Pardongate Mark Hyman, 2020-06-30 Bill Clinton's abrupt departure from long standing precedent was an astonishing abuse of the Justice Department processes and underscored the shady wheeling and dealing that was common in the Clinton orbit Bill Hillary and brothers Roger Clinton Hugh Rodham and Tony Rodham all profited financially or politically from hustling dozens of pardons to some of history's most undeserving recipients These ranged from worldwide pariah Marc Rich to a cocaine trafficking kingpin to murderous terrorists who hadn't even requested executive clemency A third of the final day pardons bypassed Justice Department review and went straight to Bill for approval Dozens of recipients hadn't even filed a petition In the final hours of Bill Clinton's last day in office the pardon attorney was frantically preparing paperwork for recipients whose names were misspelled or whose addresses were unknown It was a free for all The brothers were paid hundreds of thousands of dollars to privately lobby Bill for pardons some of which never materialized But the brothers were still paid Hillary collected political and financial IOUs she later cashed in when she sought political office For

most of his presidency Bill was one of the stingiest presidents of all time when it came to the awarding official forgiveness to felons but the pardon floodgates opened when Hillary began her run for the US Senate It was the selling of pardons for money and influence that launched the Clintons nearly two decade pay for play scheme a scheme that not only amassed billions of dollars for the Clinton Foundation and hundreds of millions of dollars for the Clintons but also catapulted Hillary into a presidential front runner Pardongate reveals details of the Clinton machine that will leave even the most informed citizens appalled

Bill Clinton: Great expectations Nigel Hamilton,2003 Bill Clinton forty second president of the United States is the quintessential baby boomer on the one hand blessed with a near genius IQ on the other beset by character flaws that made his presidency a veritable soap opera of high ideals distressing incompetence model financial stewardship and domestic misbehavior In an era of cultural civil war the Clinton administration fed the public an almost daily diet of scandal and misfortune Who is Bill Clinton though and how did this baby boom saga begin Clinton s upbringing in Arkansas and his student years at Georgetown Oxford and Yale universities help us to see his life not only as a personal story but as the story of modern America Behind the closed doors of the house on the hill above Park Avenue in Hot Springs the struggle between Clinton s stepfather and mother became ultimately unbearable causing Virginia to move out and divorce Roger Clinton Dreading confrontation Bill Clinton excelled in almost every field save athletics But the fabled success of the scholarship boy would be marred by the decisions he came to make regarding Vietnam and military service choices that haunt him to this day We watch with a mixture of alarm fascination and awe as Bill Clinton does so much that is right and so much that is wrong He sets his cap for the star student at Yale young Hillary Rodham seducing her with his dreams of a better America and an aw shucks grin Wherever he goes he charms and disarms young and old men and women and more women He becomes a law professor straight out of college he contests a congressional election in his twenties and almost wins it He becomes attorney general of his stateand within two years is set to become the youngest ever governor of Arkansas at only thirty two Yet always there is a curse a drive toward personal self destruction and with that the destruction of all those who are helping him on his legendary path His affair with Gennifer Flowers strains his marriage and later nearly scuttles his bid for the presidency He is thrown out of the governor s office after only one term and suffers a life shaking crisis of confidence Though with the stalwart help of a female chief of staff he regains his crown it is clear that Bill Clinton s charismatic career is a ceaseless tightrope walk above the forces that threaten to pull him down the most potent of them residing in his own being Imbued with sympathy deep intelligence and the storyteller s art this extraordinary biography helps us at last to understand the real Bill Clinton as he stumbles and withdraws from the 1988 presidential nomination race but enters it four years later to make one of the most astonishing bids for the presidency in the twentieth century the climax of this gripping political social and scandalous journey

Ken Sumrall and Church Foundational Network Terry D. Shiver,2015-12-04 This is the first extensive examination of the life of Ken Sumrall and his firm belief in the modern day apostolic restoration movement It

presents Sumrall's journey from his Baptist beginnings through his experience of the baptism of the Holy Spirit through his learning struggles with Liberty Fellowship of Churches and Ministers and into his birthing of Church Foundational Network. It represents Sumrall in his own light while dealing with his paradigm changes concerning church government, the heart of which revolved around the restoration of modern day apostles. Godly government was grounded in godly relationships with one's apostle whom Sumrall understood as a spiritual father. For Sumrall, the best biblical government for the New Testament church today is a theocracy. Instead of a centralized hierarchical church government, Sumrall advanced a decentralized network of churches connected relationally. This volume contains the major influences upon Sumrall's thinking and the progress of his comprehension of the life of the church as family. Moreover, it engages some of the apprehensions that have surfaced over the present day apostolic movement and provides insights of the direction and survivability of the movement.

