many **Just Lead!** Sherry Surratt, Jenni Catron, 2013-01-22 Become the effective woman leader God intended you to be Just Lead provides practical leadership help for women to develop skills to lead themselves and others with the character confidence and authenticity of a godly woman The book shows what holds women back and then focuses the skills women need to lead others effectively Using this hands on practical resource will inspire women leaders in the church to use its ideas to gain strength and lead well Helps women successfully navigate the transitions necessary to lead well in church and ministry settings Offers women a practical guide for breaking the stained glass window and becoming effective leaders Addresses leadership issues such as leading mixed gender teams earning and giving respect and navigating through relational landmines Just Lead challenges women to embrace their identity as leaders and equips them with the skills they need to lead others well *Missional Communities* Reggie McNeal, 2011-08-15 The third book in the trilogy that explores the popular missional movement From Reggie McNeal the bestselling author of *The Present Future* and *Missional Renaissance* comes the third book in the series that helps to define and illuminate the popular missional movement This newest book in the trilogy examines a natural outgrowth of the move toward a missional orientation the deconstruction of congregations into very small Christian communities For all those thousands of churches and leaders who have followed Reggie McNeal's bold lead this book details the rise of a new life form in churches Discusses how to move a church from an internal to an external ministry focus Reggie McNeal is a recognized leader in the missional movement Outlines an alternative to the program church model that is focused on the projects and passions of the congregants This book draws on McNeal's twenty years of leadership roles in local congregations and his work over the last decade with thousands of clergy and church leaders *An Ordinary Mission of God Theology* Andrew R. Hardy, 2022-04-13 The mission church literature seems to be dominated by idealized conceptions of the benefits of equipping congregations to participate in local mission work This investigation challenges this idealism by paying critical attention to congregants' ordinary theologies that develop in reaction to the communication of *Missio Dei* theology to them Their voices are absent from the formal literature The study employs rescripting methodology to modify key assumptions made in the formal ecclesiological literature by drawing on insights that come from Christians' ordinary theological voices The study traces how the introduction of a *Missio Dei* theology to a British Reformed congregation had a significant impact on them A small team of Christian leaders communicated *Missio Dei* theology to this church over a period of six years It found that mission changes came at substantial personal cost to the church's members 1 a schism occurred when congregants attempted to remove the leader responsible for these changes from his office as church pastor and a third of congregants left the church because they did not want to embrace the church's new mission identity 2 three divergent groups then emerged two of them wanted different kinds of churches that seemed incompatible 3 two thirds of members supported and participated in the church's mission activities which put strains on some of their families 4 unresolved tensions continued to impact the congregation throughout the whole change process 5

unexpectedly for a Reformed church a third group made up of women developed prophetic practices that arose due to the mediation of Missio Dei theology. Vitality this thesis challenges the notion that helping churches to become mission focused will make them thrive. **Missional: Impossible!** Francis Rothery, 2014-01-07 Mainline Christianity in the West is dying. Addiction to hierarchical and bureaucratic power is killing it. A management god and a mission god have usurped the Way of Christ. In the midst of decline the missional movement is attempting to reboot the church. Its goal is to remake a New Christian West through mission leadership mapping and planning. Yet it is trapped in the language and methods of modernity. Its final solution is a polarizing vision of cultural domination by one social group the Christians. The Way of Life and Truth has been forgotten. Christ is not a conquering King, a written Word or an absolute Idea but a divine Human Being. Social wholeness can only be realized through a rediscovery of Conversation, Reconciliation and Empowerment. These reflect Christ's practices of eternal dialogue and reciprocal giving in small communities. Through this mutual Way of Life people of all faiths and none can discover deep within themselves. Our Un Known G d A gentle voice is whispering in the heart of all humanity. I am the Way. Churches, Cultures, and Leadership Mark Lau Branson, Juan F. Martinez, 2023-02-28 In a world that is more culturally diverse than ever pastors and lay leaders need skills and competencies to serve in multicultural contexts. This rich blend of astute analysis and practical guidance offers a praxis of paying attention, study and discernment that leads to genuine reconciliation and shared life empowered by the gospel. **Church Planting in the Secular West** Paas, 2016 An expert study of church planting in the most secular part of contemporary Europe. In this book Stefan Paas offers thoughtful analysis of reasons and motives for missionary church planting in Europe and he explores successful and unsuccessful strategies in that post Christian secularized context. Drawing in part on his own involvement with planting two churches in the Netherlands Paas explores confessional motives, growth motives and innovation motives for church planting in Europe tracing them back to different traditions and reflecting on them from theological and empirical perspectives. He presents examples from the European context and offers sound advice for improving existing missional practices. Paas also draws out lessons for North America in a chapter coauthored with Darrell Guder and John Franke. Finally Paas weaves together the various threads in the book with a theological defense of church planting. Presenting new research as it does this critical missiological perspective will add significantly to a fuller understanding of church planting in our contemporary context.

