Narrative Irony in the Contemporary Spanish-American Novel Jonathan Tittler, 2019-06-30 As a narrative device irony in the Latin American novel has been treated before in a rather fragmented non systematic way It needed a cohesive study based on close textual examination of several major novels Professor Tittler has done just that and done it well This book is the best and most comprehensive study of the ironic mode that we have Myron I Lichtblau Department of Foreign Languages and Literatures Syracuse University In this book Jonathan Tittler explores some of the many possibilities that the concept of irony holds for literary criticism Identifying irony as a characteristic property of Spanish American fiction Tittler offers close readings of seven important novels Carlos Fuentes *The Death of Artemio Cruz* Juan Rulfo's *Pedro Paramo* Manuel Puig's *Betrayed* by Rita Hayworth Guillermo Cabrera Infante's *Three Trapped Tigers* Mario Vargas Llosa's *Aunt Julia and the Scriptwriter* Julio Cortázar's *A Manual for Manuel* and Isaac Goldemberg's *The Fragmented Life of Don Jacobo Lerner* Tittler begins with a comprehensive review of existing theories of irony in all of which the concept of narrative distance plays a major role Next he proposes his own innovative model for critical reading made up of two basic forms of irony which he terms static and kinetic He then applies the model systematically to his readings of the texts four in the static mode and three in the kinetic linguistically self conscious mode Tittler concludes by reflecting on the relationship between irony and the novel asserting that in the light of actual events in Spanish America the novels themselves and the critical discourse in

which they are evoked may be regarded as ironic phenomena **Encyclopedia of the Novel** Paul Schellinger, 2014-04-08 The Encyclopedia of the Novel is the first reference book that focuses on the development of the novel throughout the world Entries on individual writers assess the place of that writer within the development of the novel form explaining why and in exactly what ways that writer is important Similarly an entry on an individual novel discusses the importance of that novel not only from analyzing the particular innovations that novel has introduced and the ways in which it has influenced the subsequent course of the genre A wide range of topic entries explore the history criticism theory production dissemination and reception of the novel A very important component of the Encyclopedia of the Novel is its long surveys of development of the novel in various regions of the world **The Mexican Novel Comes of Age** Walter M. Langford, 1971 **Return to Aztlan** Douglas S. Massey, Rafael Alarcon, Jorge Durand, Humberto González, 1990-02-07 Return to Aztlan analyzes the social process of international migration through an intensive study of four carefully chosen Mexican communities The book combines historical anthropological and survey data to construct a vivid and comprehensive picture of the social dynamics of contemporary Mexican migration to the United States *The Routledge Companion to Inter-American Studies* Wilfried Raussert, 2017-01-06 An essential overview of this blossoming field The Routledge Companion to Inter American Studies is the first collection to draw together the diverse approaches and perspectives on the field highlighting the importance of Inter American Studies as it is practiced today Including contributions from canonical figures in the field as well as a younger generation of scholars reflecting the foundation and emergence of the field and establishing links between older and newer methodologies this Companion covers Theoretical reflections Colonial and historical perspectives Cultural and political intersections Border discourses Sites and mobilities Literary and linguistic perspectives Area studies global studies and postnational studies Phenomena of transfer interconnectedness power asymmetry and transversality within the Americas

The Shattered Mirror María Elena de Valdés, 2010-07-05 Popular images of women in Mexico conveyed through literature and more recently film and television were long restricted to either the stereotypically submissive wife and mother or the demonized fallen woman But new representations of women and their roles in Mexican society have shattered the ideological mirrors that reflected these images This book explores this major change in the literary representation of women in Mexico Mar a Elena de Vald s enters into a selective and hard hitting examination of literary representation in its social context and a contestatory engagement of both the literary text and its place in the social reality of Mexico Some of the topics she considers are Carlos Fuentes and the subversion of the social codes for women the poetic ties between Sor Juana In s de la Cruz and Octavio Paz questions of female identity in the writings of Rosario Castellanos Luisa Josefina Hernández Mar a Luisa Puga and Elena Poniatowska the Chicana writing of Sandra Cisneros and the postmodern celebration without reprobation of being a woman in Laura Esquivel s *Like Water for Chocolate* *Gothic Imagination in Latin American Fiction and Film* Carmen A. Serrano, 2019-05-15 This work traces how Gothic imagination from the literature and culture of eighteenth and

