## **Online Book New Kind Public Community Solidarity:**

*Digitize this Book!* Gary Hall, 2008 In the sciences the merits and ramifications of open access the electronic publishing model that gives readers free irrevocable worldwide and perpetual access to research have been vigorously debated Open access is now increasingly proposed as a valid means of both disseminating knowledge and career advancement In *Digitize This Book* Gary Hall presents a timely and ambitious polemic on the potential that open access publishing has to transform both a papercentric humanities scholarship and the institution of the university itself

**Democracy Online** Peter M. Shane, 2004-07-15 Taking a multidisciplinary approach that they identify as a cyber realist research agenda the contributors to this volume examine the prospects for electronic democracy in terms of its form and practice while avoiding the pitfall of treating the benefits of electronic democracy as being self evident The debates question what electronic democracy needs to accomplish in order to revitalize democracy and what the current state of electronic democracy can teach us about the challenges and opportunities for implementing democratic technology initiatives

**Virtual Communities** Felicia Wu Song, 2009 Does contemporary Internet technology strengthen civic engagement and democratic practice The recent surge in online community participation has become a cultural phenomenon enmeshed in ongoing debates about the health of American civil society But observations about online communities often concentrate on ascertaining the true nature of community and democracy typically rehearsing familiar communitarian and liberal perspectives This book seeks to understand the technology on its own terms focusing on how the technological and organizational configurations of online communities frame our contemporary beliefs and assumptions

about community and the individual It analyzes key structural features of thirty award winning online community websites to show that while the values of individual autonomy egalitarianism and freedom of speech dominate the discursive content of these communities the practical realities of online life are clearly marked by exclusivity and the demands of commercialization and corporate surveillance Promises of social empowerment are framed within consumer and therapeutic frameworks that undermine their democratic efficacy As a result online communities fail to revolutionize the civic landscape because they create cultures of membership that epitomize the commodification of community and public life altogether

**(Un)Certain** Olivia Jackson,2023-03-28 Un Certain A Collective Memoir of Deconstructing Faith uncovers the courage and vulnerability of over 150 individuals from around the world as they navigate through their unravelling beliefs Olivia Jackson weaves together stories of deeply committed believers who reached a breaking point with the Christian certainties and doctrines they once held dear Exploring tales of abuse exclusionary or harsh theologies and a slow crumbling of conviction as interviewees share their journey towards a carefully considered expansion of faith the book offers a glimpse into the nuanced and diverse experiences of those who reached the end of the road and dared to keep walking

Confucianism and Reflexive Modernity Sang-Jin Han,2019-12-16 Confucianism and Reflexive Modernity offers an excellent example of a dialogue between East and West by linking post Confucian developments in East Asia to a Western idea of reflexive modernity originally proposed by Ulrich Beck Anthony Giddens and Scott Lash in 1994 The author makes a sharp confrontation with the paradigm of Asian Value Debate led by Lee Kwan Yew and defends a balance between individual empowerment and flourishing community for human rights basically in line with Juergen Habermas but in the context of global risk society particularly from an enlightened perspective of Confucianism The book is distinguished by sophisticated theoretical reflection comparative reasoning and solid empirical argument concerning Asian identity in transformation and the aspects of reflexive modernity in East Asia

**Libraries, Telecentres, Cybercafes and Public Access to ICT: International Comparisons** Gomez, Ricardo,2011-07-31 Public venues are vital to information access across the globe yet few formal studies exist of the complex ways people in developing countries use information technologies in public access places Libraries Telecentres Cybercafes and Public Access to ICT International Comparisons presents groundbreaking research on the new challenges and opportunities faced by public libraries community telecentres and cybercaf s that offer public access to computers and other information and communication technologies Written in plain language the book presents an in depth analysis of the spaces that serve underserved populations bridge digital divides and further social and economic development objectives including employability With examples and experiences from around the world this book sheds light on a surprising and understudied facet of the digital revolution at a time when effective digital inclusion strategies are needed more than ever

