**Countenance** Matthew Lee, 2024-03-16 Countenance is facial expression This is at least what I write in the book and what I write in the book I hope to be true What I write in the book is just a collection of thoughts that I have taken the time to notice and what I have noticed is that my thoughts as with all thoughts are more or less treasured They are things that make me laugh things that create feelings of nostalgia and things that if I am lucky enough find a way to move me to tears If I am lucky enough they reveal to me something about this brilliant life that I live and if I am even luckier something about this brilliant life s Creator This is what makes thoughts treasured This is what makes them sacred and as they find ways to change my countenance I ought to take the time to notice I ought to take the time to consider Noticing and considering could make all the difference in how I end up seeing this life I could end up experiencing a whole new countenance Or if I am again lucky I could end up experiencing a countenance that is lifted higher above the rest
