Automatic enrolment in workplace pensions and the National Employment Savings Trust Great Britain: Parliament: House of Commons: Work and Pensions Committee, 2012-03-15 The Government established NEST as a low cost pension scheme to help deliver the auto enrolment programme and to address a market failure in the pensions industry which meant that many employers and employees were unable to access low cost good quality pension provision However the Committee believes that certain restrictions placed on NEST will create complexity for employers and will disadvantage some employees The Committee's report recommends that if state aid rules allow the Government should remove the following restrictions the cap on the annual contributions an individual can make to a NEST scheme and the ban on individuals transferring existing pension pots into NEST The Committee further urges the Government to proceed with its plans for State Pension reform introducing a flat rate State Pension and reducing the level of means testing without delay The report also highlights the difficulties and complexity employers and employees currently face in comparing the fees and charges applied by pension providers and recommends that from 2013 onwards if some auto enrolment schemes still have hidden charges or charges that represent poor value for money the Government should use its powers to intervene Auto enrolment will impose new costs and may be particularly challenging for small employers however the Committee considers that the Government has taken appropriate steps to minimise the impact on businesses through its gradual and flexible approach staging and phasing to implementation Exempting small employers would create significant complexity as well as excluding many employees from the benefits of workplace pension saving

what others said or did but when they met a firm conviction even if there were many people who objected it wouldn't shake her resolve Everyone within the Entertainment Circle had always looked extremely beautiful and dazzling but at the same time standing at the peak was also lonely No one understood his sincerity Entertainment stood at the peak of all the artists but it was also the loneliest Especially after the betrayal of his girlfriend five years ago he felt that all his feelings were just a joke until he met You Ran Even though he was a natural fool he was clean and pure It was this purity that allowed his dead heart to come back to life and learn to love and know how to love *Scientific and Technical Aerospace Reports* ,1994

House of Commons - Environment, Food and Rural Affairs Committee: Implementation of the Common Agricultural Policy in England 2014 - 2020 - HC 745 Great Britain. Parliament. House of Commons. Environment, Food and Rural Affairs Committee,2013 Against a background where farm incomes are falling the Government needs to recognise that cutting payments to England's farmers will reduce their ability to compete in the marketplace will leave farmers less able to invest in vital infrastructure and may make them more vulnerable to shocks such as poor weather higher input costs and price variations The Committee also warns against plans to transfer more money away from direct payments to farmers by shifting it towards environmental schemes It recommends that the Government maintains the current 9% rate of transfer away from the direct payment budget This rate of transfer should rise to 15% in 2017 only if it can demonstrate that additional funds are required and that this change will deliver a clear benefit Money should also only go to people who actually farm the land and meet an active farmer test From 2015 30% of the direct payment will be conditional on farmers achieving basic environmental measures A National Certification Scheme approach to greening does not offer the flexibility to avoid the Commission's impractical crop diversification rule so the Government is right to dismiss this approach A new single IT system is being developed and the Government want access to CAP funding to be digital by default meaning farmers will have to apply online A lot went wrong in the last round of changes and these problems gave rise to 580 million in penalties Does it make sense to introduce a new computer system at the same time as complex new payment rules