Planning for Community-based Disaster Resilience Worldwide Adenrele Awotona,2016-10-14 We are witnessing an ever increasing level and intensity of disasters from Ecuador to Ethiopia and

beyond devastating millions of ordinary lives and causing long term misery for vulnerable populations Bringing together 26 case studies from six continents this volume provides a unique resource that discusses in considerable depth the multifaceted matrix of natural and human made disasters It examines their bearing on the loss of human and productive capital the conduct of national policies and the setting of national development priorities and on the nature of international aid and bilateral assistance strategies and programs of donor countries In order to ensure the efficacy and appropriateness of their support for disaster survivors international agencies humanitarian and disaster relief organizations scholars non governmental organizations and members of the global emergency management community need to have insight into best practices and lessons learned from various disasters across national and cultural boundaries The evidence obtained from the numerous case studies in this volume serves to build a worldwide community that is better informed about the cultural and traditional contexts of such disasters and better enabled to prepare for respond to and finally rebuild sustainable communities after disasters in different environments The main themes of the case studies include the need for community planning and emergency management to unite in order to achieve the mutual aim of creating a sustainable disaster resilient community coupled with the necessity to enact and implement appropriate laws policies and development regulations for disaster risk reduction the need to develop a clear set of urban planning and urban design principles for improving the built environment s capacities for disaster risk management through the integration of disaster risk reduction education into the curricula of colleges and universities the need to engage the whole community to build inclusive governance structures as prerequisites for addressing climate change vulnerability and fostering resilience and sustainability Furthermore the case studies explore the need to link the existence and value of scientific knowledge accumulated in various countries with decision making in disaster risk management and the relevance and transferability from one cultural context to another of the lessons learned in building institutional frameworks for whole community partnerships

**Mediating Cultural Diversity in a Globalised Public Space** I. Rigoni,E. Saitta,2012-11-13 Through enhancing reflection on the treatment of cultural diversity in contemporary Western societies this collection aims to move the debate beyond the opposition between ethnicity and citizenship and demonstrate ways to achieve equality in multicultural and globalised societies

**Prostitution in the Community** Sarah Kingston,2013-10-15 Prostitution often causes significant anxiety for communities These communities have been known to campaign against its presence in their neighbourhoods seeking the removal of street sex workers and their male clients Although research and literature has begun to explore prostitution from the standpoint of the community there is no comprehensive text which brings together some of the current literature in this area This book aspires to cast light on some of this work by exploring the nature extent and visibility of prostitution in residential communities and business areas considering the legal and social context in which it is situated and the community responses of those who live and work in areas of sex work This book aims to examine current literature on the impacts of prostitution in residential areas

and considers how different policy approaches employed by the police and local authorities have mediated and shaped the nature of sex work in different communities It explores what communities think about prostitution and those involved as well as studies the techniques and strategies communities have utilized to take action against prostitution in their neighbourhoods This book will also demonstrate the diversity of public attitudes action and reaction to prostitution in the community This book is a useful contribution for academics and researchers in the fields of Criminology and Sociology who wish to understand current policy initiatives surrounding the issue of prostitution in local national and international community settings

*Greece and Turkey in Conflict and Cooperation* Alexis Heraclides, Gizem Alioğlu Çakmak, 2019-06-14 This book offers a sober contemplative and comprehensive coverage of Greek Turkish relations covering in depth the current political climate with due regard to the historical dimension The book includes up to date accounts of the traditional areas of unresolved discord Aegean minorities Cyprus the Patriarchate with emphasis on why they remain contentious despite the thaw in Greek Turkish relations from 1999 until recently It also covers new topics and challenges that have led to cooperation as well as friction such as unprecedented economic cooperation energy resources or the refugee crisis Furthermore the volume deals with the Europeanization of Greek Turkish relations and other facilitating factors as they appeared in the first decade of the 21st century including the role of civil society as well as the contrary de Europeanization from the 2010 onwards which presages a hazardous downward trend in their relations often not helped by the media in both countries which is also examined This volume will be essential reading to scholars and students of Greek Turkish relations more generally Greece and Turkey and more broadly to the study of South European Politics European Union politics security studies and International Relations

