**Kim Stanley Robinson**

## **Missing In The Minarets The Search For Walter A Starr Jr:**

**Missing in the Minarets** William Alsup, 2020-06-23 This riveting narrative details the mysterious disappearance of Peter Starr a San Francisco attorney from a prominent family who set off to climb alone in the rugged Minaret region of the Sierra Nevada in July 1933 Rigorous and thorough searches by some of the best climbers in the history of the range failed to locate him despite a number of promising clues When all hope seemed gone and the last search party had left the Minarets mountaineering legend Norman Clyde refused to give up Climbing alone he persevered in the face of failure resolved that he would learn the fate of the lost man Clyde s discovery and the events that followed make for compelling reading Recently reissued with a new afterword this re creation of a famous episode in the annals of the Sierra Nevada is mountaineering literature at its best

**The High Sierra** Kim Stanley Robinson, 2022-05-10 A sublime and radically original exploration of the Sierra Nevadas the best mountains on Earth for hiking and camping from New York Times bestselling novelist Kim Stanley Robinson Bill McKibben Gary Snyder Kim Stanley Robinson first ventured into the Sierra Nevada mountains during the summer of 1973 He returned from that encounter a changed man awed by a landscape that made him feel as if he were simultaneously strolling through an art museum and scrambling on a jungle gym like an energized child He has returned to the mountains throughout his life more than a hundred trips and has gathered a vast store of knowledge about them The High Sierra is his lavish celebration of this exceptional place and an exploration of what makes this span of mountains one of the most compelling places on Earth Over the course of a vivid and dramatic narrative Robinson describes the geological forces that shaped the Sierras and the history of its exploration going back to the indigenous peoples who made it home and whose traces can still be found today He celebrates the people whose ideas and actions protected the High Sierra for future generations He describes uniquely beautiful hikes and the trails to be avoided Robinson s own life altering events defining relationships and unforgettable adventures form the narrative s spine And he illuminates the human communion with the wild and with the sublime including the personal growth that only seems to come from time spent outdoors The High Sierra is a gorgeous absorbing immersion in a place born out of a desire to understand and share one of the greatest rapture inducing experiences our planet offers Packed with maps gear advice more than 100 breathtaking photos and much more it will inspire veteran hikers casual walkers and travel readers to prepare for a magnificent adventure

**Pilgrims of the Vertical** Joseph E. Taylor III, 2010-10-15 Few things suggest rugged individualism as powerfully as the solitary mountaineer testing his or her mettle in the rough country Yet the long history of wilderness sport complicates this image In this surprising story of the premier rock climbing venue in the United States Pilgrims of the Vertical offers insight into the nature of wilderness adventure From the founding era of mountain climbing in Victorian Europe to present day climbing gyms Pilgrims of the Vertical shows how ever changing alignments of nature technology gender sport and consumer culture have shaped climbers relations to nature and to each other Even in Yosemite Valley a premier site for sporting and environmental

culture since the 1800s elite athletes cannot be entirely disentangled from the many men and women seeking recreation and camaraderie Following these climbers through time Joseph Taylor uncovers lessons about the relationship of individuals to groups sport to society and nature to culture He also shows how social and historical contexts influenced adventurers choices and experiences and why some became leading environmental activists including John Muir David Brower and Yvon Chouinard In a world in which wild nature is increasingly associated with play and virtuous play with environmental values Pilgrims of the Vertical explains when and how these ideas developed and why they became intimately linked to consumerism

*2002 American Alpine Journal* , This special anniversary collection includes the 100 biggest accomplishments of American mountaineers the most important voice in American climbing the best books by American climbers and more Climbers of 2001 s hottest new routes includes Kenton Cool Jonathan Copp Stefan Glowacz Alex and Tom Huber Stephen Koch Tim O Neill Dean Potter Marko Preselj Mark Richey Raphael Slawinski and more **Meaningful Places** Rachel McLean Sailor,2014-03-01 The early history of photography in America coincided with the Euro American settlement of the West This thoughtful book argues that the rich history of western photography cannot be understood by focusing solely on the handful of well known photographers whose work has come to define the era Art historian Rachel Sailor points out that most photographers in the West were engaged in producing images for their local communities These pictures didn t just entertain the settlers but gave them a way to understand their new home Photographs could help the settlers adjust to their new circumstances by recording the development of a place revealing domestication alteration and improvement The book explores the cultural complexity of regional landscape photography western places and local sociopolitical concerns Photographic imagery like western paintings from the same era enabled Euro Americans to see the new landscape through their own cultural lenses shaping the idea of the frontier for the people who lived there *Norman Clyde* Robert C. Pavlik,2020-05-26 This riveting account of one of the most notable personalities of the mountain climbing world reconstructs the life of legendary mountaineer Norman Clyde 1885 1972 He made his mark on history with more than one hundred and thirty first ascents throughout western North America and many believe he knew the High Sierra better than anyone else including John Muir Part of his mystique comes from participating in high profile mountain rescues and recoveries in which he is credited with saving a number of lives Those who had the good fortune to meet him often with a ninety pound pack on his back that included an anvil for boot repair fishing rods cooking pots and books in Greek and Latin never forgot the experience Biographer Robert C Pavlik uses Clyde s own words along with recollections from his family friends fellow climbers and acquaintances to capture the experiences of a remarkable man and a bygone time between the pioneers and the rock climbers **Teddy Roosevelt in California** Chris Epting,2013-05-07 The camping trip taken by the conservationist president that put America s national parks on the map from the award winning author of Roadside Baseball During his whirlwind 1903 tour of the western states President Theodore Roosevelt paid his first visit to California In between the

appearances and pageantry he embarked on three days of epic adventure in the wilderness of Yosemite with the famous and influential naturalist John Muir A lover of the rugged outdoors Roosevelt was humbled and impressed by the camping trip which proved to be one of the most important sojourns in presidential history Through firsthand accounts speeches and rare photographs author Chris Epting tells the story of a great and profound journey that had a lasting effect on conservation history and the National Park System
