Peacemaking Circles From Crime To Community:

Peacemaking Circles Kay Pranis, Barry Stuart, Mark Wedge, 2013 **Peacemaking Circles** Kay Pranis, Barry Stuart, Mark Wedge, 2003 *Peacemaking Circles* often referred to as the bible of Circles lays out the inner and outer dynamics of the peacemaking Circle process Circles are now being used in schools families workplaces organizations as well as in the justice system The use of Circles shifts the focus from blame and punishment to finding out what happened and exploring as a group or community how to put things right *Little Book of Circle Processes* Kay Pranis, 2015-01-27 Our ancestors gathered around a fire in a circle families gather around their kitchen tables in circles and now we are gathering in circles as communities to solve problems The practice draws on the ancient Native American tradition of a talking piece Peacemaking Circles are used in neighborhoods to provide support for those harmed by crime and to decide sentences for those who commit crime in schools to create positive classroom climates and resolve behavior problems in the workplace to deal with conflict and in social services to develop more organic support systems for people struggling to get their lives together A title in The Little Books of Justice and Peacebuilding Series *Trauma-Informed Juvenile Justice in the United States* Judah Oudshoorn, 2016-08-23 Most youth who come in conflict with the law have experienced some form of trauma yet many justice professionals are ill equipped to deal with the effects trauma has on youth and instead reinforce a system that further traumatizes young offenders while ignoring the needs of victims By taking a trauma informed perspective this text provides a much needed alternative one that allows for interventions based on principles of healing and restorative justice rather than on punishment and risk assessment In addition to providing a comprehensive historical overview of youth justice in Canada Judah Oudshoorn addresses the context of youth offending by examining both individual trauma including its emotional cognitive and behavioural effects and collective trauma The author tackles some of the most difficult problems facing youth justice today especially the ongoing cycles of intergenerational trauma caused by the colonization of Indigenous peoples and patriarchal violence and demonstrates how a trauma informed approach to youth justice can work toward preventing crime and healing offenders victims and communities Featuring a foreword written by Howard Zehr case stories from the author's own work with victims and offenders questions for reflection and annotated lists of recommended readings this engaging text is the perfect resource for college and university students in the field of youth justice **Trauma-Informed Youth Justice** Judah Oudshoorn, 2015-12-01 Most youth who come in conflict with the law have experienced some form of trauma yet many justice professionals are ill equipped to deal with the effects trauma has on youth and instead reinforce a system that further traumatizes young offenders while ignoring the needs of victims By taking a trauma informed perspective this text provides a much needed alternative one that allows for interventions based on principles of healing and restorative justice rather than on punishment and risk assessment In addition to providing a comprehensive historical overview of youth justice in Canada Judah Oudshoorn addresses the context of youth offending by examining both individual trauma including its emotional

cognitive and behavioural effects and collective trauma The author tackles some of the most difficult problems facing youth justice today especially the ongoing cycles of intergenerational trauma caused by the colonization of Indigenous peoples and patriarchal violence and demonstrates how a trauma informed approach to youth justice can work toward preventing crime and healing offenders victims and communities Featuring a foreword written by Howard Zehr case stories from the author's own work with victims and offenders questions for reflection and annotated lists of recommended readings this engaging text is the perfect resource for college and university students in the field of youth justice

Circle in the Square: Building Community and Repairing Harm in School Nancy Riestenberg, 2013-11

Child Soldiers and Restorative Justice Jean Chrysostome K. Kiyala, 2018-07-18 This book investigates how while children used as soldiers are primarily perceived as victims of offences against international law they also commit war atrocities In the aftermath of armed conflict the mainstream justice system targets warlords internationally armed groups and militias commanders who abduct and enrol children as combatants leaving child perpetrators not being held accountable for their alleged gross human rights violations Attempts to prosecute child soldiers through the mainstream justice system have resulted in child rights abuses Where no accountability measures have been taken demobilised young soldiers have experienced rejection and eventually some have returned to soldiering This research provides evidence of the potential of restorative justice peacemaking circles and locally based jurisprudence specifically the Baraza to hold former child soldiers accountable and facilitate their reintegration into society