nineteenth century Europe and twentieth century US and European film has impacted Latin American literature and film culture Serrano argues that the Gothic has provided Latin American authors with a way to critique a number of issues including colonization authoritarianism feudalism and patriarchy The book includes a literary history of the European Gothic to demonstrate how Latin American authors have incorporated its characteristics but also how they have broken away or inverted some elements such as traditional plot lines to suit their work and address a unique set of issues The book examines both the modernistas of the nineteenth century and the avant garde writers of the twentieth century including Huidobro Bombal Rulfo Roa Bastos and Fuentes Looking at the Gothic in Latin American literature and film this book is a groundbreaking study that brings a fresh perspective to Latin American creative culture *A Companion to William Faulkner* Richard C. The Plain in Flames Juan Rulfo, 2012-09-01 Juan Rulfo is one of the most important writers of twentieth century Mexico though he wrote only two books the novel Pedro P ramo 1955 and the short story collection El llano en llamas 1953 First translated into English in 1967 as The Burning Plain these starkly realistic stories create a psychologically acute portrait of poverty and dignity in the countryside at a time when Mexico was undergoing rapid industrialization following the upheavals of the Revolution According to Ilan Stavans the stories depth seems almost inexhaustible with a few strokes Rulfo creates a complex human landscape defined by desolation These stories are lessons in morality They are also astonishing examples of artistic distillation To introduce a new generation of readers to Rulfo s unsurpassable literary talents this new translation repositions the collection as a classic of world literature Working from the definitive Spanish edition of El llano en llamas established by the Fundaci n Juan Rulfo Ilan Stavans and co translator Harold Augenbram present fresh translations of the original fifteen stories as well as two more stories that have not appeared in English before The Legacy of Matilde Arc ngel and The Day of the Collapse The translators have artfully preserved the author s peasantisms in appreciation of the distinctive voices of his characters Such careful elegiac rendering of the stories perfectly suits Rulfo s Mexico in which people on the edge of despair nonetheless retain a sense of self of integrity that will not be taken away

World Literature Decentered Ian Almond, 2021-07-13 What would world literature look like if we stopped referring to the West Starting with the provocative premise that the West is ten percent of the planet World Literature

