issues raised by contemporary theoretical debates The book will be of interest to both students wanting to develop a deeper understanding of this area of scholarship and to researchers of race ethnicity and migration working in various national and disciplinary environments