The Role of Community in Restorative Justice Fernanda Rosenblatt, 2015-04-17 Although restorative justice is probably one of the most talked about topics in contemporary criminology little has been written about how community involvement in restorative justice translates into practice While advocates have presented the community as an essential pillar of restorative justice the rationale for why and how this is the case remains underdeveloped and largely unchallenged This book offers an empirical and theoretical explanation of what community involvement means and what work it does in restorative justice Drawing on an empirical case study and the wider sociological literature The Role of Community in Restorative Justice examines the involvement of the community in one selected practice of restorative justice and also considers the implications of the English and Welsh experience for development of a more coherent framework for operationalizing community involvement in restorative justice practices It is argued that restorative justice programmes need to start from a more

concrete and up to date notion of community While operationalizing community involvement they need to acknowledge all at once the importance of place the importance of family links friendship and other social ties and the importance of similar social traits and identities This book is essential reading for students researchers and academics in the fields of criminology criminal justice sociology community studies policy studies social policy and socio legal studies This book will also be valuable reading for a variety of practitioners and policymakers particularly working with restorative justice and youth justice

Women and Children as Victims and Offenders: Background, Prevention, Reintegration Helmut Kury, Sławomir Redo, Evelyn Shea, 2016-06-20 This work compiles experiences and lessons learned in meeting the unique needs of women and children regarding crime prevention and criminal justice in particular the treatment and social reintegration of offenders and serves as a cross disciplinary work for academic and policy making analyses and follow up in developing and developed countries Furthermore it argues for a more humane and effective approach to countering delinquency and crime among future generations In a world where development positively depends on the rule of law and the related investment security two global trends may chart the course of development urbanization and education Urbanization will globalize the concepts of justice and fairness education will be dominated by the urban mindset and digital service economy just as a culture of lawfulness will This work looks at crime prevention education as an investment in the sustainable quality of life of succeeding generations and at those who pursue such crime prevention as the providers of much needed skills in the educational portfolio Adopting a reformist approach this work collects articles with findings and recommendations that may be relevant to domestic and international policymaking including the United Nations Studies and their educational value for the welfare of coming generations The books address the relevant United Nations ideas by combining them with academic approaches Guided by the Editors respective fields of expertise and in full recognition of academic freedom and organized scepticism it includes contributions by lawyers criminologists sociologists and other eminent experts seeking to bridge the gap between academic and policy perspectives as appropriate against the international background including the United Nations developments The second volume opens with Part IV which presents articles on different kinds of crime prevention The effectiveness of punishment and in particular imprisonment is examined by contrasting it with alternative sanctions and the following questions are raised Does harsh punishment have a crime preventive effect What are the side effects of imprisonment on the offenders and their families Are alternatives such as restorative justice or mediation more effective and cheaper Part V outlines proactive strategies of crime prevention e g for potential sex offenders or in the domain of internet crime Part VI envisions a more peaceful and inclusive society which would be realized by improving the protection of women and children in their everyday life and easing the reintegration of those who have become offenders The importance of the role played by the UN in formulating these goals is underlined The volume concludes with an epilogue of the 70th President of the United Nations Economic and Social Council Martin Sajdik

recognition in the late 1960s and early 1970s that traditional incarceration was not working alternatives to standard prison settings were sought and developed One of those alternatives community based corrections had been conceived in the 1950s as a system that might prove more progressive humane and effective particularly with people who had committed less serious criminal offenses and for whom incarceration with constant exposure to serious offenders and career criminals might prove more damaging than rehabilitative The alternative of community corrections has evolved to become a substantial part of the criminal justice and correctional system spurred in recent years not so much by a progressive humane philosophy as by dramatically increasing prison populations court orders to fix overextended prison settings and an economic search for cost savings Encyclopedia of Community Corrections explores all aspects of community corrections from its philosophical foundation to its current inception Features a thematic reader's guide in the front matter groups entries by broad topical or thematic areas to make it easy for users to find related entries at a glance a chronology in the back matter helps students put individual events into broader historical context a glossary provides students with concise definitions to key terms in the field a resource guide to classic books journals and web sites along with the further readings accompanying each entry guides students to further resources in their research journeys and appendix offers statistics from the Bureau of Justice