Decentered is the first book to decenter Eurocentric discourses of global literature and global history not just by deconstructing or historicizing them but by actively providing an alternative Looking at a series of themes across three literatures Mexico Turkey and Bengal the book examines hotels melancholy orientalism femicide and the ghost story in a series of literary traditions outside the West The non West the book argues is no fringe group or token minority in need of attention on the contrary it constitutes the overwhelming majority of this world **Where the Stress Falls** Susan Sontag,2002-11-09 Susan Sontag has said that her earliest idea of what a writer should be was someone who is interested in everything Thirty five years after her first collection of essays the now classic Against Interpretation our most important essayist has chosen more than forty longer and shorter pieces from the last two decades that illustrate a deeply felt kaleidoscopic array of interests passions observations and ideas Reading offers ardent freewheeling considerations of talismanic writers from her own private canon such as Marina Tsvetaeva Randall Jarrell Roland Barthes Machado de Assis W G Sebald Borges and Elizabeth Hardwick Seeing is a series of luminous and incisive encounters with film dance photography painting opera and theatre And in the final section There and Here Sontag explores some of her own commitments to the work and activism of conscience to the concreteness of historical understanding and to the vocation of the writer Where the Stress Falls records a great American writer s urgent engagement with some of the most significant aesthetic and moral issues of the late twentieth century and provides a brilliant and clear eyed appraisal of what is at stake in this new century in the survival of that inheritance **The Catastrophe of Modernity** Patrick Dove,2004 This work examines four Latin American writers Jorge Luis Borges Juan Rulfo Cesar Vallejo and Ricardo Piglia in the context of their respective national cultural traditions The author proposes that a consideration of tragedy affords new ways of understanding the relation between literature and the modern Latin American nation state As an interpretive index this tragic attunement sheds new light on both the foundational works of modern Latin American literature and the counter foundational literary critiques of modernization and nation building Topics include Borges s short story El Sur in relation to the Argentine civilization and barbarism debate Juan Rulfo s novella Pedro Paramo in the context of post revolutionary reflection on national identity in Mexico and the lyric poetry of Cesar Vellajo s Trilce The reading is based on a juxtaposition of aporetically incompatible terms mourning the avant garde and Andean indigenism or messianism The final section of the book investigates two novels by Ricardo Piglia Respiracion artificial and La ciudad ausente in the dual context of dictatorship and the market Piglia s writing both echoes and marks a limit for tragedy as an interpretive paradigm Modern Death in Irish and Latin American Literature Jacob L. Bender,2020-09-22 This comparative literature study explores how writers from across Ireland and Latin America have both in parallel and in concert deployed symbolic representations of the dead in their various anti colonial projects In contrast to the ghosts and revenants that haunt English and Anglo American letters where they are largely either monstrous horrors or illusory frauds the dead in these Irish Latinx archives can serve as potential allies repositories of

historical grievances recorders of silenced voices and disruptors of neocolonial discourse *Arturo Pérez-Reverte* Anne L. Walsh, 2007 The complex narrative technique of one of Spain's most renowned contemporary authors The writings of Arturo Pérez Reverte one of Spain's most renowned contemporary authors have been described as a minefield This monograph examines the complexities behind the narrative technique employed in creating such a minefield including an analysis of the role played by both male and female characters the relevance of the past as a motif and aspects of the role of storytelling in creating mystery where none should exist Both Revertian novels and journalistic writing are seen to be part of an overall game which is played between their author and his readers Film too forms part of the material reviewed as though Pérez Reverte is not a script writer many films have been based on his novels The text centred analysis concludes that the themes of interest in all Revertian output revolve around two main areas the significance of the past whether historical cultural or literary and the role of the written word in communicating in rescuing and in challenging versions of that past in order to combat what Pérez Reverte terms *dismemory* ANNE L WALSH lectures in Hispanic Studies at University College Cork

Dude Lit Emily Hind, 2019-05-28 How did men become the stars of the Mexican intellectual scene *Dude Lit* examines the tricks of the trade and reveals that sometimes literary genius rests on privileges that men extend one another and that women permit The makings of the best writers have to do with superficial aspects like conformist wardrobes and unsmiling expressions and more complex techniques such as friendship networks prizewinners who become judges dropouts who become teachers and the key tactic of being allowed to shift roles from rule maker the *civilizado* to rule breaker the *barbaro* Certain writing habits also predict success with the high and hard category reserved for men's writing and even film directing In both film and literature critically respected artwork by men tends to rely on obscenity interpreted as originality negative topics viewed as serious and coolly inarticulate narratives about bullying understood as maximum literary achievement To build the case regarding rebellion as conformity *Dude Lit* contemplates a wide set of examples while always returning to three figures each born some two decades apart from the immediate predecessor Juan Rulfo with Pedro Páramo José Emilio Pacheco with *Las batallas en el desierto* and Guillermo Fadanelli with *Mis mujeres muertas* as well as the range of his publications Why do we believe Mexican men are competent performers of the role of intellectual *Dude Lit* answers this question through a creative intersection of sources Drawing on interviews archival materials and critical readings this provocative book changes the conversation on literature and gendered performance
