van der Spuy has revised and updated all the code to meet current programming best practices and the focus is now on accurate ActionScript 3.0 regardless of the IDE that you use. We've all sneaked the odd five minutes here or there playing the latest Flash game that someone sent around the office but creating those games is trickier than it looks. The aim of *Foundation Game Design with ActionScript 3.0* is to take you even if you've minimal multimedia or programming experience through a series of step by step examples and detailed case studies to the point where you'll have the skills to independently design any conceivable 2D game using Flash and ActionScript. *Foundation Game Design with ActionScript 3.0* is a non technical one stop shop for all the most important skills and techniques a beginning game designer needs to build games with Flash from scratch. Whether you're creating quick blasts of viral amusement or more in depth action or adventure titles this is the book for you. Focused and friendly introduction to designing games with Flash and ActionScript. Detailed case studies of Flash games. Essential techniques for building games with each chapter gently building on the skills of preceding chapters. Modern best practices and new content on ActionScript 3.0. Also covers asset creation in Photoshop and Illustrator.

The New Customer Experience Management Ivaylo Yorgov, 2022-11-11 A comprehensive guide to a burgeoning field this book shows how to design and implement a future proof post sales service program focused on proactively addressing customers needs in a personalized way. For too long companies have detached from customers after the moment of purchase and done post sales service in a way that is reactive generic and not scalable. Empowered by the boom in data availability and analytics future ready companies will offer their customers proactive personalized post sales service and reap tangible benefits including higher customer satisfaction and retention and less negative word of mouth leading to increased sales and customer lifetime value. As the stories in this book demonstrate companies like Amazon Adobe Garmin and Liberty Global are leading the way but companies do not have to be global giants to capitalize on the techniques presented in this guide. To excel at customer experience CX management companies need to implement the best customer feedback and data collection and management practices develop state of the art analytical models and have the willingness to act. This book's strong vision and actionable roadmap illustrated with real life success stories make this a compelling read for CX and customer analytics leaders practitioners and students alike.
