Nice Manabeshima Island Japan Months Minicar:

Manabeshima Island Japan Florent Chavouet, 2015-11-03 More than just a Japan travel guide Manabeshima Island Japan paints a colorful and entertaining picture of a particular place and time in Japan Japan is made up of thousands of sacred islands artificial islands industrial islands resort islands wild islands and exploding islands but artist Florent Chavouet had only ever visited two of them This graphic novel is the story of one summer when he decides to get to know one more the tiny island of Manabeshima This speck of dirt in the Inland Sea off the coast of Osaka has a total population of 300 and he sets himself the task of recording everything and everyone he meets there in quirky detail on the pages of his sketchbook Whereas Chavouet's other best selling book Tokyo on Foot focuses on the physical city it is the local island inhabitants who form the heart of this new book Chavouet's sensitive drawings and insightful captions create instant portraits of incredible literary depth The cast of characters who are lovingly depicted includes Ikkyu san owner of the island's only bar and the bar's three regulars skinny guy Day Glo cap guy and greasy haired guy the young Nakamura family and their five kids the layabout Shimura san a living relic from the hippie 1970s Kurata san the policeman Reizo san the island intellectual in his elegant Meiji era home Rock the Neanderthal fisherman and a chorus of assorted grandmothers and cats all of whom welcome Chavouet into their community as a kindred soul Against a backdrop of fireworks summer festivals fishing expeditions and the constant hum of the cicadas Chavouet depicts these characters so vividly and sympathetically and describes their rustic way of life in such simple and appealing terms that we find it as hard to finish the book as Chavouet found it to leave the island at the end of his enchanted summer holiday

[True Crime Japan](#) Paul Murphy, 2016-08-02 This is a book I wish I'd written It's brilliantly researched full of detail and illuminating Jake Adelstein author of Tokyo Ice Uncover the shocking world of the Japanese courtroom In a country where nearly all defendants plead guilty the interesting part is what happens between the plea and the sentencing In True Crime Japan journalist and longtime resident of Japan Paul Murphy delves into a year's worth of criminal court cases in Matsumoto a city located 140 miles to the west of Tokyo The nine defendants in these cases range from ruthless mobsters to average citizens with a variety of methods and motives Using court documents and interviews Murphy makes a point of including the perspectives of the defendants as well as those of their families neighbors and lawyers He explores not only the motives of offenders but the culture of crime and punishment in Japan The nine cases include Late in Life A wealthy octogenarian is put in jail for stealing fried chicken Mama's Boys A disbelieving family unveils their son's role as a yakuza gangster Mother Killers A middle aged carpenter beats his 91 year old mother to death and goes to work the following day leaving the body for his wife to find True Crime Japan provides an unusual lens through which to view Japanese society and its emphasis on honor shame and conformity Murphy's in depth analysis of the court system reveals Japan to be perhaps surprisingly a land of true individuals