Better Together Jim Tomberlin, Warren Bird, 2012-02-27 Thousands of Protestant churches are perplexed by plateaued or declining attendance while other congregations nearby thrive. Is there a way for them to combine forces drawing on both their strengths in ways that also increase their missional impact? Church merger consultant Jim Tomberlin with co writer Warren Bird makes the case that mergers today work best not with two struggling churches but with a vital momentum filled lead church partnering with a joining church. In this new book they provide a complete practical hands on guide for church leaders of both struggling and vibrant churches so that they can understand the issues, develop strategies and execute a

variety of forms of merger for church expansion and renewal to reinvigorate declining churches and give them a second life

Crossroads Robert J. A. Doornenbal, 2012 Fully Engaged James R. Krabill, Stanley W. Green, 2015-07-01 Does your church look and sound and feel like mission Mission happens when congregations fully align themselves with God's purposes As the missional church movement matures Anabaptists bring a time honored theological tradition a contemporary spiritual vitality and practical stories of witness to the conversation How are churches and individuals living out Christ's call to engage locally and globally And how is it changing them in the process Featuring the voices of missional Mennonite leaders Fully Engaged offers stories and analysis about how mission is taking shape in local congregations and contexts A diverse chorus of Anabaptist pastors and laypeople explores the roots tools and applications of the missional movement From nurturing church planting to creating a missional culture to preaching for missional engagement Fully Engaged offers insights and ideas for churches looking for direction

Power and the Powers Andrew R. Hardy, Richard Whitehouse, Dan Yarnell, 2015-10-12 Missio Dei by its very nature requires the church to come to terms with the exercise of power both internally and externally as it confronts the world Tune in to any newscast or glance at the daily newspaper and it immediately becomes clear that the use and abuse of power is a live issue The more we focus on the twists and turns of current events the more it appears that uncorrupted exercise of power eludes the human race All too often we become uneasily aware that there are powers lying behind the power that any of us wields whether it is in the family the classroom on the shop floor in the boardroom or in churches Effective missional leadership involves creative engagement with the powers at work in the world without being debased by them This book sets out to address the issue of the use and misuse of power from biblical theological and practical perspectives The authors bring their theological pastoral missionary and personal experience to their task in order to inform challenge and invite readers into a responsible use of the powers that God has put into the hands of each one of us to achieve his purposes in the world *Church Turned Inside Out* Linda

Bergquist, Allan Karr, 2009-10-19 A design thinking book for planting or redesigning churches and incubating a new generation of leaders Written by Linda Bergquist and Allan Karr two experienced church planters and mentors the book is full of wisdom practical advice and creative counsel Instead of a business model as usual approach the authors challenge readers to begin with the raw materials of beliefs values individuals teams and culture and to then move outwards to draw from a rich palette of real and potential church paradigms This book is meant to provoke church leaders to think outside of the box and to imagine how their churches might better reflect the image and the mission of God in the world Contains a wealth of illustrative examples charts and other visual aides Offers a creative practical perspective and a multi disciplinary approach to establishing a new church or leading an existing one Shows how to honor a church's purpose while embracing its unique culture Includes important lessons for nurturing church leadership skills **Cracking Your Church's Culture**