*The Anglophone Question and Postcolonial Hegemony in Cameroon* Lyombe Eko, 2025-01-15 *The Anglophone Question* Postcolonial Hegemony in Cameroon The Past that Did Not Pass is a comprehensive collection of essays and analyses that explore the historical colonial postcolonial legal and international relations aspects of the politico cultural and linguistic crisis between the English speaking former British Southern Cameroons now divided into the Northwest and Southwest regions and the French speaking majority of the former French Cameroon la R publique du Cameroun This conflict has shaken Cameroon to its core since the 1990s and led to an armed conflict between the government of Cameroon and Anglophone non state armed groups The premise of this book is that the Anglophone Question the problematic situation of the muted English and Pidgin speaking minority in French Cameroon is one of the unfinished items of business of World War I and the Treaty of Versailles of 1919 that resolved the conflicts of that great conflict The Anglophone conflict has been exacerbated by the authoritarian republican chieftaincy that was installed in Cameroon after independence and reunification This neo patrimonial kleptocratic regime of Cameroon has with the support of its international partners emphasized the argument of force rather than the force of argument thereby creating yet another frozen African conflict The Anglophone Question cannot vanish by some political maneuver as Cameroon s senile

nonagenarian president has done over the decades with his ossified knee excruciatingly painful on the nation's neck That is my takeaway after reading this insightful well argued exhaustively researched highly intellectualized yet practical compendium of chapters that bear an unapologetic witness to the horrific Anglophone Problem I celebrate the authors fearlessness articulation and lucid presentation as the establishment continues to seal its ears with candle wax I'll reverse President Paul Biya's mantra and say Rule 1 There is an Anglophone Problem Rule 2 When in doubt consult Rule 1 Uche Onyebadi PhD Texas Christian University Texas USA

**Citizenship Acquisition and National Belonging** G. Calder, P. Cole, J. Seglow, 2009-11-12 What does it take to become a citizen of a particular nation Is it justified to restrict membership of a society and if so on what grounds This book explores a series of pressing controversial issues surrounding the acquisition of citizenship in theory and practice

*Sustainable Regeneration of Former Military Sites* Samer Bagaeen, Celia Clark, 2016-06-10 Sustainable Regeneration of Former Military Sites is the first book to analyze a profound land use change happening all over the world the search for sustainable futures for property formerly dedicated to national defense now becoming redundant disposed of and redeveloped The new military necessity for rapid flexible response requires quite different physical resources from the massive fixed positions of the Cold War with huge tracts of land and buildings looking for new uses The transition from military to civilian life for these complex contaminated isolated heritage laden and often contested sites in locations ranging from urban to remote is far from easy There is very little systematic analysis of what follows base closures leaving communities governments developers and planners experimenting with untested land use configurations partnership structures and financing strategies With twelve case studies drawn from different countries many written by those involved Sustainable Regeneration of Former Military Sites enables the diverse stakeholders in these projects to discover unique opportunities for reuse and learn from others experiences of successful regeneration

Future States Stephen Paul Haigh, 2016-04-15 Globalization consists of an interlocking array of political economic social and cultural forces that challenge the traditional international order in two key ways First states historically had hard shells by means of which they were capable of consolidating differences between inside and outside to the point where the latter could more easily be quarantined Second for closely related reasons they were largely able to absorb domestic society such that the individual was less a citizen than a subject But through globalizing processes these dubious attributes have been starkly exposed which leads Haigh to ask Whither the state under globalization Insightful and well written this book is sure to spark lively debate while attempting to answer its central question

*Love in the Time of Self-Publishing* Christine M. Larson, 2025-09-16 Lessons in creative labor solidarity and inclusion under precarious economic conditions As writers musicians online content creators and other independent workers fight for better labor terms romance authors offer a powerful example and a cautionary tale about self organization and mutual aid in the digital economy In *Love in the Time of Self Publishing* Christine Larson traces the forty year history of Romancelandia a sprawling network of romance authors readers editors and others who formed a unique community based on openness and collective support Empowered by solidarity American romance writers once disparaged literary outcasts became digital publishing s most innovative and successful authors Meanwhile a new surge of social media activism called attention to Romancelandia s historic exclusion of romance authors of color and LGBTQ writers forcing a long overdue cultural reckoning Drawing on the largest known survey of any literary genre as well as interviews and archival research Larson shows how romance writers became the only authors in America to make money from the rise of ebooks increasing their median income by 73 percent while other authors plunged by 40 percent The success of romance writers Larson argues demonstrates the power of alternative forms of organizing influenced by gendered working patterns It also shows how networks of relationships can amplify or mute certain voices Romancelandia s experience Larson says offers crucial lessons about solidarity for creators and other isolated workers in an increasingly risky employment world Romancelandia s rise and near meltdown shows that gaining fair treatment from platforms depends on creator solidarity but creator solidarity in turn depends on fair treatment of all members