The Fall of the House of Bush Craig Unger, 2007-11-13 The presidency of George W. Bush has led to the worst foreign policy decision in the history of the United States: the bloody unwinnable war in Iraq. How did this happen? Bush's fateful decision was rooted in events that began decades ago and until now this story has never been fully told. From Craig Unger, the author of the bestseller *House of Saud*, comes a comprehensive, deeply sourced and chilling account of the secret relationship between neoconservative policy makers and the Christian Right and how they assaulted the most vital safeguards of America's constitutional democracy while pushing the country into the catastrophic quagmire in the Middle East that is getting worse day by day. Among the powerful revelations in this book: Why George W. Bush ignored the sage advice of his father George H. W. Bush and took America into war; How Bush was convinced he was doing God's will; How Vice President Dick Cheney manipulated George W. Bush, disabled his enemies within the administration and relentlessly pressed for an attack on Iraq; Which veteran government official with the assent of the president's father protested passionately that the Bush administration was making a catastrophic mistake and was ignored; How information from forged documents that had already been discredited fourteen times by various intelligence agencies found its way into President Bush's State of the Union address in which he made the case for war with Iraq; How Cheney and the neocons assembled a shadow national security apparatus and created a disinformation pipeline to mislead America and start the war. A seasoned award-winning investigative reporter connected to many back channel political and intelligence sources, Craig Unger knows how to get the big story and this one is his most explosive yet. Through scores of interviews with figures in the Christian Right, the neoconservative movement, the Bush administration and sources close to the Bush family as well as intelligence agents in the CIA, the Pentagon and Israel, Unger shows how the Bush administration's certainty that it could bend history to its will has carried America into the disastrous war in Iraq, dooming Bush's presidency to failure and costing America thousands of lives and trillions of dollars. Far from ensuring our security, the Iraq War will be seen as a great strategic pivot point in history that could ignite wider war in the Middle East, particularly in Iran. Provocative, timely and disturbing, *The Fall of the House of Bush*

stands as the most comprehensive and dramatic account of how and why George W Bush took America to war in Iraq

American Rhapsody Joe Eszterhas, 2001-03-13 If the Watergate scandal was a previous generation's National Nightmare then maybe the Clinton scandal was our National Wet Dream and who better to narrate it than the screenwriter Joe Eszterhas In *American Rhapsody* Eszterhas whose credits include *Basic Instinct* and *Showgirls* and *Charlie Simpson's Apocalypse* for which he was nominated for a National Book Award takes us through the events that threatened to topple a president and left most of the nation's citizens with at the very least a bad taste in their mouths Taking full advantage of his considerable journalistic and storytelling talents Eszterhas gives us every fact rumor or innuendo surrounding the president's foibles in the context of late century American politics and entertainment Here Washington and Hollywood do more than just flirt with each other they share the same bed From scandal-mongers Matt Drudge who began as a Hollywood gossip and Ken Starr to would-be president paramours Sharon Stone and Barbra Streisand to his final unimpeachable witness Willard none other than President Clinton's talking penis Eszterhas gives us the goods on the story that nobody could stop talking about and thanks to *American Rhapsody* will be impossible to think about the same way again

The Democrats Lance Selfa, 2012-08-07 An assessment of the state of the Democratic Party in the new millennium the betrayal of progressive ideals and how real change can happen The 2006 elections put the Democrats in the majority in both houses of Congress yet those hoping for change were deeply disappointed Likewise the striking victory of Barack Obama and the Democrats in 2008 created a wave of optimism but the promise would not be fulfilled In this book Lance Selfa looks at the Democrats in a broad historical perspective showing that today's betrayals stem from the Democratic Party's role as one of the two parties serving the interests of the US establishment not of the broader public or its base of women African Americans trade union members and working and poor people Many other books on the Democrats have seen the party's recent history as a departure from its storied past as the party of the people Selfa's book is one of the few written for a popular audience to challenge this myth and to put today's legitimacy crisis in the Democratic Party in a historical perspective encouraging us to think beyond the next election cycle Worthy reading for anyone who is interested in social change MediaMouse With a new duly deserved chapter on the Obama Era Lance Selfa's *The Democrats* reveals the many ways in which the establishment Democratic Party has not just dashed progressive hopes
