Newsweek Special Issue Jesus His Life After Death:

Good News for Moderns Nero James Pruitt, 2015-06-27 There are many ways to be a Christian In Good News for Moderns author Nero James Pruitt shows that within the pages of the New Testament there is room for a diversity of Christianities This is a diversity that is not talked about often but when properly understood expands the perception of what a Christian is Consider the words of Justin Martyr the second century Christian writer recognized as a saint by the Catholic Church the Anglicans and the Eastern Orthodox in about 150 AD We are taught that Christ is the first born of God and we have shown that He is the reason word of whom the whole human race partake And those who live according to reason are Christians even though they are counted atheists Such were Socrates and Heraclitus among the Greeks and those like them Consider the words of John Adams the second President of the United States in 1816 The Ten Commandments and the Sermon on the Mount contain my religion Consider the words Bill Clinton the forty second President of the United States In 1955 I had absorbed enough of my churchs teachings to know that I was a sinner and to want Jesus to save me Finally consider the words of the writer of the small New Testament Book of III John Whoever does good is from God Good News for Moderns is based on Pruitts reading of the scriptures and over one hundred authors of various points of view In our busy time it is brief slightly more than one hundred thousand words supplemented by slightly less than one hundred thousand words of end notes It recognizes that human life moves by fast in what seems like an infinity of time and space and the book closes this way By listing many who have come before us and the immensity of time and space I have underscored the brevity of our lives because as a Psalmist taught recognizing our own mortality is the path to wisdom Newsweek ,2005 **Media and Ritual** Johanna Sumiala, 2013 This wide ranging and accessible book offers a stimulating introduction to the field of media anthropology and the study of religious ritual Johanna Sumiala explores the interweaving of rituals communication and community She uses the tools of anthropological enquiry to examine a variety of media events including the death of Michael Jackson a royal wedding and the transgressive actions which took place in Abu Ghraib and to understand the inner significance of the media coverage of such events The book deals with theories of ritual media as ritual including reception production and representation and rituals of death in the media It will be invaluable to students and scholars alike across media religion and anthropology Aging ,1974 The Jesus Controversy John Dominic Crossan, Luke Timothy Johnson, Werner H.
