Best Special Interest Books selected by the American Association of School Librarians. Best Books for General Audiences selected by the Public Library Reviewers. Stephen Sondheim and Andrew Lloyd Webber Stephen Citron, 2001-09-13. The New York Times called Stephen Sondheim the greatest and perhaps best known artist in the American musical theater while two months earlier the same paper referred to his contemporary Andrew Lloyd Webber as the most commercially successful composer in history. Whatever their individual achievements might be, it is agreed by most critics that these two colossi have dominated world musical theater for the last quarter century and hold the key to the direction the musical stage will take in the future. Here in the third volume of Stephen Citron's distinguished series *The Great Songwriters in depth studies* that illuminated the musical contributions, careers, and lives of Noel Coward and Cole Porter, Noel Cole, *The Sophisticates*, and Oscar Hammerstein 2nd and Alan Jay Lerner, *The Wordsmiths*, this eminent musicologist has taken on our two leading contemporary contributors to the lyric stage. His aim has not been to compare or judge one's merits over the other but to make the reader discover through their works and those of their contemporaries the changes and path of that glorious artform we call Musical Theater. In his quest, Citron offers unique insight into each artist's working methods, analyzing their scores including their early works and works in progress. As in Citron's previously critically acclaimed books in this series, great significance is given to the impact their youthful training and private lives have had upon their amazing creative output. Beginning with Sondheim's lyrics only works *West Side Story*, *Gypsy*, *Do I Hear A Waltz*, through his scores for *Saturday Night Company*, *Anyone Can Whistle*, *Follies*, *Pacific Overtures*, *A Little Night Music*, *Sweeney Todd*, *Merrily We Roll Along*, *Sunday In the Park*, *Into the Woods*, *Assassins*, and *Passion*, all these milestones of musical theater have been explored. Lloyd Webber's musical contribution from his early works *The Likes of Us* and *Joseph to Jesus*, *Christ Superstar*, *Evita*, *Cats*, *Starlight Express*, *Aspects of Love*, *By Jeeves*, *The Phantom of the Opera*, *Song + Dance*, *Mass*, *Sunset Boulevard*, to *Whistle Down the Wind* are also thoroughly analyzed. The works of these two splendid artists are clarified for the casual or professional reader in context with their contemporaries. Complete with a quadruple chronology, Sondheim, Lloyd Webber, US Theater, British Theater, copious quotations from their works, and many never before published illustrations, the future of the artform that is the crowning achievement of the 20th century is made eminently clear in this book. Sondheim, Lloyd Webber is a must read for anyone interested in the contemporary theater.

Orchestration in Musical Theatre Paul R. Laird, Elizabeth Sallinger, 2025-06-26. *Orchestration in Musical Theatre* offers an analytic and critical overview of the practice, execution, and effects of orchestration in musical theatre since the time that rock music became significant in the genre. Broadly described as the art of arranging a piece of music for a particular musical ensemble, orchestration is a specific skill that few composers or songwriters possess. This volume helps the reader understand

and appreciate the art of orchestration and traces how the incorporation of rock and other types of popular music into scores for musical theatre on Broadway and in the West End fundamentally changed the genre's sound. From discussions of specific instrumentation through to a brief history of the art, this book demystifies how different instrumentation contributes to a show's soundscape. Featuring case studies from shows such as *Hair*, *The Phantom of the Opera*, *The Lion King*, *Wicked* and *Hamilton*, this accessible and engaging volume in the Topics in Musical Theatre series gives students the tools to identify and discuss how orchestration contributes to the drama, characterization and dramaturgy of the modern musical. *The Biggest Con* James L. Clark, 2009-09-09 After listening to a TV evangelist one sleepless night, CIA Director A.J. Merck wonders if the end times could have any effect on international affairs. He sends agent Donald Robert Clapp on a fact-finding mission, but everything changes after 11 September 2001. Mission change: forestalling war with Iraq in 2002. This is the bizarre tale of the matching of wits of those who are entrusted with the safety of the nation and those who would do it harm. In the mix are the end-times shades of Armageddon, AntiChrist and Dajjal. *The Making of a King* Robert Hardman, 2024-01-18 The dramatic story of the new king's evolution over the past year, from Prince of Wales to King Charles III, from one of the most acclaimed royal biographers writing today. No British monarch has had a tougher act to follow. Now, after seventy years of waiting and preparation, King Charles III is not just the head of the most famous family in the world. He is the custodian of a thousand-year-old institution which must redefine its place in the digital age while others insist on rewriting the past. With unrivaled access to the king, the royal family and the court, leading royal authority Robert Hardman brings us the inside story on the most pivotal and challenging year for the monarchy in living memory. From the death of Elizabeth II through to the ancient spectacle of the Coronation, from the rise of a new Prince and Princess of Wales to the latest truth bombs from the Sussexes, this is the story of the making of a monarch. *Temperament* Dorian Gieseler Greenbaum, 2005 The author gives a full history of the origins of temperament in astrology, then shows clearly and succinctly how readers can work to assess temperaments themselves. Copious case histories support her technique. *The Bible and Modern British Drama* Mary F. Brewer, 2019-10-02 *The Bible and Modern British Drama 1930 to the Present Day* is the first full-length study to explore how playwrights in the modern period have adapted popular biblical stories such as Abraham and Isaac, Moses and the Exodus from Egypt, and the life and death of Jesus for the stage. The book offers detailed and accessible interpretations of the work of well-known dramatists such as Christopher Fry, Howard Brenton and Steven Berkoff, alongside the work of writers whose plays have been neglected in recent criticism, such as James Bridie and Laurence Housman. The drama is analysed within the context of changes in religious belief and practice over the course of the modern period in Britain, comparing plays that approach the Bible from a traditional religious perspective with those that offer alternative viewpoints on the text, including the voices of gay, feminist, black, Jewish and Muslim dramatists. In doing so, the author offers a broad and in-depth exploration that is grounded in current scholarship, ranging from the past to the present, across boundaries of race and gender. Ideal for

students researchers and general readers interested in understanding how the Bible has served as an important source text for British playwrights in the twentieth and twenty first centuries The Bible and Modern British Drama shows how Bible based drama has been influential in creating and disseminating ideas of what constitutes a good life both on an individual and social level

Music Theory Through Musical Theatre John Charles Franceschina, 2015 Music Theory through Musical Theatre provides a way of teaching music theory by way of musical theatre Not simply a traditional music theory text the book tackles the theoretical foundations of musical theatre and musical theatre literature with an emphasis on preparing students for a professional career
