Engineering & Enforcement Division

Instructions for Completing the Revision Application for an Existing New Source Review Permit

Use these instructions to complete the permit application form (DEEP-NSR-APP-200R). All applicable regulations should be reviewed prior to completing this application. It is the applicant's responsibility to comply with all applicable regulations.

Regulatory Requirements

In accordance with section 22a-174-2a(f) of the Regulations of Connecticut State Agencies (RCSA), the permittee of any source that is subject to a new source review permit issued by the commissioner pursuant to RCSA section 22a-174-3a or former RCSA section 22a-174-3 shall apply for and obtain a permit revision for purposes of:

- Correcting a clerical error;
- Revising the address or phone number of any person identified in such permit, or making another revision reflecting a similarly minor administrative change at or concerning the subject source;
- Requiring more frequent or additional monitoring, record keeping or reporting; or
- Implementing a fuel conversion described in RCSA section 22a-174-3a(a)(2)(A)(iii) or (iv).

Authorized Activities Prior to Permit Issuance

Pursuant to RCSA section 22a-174-2a(f)(4), upon submitting to the commissioner a written request for a permit revision under RCSA section 22a-174-2a(f), a permittee may make changes as set forth in such request.

Pre-Application Meetings

To assist permit applicants in evaluating the permitting needs of a project, a pre-application meeting may be set up during the planning stages of a project. Typically this is several months before the actual submittal of a NSR application.

The pre-application meeting allows applicants to meet with the Air Engineering Permit Group to discuss a proposed project including what air emissions activity is planned, where the activity will be occurring, and what permitting requirements may apply to the project.

If interested in scheduling a pre-application meeting for a project, please refer to the [DEEP Permit and Licenses](#) webpage to complete the Pre-Application Questionnaire. If you have any questions please contact the Office of Planning and Program at (860-424-3003).

How to Apply for a Permit Revision

The permit application package must include the following:

- The *Revision Application for an Existing New Source Review Permit* (DEEP-NSR-APP-200R) and additional supporting documents, as may be required;
- Attach a marked up copy of the current
