This collection of fourteen essays by scholars from eight countries constitutes the first book devoted to the art of crosswriting the child and adult in twentieth century international literature Sandra Beckett explores the multifaceted nature of crossover literature and the diverse ways in which writers cross the borders to address a dual readership of children and adults It considers classics such as Alice s Adventures in Wonderland and Pinocchio with particular emphasis on post World War II literature The essays in Transcending Boundaries clearly suggest that crossover literature is a major widespread trend that appears to be sharply on the rise A History of the Study of the Indigenous Languages of North America Marcin Kilarski, 2021-12-06 The languages indigenous to North America are characterized by a remarkable genetic and typological diversity Based on the premise that linguistic examples play a key role in the origin and transmission of ideas within linguistics and across disciplines this book examines the history of approaches to these languages through the lens of some of their most prominent properties These properties include consonant inventories and the near absence of labials in Iroquoian languages gender in Algonquian languages verbs for washing in the Iroquoian language Cherokee and terms for snow and related phenomena in Eskimo Aleut languages By tracing the interpretations of the four examples by European and American scholars the author illustrates their role in both lay and professional contexts as a window onto unfamiliar languages and cultures thus allowing a more holistic view of the history of language study in North America **The Palgrave Handbook of Literary Translation** Jean Boase-Beier, Lina Fisher, Hiroko Furukawa, 2018-06-26 This Handbook offers a comprehensive and engaging overview of contemporary issues in Literary Translation research through in depth investigations of actual case studies of particular works authors or translators Leading researchers from across the globe discuss best practice problems and possibilities in the translation of poetry novels memoir and theatre Divided into three sections these illuminating analyses also address broad themes including translation style the author translator reader relationship and relationships between national identity and literary translation The case studies are drawn from languages and language varieties such as Catalan Chinese Dutch English French German Hebrew Italian Japanese Nigerian English Russian Spanish Scottish English and Turkish The editors provide thorough introductory and concluding chapters which highlight the value of case study research and explore in detail the importance of the theory practice link Covering a wide range of topics perspectives methods languages and geographies this handbook will provide a valuable resource for researchers not only in Translation Studies but also in the related fields of Linguistics Languages and Cultural Studies Stylistics Comparative Literature or Literary Studies Crossover Fiction Sandra L. This comparative approach is necessary to get a detailed picture of the complex dynamics at work across each This book is highly interdisciplinary in nature looking at the rise of the cultural industries the relationship between the UK City of Culture festival and its fore runner the European Capital of Culture national book prizes in Britain and Europe British variations on Nordic Noir TV and the Brexit novel As a result it draws on research in the disciplines of geography economics film and television studies history and politics as well as publishing and literary studies Noir in the North Stacy Gillis, Gunnthorunn Gudmundsdottir, 2020-10-01 What is often termed Nordic Noir has dominated detective fiction film and television internationally for over two decades But what are the parameters of this genre both historically and geographically What is noirish and what is northern about Nordic noir The foreword and coda in this volume by two internationally bestselling writers of crime fiction in the north Yrsa Sigur ard ttir and Gunnar Staalesen speak to the social contract undertaken by writers of noir while the interview with the renowned crime writer Val McDermid adds nuance to our understanding of what it is to write noir in the North Divided into four sections Gender and Sexuality Space and Place Politics and Crime and Genre and Genealogy Noir in the North challenges the traditional critical histories of noir by investigating how it functions transnationally beyond the geographical borders of Scandinavia The essays in this book deepen our critical understanding of noir more generally by demonstrating for example Nordic noir s connection to fin de si cle literatures and to mid century interior design and by investigating the function of the state in crime fiction of Joseph Conrad in Europe Robert Hampson, Véronique Pauly, 2022-05-05 Born and brought up in Poland bilingually in French and Polish but living for most of his professional life in England and writing in English Joseph Conrad was from the start as much a European writer as he was a British one and his work from his earliest fictions through Heart of Darkness Nostromo and The Secret Agent to his later novels has repeatedly been the focal point of discussions about key issues of the modern age With chapters written by leading international scholars this book provides a wide ranging survey of the reception translation and publication history of Conrad's works across Europe Covering reviews and critical discussion and with some attention to adaptations in other media these chapters situate Conrad s works in their social and political context The book also includes bibliographies of key translations in each of the European countries covered and a timeline of Conrad s reception throughout the continent Locating Nordic Noir Kim Toft Hansen, Anne Marit Waade, 2017-10-14 This book is a comprehensive study of Nordic Noir television drama from the 1990 s until today The authors introduce the history of contemporary Nordic Noir from the perspective of place production and location studies The chapters include readings of well known television crime dramas such as Beck The Killing Trapped and The Bridge as well as a range of other important Nordic Noir cases The authors position the development of Nordic Noir in the global market for popular television drama and place the international attention towards Nordic crime dramas within regional development of drama production in Sweden Denmark Norway and Iceland Consequently Nordic Noir is read as both a transnational financial and creative phenomenon

and as a local possibility for community building Offering a comprehensible scholarly and methodologically original approach to the popularity of Nordic television crime dramas this volume is aimed at readers with an interest in crime drama as well as scholars and students of television drama International Postmodernism Johannes Willem Bertens, Hans Bertens, Douwe Fokkema, 1997 Containing more than fifty essays by major literary scholars International Postmodernism divides into four main sections. The volume starts off with a section of eight introductory studies dealing with the subject from different points of view followed by a section that deals with postmodernism in other arts than literature while a third section discusses renovations of narrative genres and other strategies and devices in postmodernist writing The final and fourth section deals with the reception and processing of postmodernism in different parts of the world Three important aspects add to the special character of International Postmodernism The consistent distinction between postmodernity and postmodernism equal attention to the making and diffusion of postmodernism and the workings of literature in general and the focus on the text and the reader i e the reader's knowledge experience interests and competence as crucial factors in text interpretation This comprehensive study does not expressly focus on American postmodernism although American interpretations of postmodernism are a major point of reference The recognition that varying literary and cultural conditions in this world are bound to produce endless varieties of postmodernism made the editors Hans Bertens and Douwe Fokkema opt for the title International Postmodernism
